Pakistan Zindabad:

The Struggle for Pakistan Ayesha Jalal, 2014-09-16 Established as a homeland for India's Muslims in 1947 Pakistan has had a tumultuous history beset by assassinations, coups, ethnic strife and the breakaway of Bangladesh in 1971 the country has found itself too often contending with religious extremism and military authoritarianism. Now in a probing biography of her native land amid the throes of global change Ayesha Jalal provides an insider's assessment of how this nuclear armed Muslim nation evolved as it did and explains why its dilemmas weigh so heavily on prospects for peace in the region. An important book Ayesha Jalal has been one of the first and most reliable Pakistani political historians on Pakistan. *The Struggle for Pakistan* is her most accessible work to date. She is especially telling when she points to the lack of serious academic or political debate in Pakistan about the role of the military. Ahmed Rashid, *New York Review of Books*. Jalal shows that Pakistan never went off the rails it was moreover never a democracy in any meaningful sense. For its entire history a military caste and its supporters in the ruling class have formed an establishment that defined their narrow interests as the nation's. Isaac Chotiner, *Wall Street Journal*. **Khizr Tiwana, the Punjab Unionist Party and the Partition of India** Ian

Talbot, 2013-12-16 First biography of Khizr Tiwana the Unionist Premier of the Punjab during the climacteric period 1942-47. The Punjab formed the heartland of a future Pakistan hence the subcontinent's destiny rested on the clash between Khizr and Jinnah over the region's unity vs Muslim separatism. *Understanding Pakistan* Mathew Joseph C., 2016-09-13 This book is the outcome of a national seminar for research scholars on Pakistan organized by the Centre for Pakistan Studies at the MMAJ Academy of International Studies, Jamia Millia Islamia, New Delhi. The aim of the seminar was to explore how young minds in India view Pakistan the quintessential enemy country. The range of topics included issues related to Pakistan's politics, economy, popular culture, education, environment, sectarian divide, minorities, policy towards Jammu, Kashmir and foreign relations. H. Philips,Mary Doreen Wainwright,2025-06-02 The partition of India in 1947 was an

outstanding event in world history It formed a major turning point in the modern history of the sub continent and of the Commonwealth Originally published in 1970 after more than twenty years had passed this title brought together the evidence and put into perspective the course of events which had led to the transfer of power in India from Britain to two successor states rather than to one In 1937 the Muslims in India were thought to be politically weak and disorganized yet ten years later they were able to put forward a convincing claim for a separate state How did this come about The lack of any sense of urgency in making a constitutional settlement between the wars Congress miscalculations during the war and the political exploitation of Muslim nationalism all played a part but the interpretation of the events leading to partition tends to vary with the preconceptions and outlook of the various contributors to the debate at the time The enquiry which led to this volume began as a simple attempt to collect evidence from those still alive From this grew a regular series of meetings between participants and historians of the three countries culminating in a conference The material presented here discusses the more important aspects of the partite from the different viewpoints It is arranged in two sections first hand accounts by those who took part and an analysis by leading specialists In his Introduction Professor Philips points to the main historical problems which had emerged and suggests areas of study which would repay early investigation The time was not yet ripe for a wholly definitive account but this book suggests a framework within which this could be done and brought together raw material for future historians before the generation of eye witnesses passed away The resources of the School of Oriental and African Studies enabled an enterprise to be mounted which would have been beyond the capacity of any one individual This book is a re issue originally published in 1970 The language used and views portrayed are a reflection of its era and no offence is meant by the Publishers to any reader by this re publication *From Mutiny To Mountbatten Zeba*

Zubair,2020-03-12 First published in 1996 The emergence of Pakistan as an independent nation in 1947 was one of the major historical events of the twentieth century There are few parallels in history where freedom has been achieved not with swords or on the battlefield but with diplomacy negotiations and unwavering conviction and effort One of the central figures in the events surrounding the establishment of Pakistan was Altaf Husain the Editor of the English language newspaper Dawn Dawn was created by Quaid e Azam Mohammad Ali Jinnah leader and founder of Pakistan to counter the anti Muslim propaganda by the largely Hindu Press of India during the crucial power battle between the All India Congress Party and the Muslim League Dawn became the voice of millions of Muslims in undivided India a unique publication that played a gigantic role in the birth of Pakistan and enjoyed an excellent international reputation As a fearless Editor Altaf Husain projected his political viewpoints aspirations and ideals through Dawn to the Muslim League leaders striving against the British Raj and their Hindu political opponents His Dawn editorials during the crucial 1945 1947 period were inspired by Jinnah s Two Nations theory and the belief that Indian Muslims should have a homeland of their own Pakistan In Dawn Altaf Husain provided incisive political guidance a role he continued to fill throughout his life From Mutiny to Mountbatten combines

history biography and extracts and quotations from Altaf Husain's articles and writings. It gives a unique insight into a major political event of our era and the part played in that event by a remarkable editor and a remarkable newspaper. It also gives many insights into the major players of the events of the time. Above all, it provides an understanding of the mood of the Muslims of undivided India and their dream of a separate homeland.

