this book won't solve your life problems either. But it will give you some suggestions that are sensible, practical, and doable suggestions about how to work on your life. Work is the key word here. Sitting and talking with someone is not enough. Venting your feelings is not enough. Putting your mind in some quiet inner place is not enough. Working on your life involves moving your body, doing your life purposefully and constructively. This book offers you concrete assignments for such activity. Adapting ideas from Japanese psychotherapies and Eastern thought, Constructive Living (CL) offers a sensible way of living. Across cultures and generations, CL ideas make sound practical sense. *Water, Snow, Water* presents the current state of CL in its application to the West. Using a variety of materials including essays, tales, maxims, detailed behavioral advice, case studies, David Reynolds, the founder of CL, presents fresh perspectives on everything from worrying to love, from psychotherapy to death.
