Perfect Love:

The Fire of Perfect Love Steven Springer, Rene Springer, 2023-08-08 You Can Take Comfort in the Intensity of His Love As the world grows more hostile to the love and truth of Jesus we need hearts that burn hotter than the fury of fear and persecution And the secret to that kind of passion lies in a heart yielded to the fire of God s perfect love With warmth and piercing insight global apostolic ministers Steven and Rene Springer help you embrace God s purifying fire that will captivate your heart ignite power and purpose reveal your true identity bring forth boldness and cast out fear fuel you for greater transformation and impact When you make fiery love the goal of your life you won t burn up and you won t burn out You will bring the transforming love of Jesus to your city nation and world with confidence and power God s perfect love will invade your heart as you read this book forever ruining you for lukewarm Christianity and passionless living DUTCH SHEETS GiveHim15 com Our hearts toward humanity must burn with the fire of God s love in everything we do and say TODD WHITE Lifestyle Christianity Experimental Religion Leonidas Rosser, 1854 **In Search of God's Perfection** Andrew Murray, 2013-09-02 Follow legendary teacher and author Andrew Murray as he takes you through the many appearances of the word perfect in Scripture From these passages Murray concludes that Perfection is possible and attainable To know perfection we must accept God s commands and obey them Perfection is not an arbitrary command the nature of God can ask for nothing less Perfection is the highest aim of what God in His great power can do for us Perfection is not some intangible level of existence that sounds good in theory but is impossible to achieve in real life Perfection is not only obtainable but it should be our goal as believers God has made divine provision for each of us to become perfect Kangaroo D. H. Lawrence, 2002-04-11 A critical edition of Kangaroo D H Lawrence s eighth novel set in Australia *The Secret Places of the Heart* H. G. Wells, 2011-11-01 H G Wells is best remembered as a central figure in the development of the science fiction genre and as the creator of such works as The Time Machine The Island of Doctor Moreau and The War of the Worlds However much of his literary output was more conventional in nature and he published a number of novels dealing with interpersonal relationships and social themes Many critics regard The Secret Places of the Heart as a heavily autobiographical account of one of Wells failed love affairs The Soul's Upward Yearning Robert Spitzer, S.J., Ph.D., 2015-10-03 Western culture has been moving away from its Christian roots for several centuries but the turn from Christianity accelerated in the 20th century At the core of this decline is a loss of a sense of our own transcendence Scientific materialism has so seriously impacted our belief in human transcendence that many people find it difficult to believe in God and the human soul This anti transcendent perspective has not only cast its spell on the natural sciences psychology philosophy and literature it has also negatively impacted popular culture through the writings of Richard Dawkins Daniel Dennett and many others The warning signs of this loss of transcendence have been expressed by thinkers as diverse as Carl Jung psychiatrist Mircea Eliade historian of religion Gabriel Marcel philosopher C S Lewis and J R R Tolkien These warnings

were validated by a 2004 study in the American Journal of Psychiatry which showed that the absence of religion alone was responsible for a marked increase in suicide rates sense of meaningless substance abuse separation from family and other psychiatric problems Thus the loss of transcendence is negatively affecting not only individuals sense of happiness dignity ideals virtues and destiny but also the culture Ironically the evidence for transcendence is greater today than in any other period in history The problem is this evidence has not been compiled and propagated Fr Spitzer s book provides a bright light in the midst of this cultural darkness by presenting both traditional and contemporary evidence for God and a transphysical soul from several major sources He also shows how human consciousness and intelligence is completely special and cannot be replicated by artificial intelligence or animal consciousness We are transcendent beings with souls capable of surviving bodily death self reflective beings aware of perfect truth love goodness and beauty We are beings with an unrestricted capacity to know and create science law culture art music literature and so much more The evidence reveals that we have the dignity of being created in the very image of God and if we underestimate it we will undervalue one another underlive our lives and underachieve our destiny This work is the most comprehensive treatment of human transcendence available today

Following Jesus Blake Ferriss,2019-05-15 Jesus spoke to the people once more and said I am the light of the world If you follow me you won t have to walk in darkness because you will have the light that leads to life John 8 12 NLT Following Jesus An Approach to Christian Spirituality provides a basis for understanding how the Lordship of Christ is the essential criterion for determining how Christianity functions as a relational experience with God With that relational experience for the believer in Christ being the product of supernatural experience with the Holy Spirit The book functions as an organizing tool to be used for a conscientious inquiry into how a Christian worldview operates in four relational categories of experience With these relational categories act as a basis for understanding how our choices affect our lives and our futures both now and in life and eternally and how it is that God loves us and will give our lives the meaning and purpose that we all long for