Muslims in India Qamar Hasan, 1987. The work is unique in the sense that it has not only delved into historical antecedents of the contemporary attitudes of the new generation of Indian Muslims but has also brought out their adjustment mechanisms and reactions to the demands which are made upon them from a section of the majority. For the understanding of different aspects of behaviour of the minority vis-à-vis the majority, the author has liberally drawn upon the relevant literature of three branches of social sciences viz Psychology, Sociology and Political Science. The studies of minority-majority relations elsewhere are referred to for making the reader aware that to a very large extent minorities wherever they are found behave in the similar way. Reviews: The perspective offered by the author in the present study augurs well for the cause of nation building in the specific context of the persisting and ever elusive communal problem in India. Prof Iqbal Narain. The publication is so fascinating that I read more than half by the time I reached Lucknow. Prof H S Asthana. The first full length study of the mass psychology of the Muslim mind after Mujib's *The Indian Muslims*. Qamar Hasan has used the tools of academic research to study the Muslim factor in Indian Politics. read it because it is a same voice in the madness all around. Tapan Basu. Sunday. The book clearly brings out reactions indicative of fear of domination and urge to dominate. The book has made a definite contribution in the understanding of inter and intra group relationships. Pramod Kumar. The author must be complimented for his bold and frank revelations about the attitudes of Muslims and Hindus towards each other, their self appraisals and their assessment. Dr K Ravichandra. Review Projector Vol VIII Nos 10-12. The causes and cures of the serious problems bedevilling relations between the Muslim minority in India and the Hindu majority badly need studying within a socio psychological framework. Qamar Hasan is on the right track for a social scientist to throw light on the problems of his people but he needs to settle on just one frame of reference and typology and then test some bolder hypotheses.

A Mighty Striving Muhammad Ahmad, This is a biography of Maulana Muhammad Ali. d. 1951. The world famous author of several highly acclaimed books on Islam including an English translation of the Holy Quran with commentary. Besides being a history of his life and work and the history of the Lahore Ahmadiyya Movement, it also vividly portrays his burning desire to present to the modern and Western world the pristine Islam based directly on the Holy Quran and the Holy Prophet Muhammad's teachings, a religion of peace, tolerance, reason and moderation which seeks to win over people's hearts and minds. The *Mighty Striving* with the Quran which the Maulana urged upon Muslims is the only way to restore the dignity of Islam in the light of the misunderstandings between Muslims and the West.

Banker To The Poor Muhammad Yunus, 2007-03-31. The inspirational story of how Nobel Prize winner Muhammad Yunus invented microcredit, founded the Grameen Bank and transformed the fortunes of millions of poor.

people around the world Muhammad Yunus was a professor of economics in Bangladesh who realized that the most impoverished members of his community were systematically neglected by the banking system no one would loan them any money Yunus conceived of a new form of banking microcredit that would offer very small loans to the poorest people without collateral and teach them how to manage and use their loans to create successful small businesses He founded Grameen Bank based on the belief that credit is a basic human right not the privilege of a fortunate few and it now provides 24 billion of micro loans to more than nine million families Ninety seven percent of its clients are women and repayment rates are over 90 percent Outside of Bangladesh micro lending programs inspired by Grameen have blossomed and serve hundreds of millions of people around the world The definitive history of micro credit direct from the man that conceived of it Banker to the Poor is the moving story of someone who dreamed of changing the world and did The Rise and Decline of the Insurgency in Pakistan's FATA Shahzad Akhtar,2022-12-16 This book analyzes the emergence rise and decline of insurgency by the Pakistani Taliban in Pakistan s North Western region also known as Federally Administered Tribal Areas FATA It provides a detailed account of the rise and decline of the FATA insurgency and also examines aftereffects of the insurgency Offering an in depth analysis of how insurgency in the FATA began in 2004 after Pakistan entered its military forces into the tribal areas the author illustrates that the insurgency erupted when state repression on masses is combined with a disruption of the previous modus vivendi centered on co optation of local elites In the following years the insurgency became so powerful that most of the FATA region fell under the control of the insurgents The book further argues that a weak counterinsurgency strategy by the Pakistani government characterised by the overzealous use of force and a failure to win the support of local communities led the insurgency to become stronger and expand its control Furthermore the analysis reveals that a more robust counterinsurgency strategy relying more on a determined and a judicious use of force and attempts to gain the trust and support of local communities adopted in the later years led to the collapse of the insurgency In short this book offers an explanation of what makes an insurgency more likely to occur and how insurgency escalates and declines In addition this book sheds light on recent development in FATA including the merger of FATA with the mainstream Pakistan the rise of the Pashtun Tahafuz Movement a non violent protest movement and the resurgence of the Pakistani Taliban especially after the Afghan Taliban capture of Kabul in the wake of US withdrawal of forces in Afghanistan This book is a timely addition to the literature on South Asian Politics and Security Studies **Azadi** Chaman Nahal,2023-07-17 Life in Sialkot goes on with a hum until the fateful news arrives like smoke it lingers and begins to settle into homes that have sheltered generations Within days reality dawns terrible passions are unleashed and lives are rent asunder In Chaman Nahal s intense novel one encounters the full force of the great tragedy of Partition Secret Documents of Intelligence Branch on Father of The Nation, Bangladesh: Bangabandhu Sheikh Mujibur Rahman Sheikh Hasina,2020-01-08 Secret Documents of Intelligence Branch on Father of the Nation Bangladesh Bangabandhu Sheikh Mujibur Rahman is a 14 volume set of
