Canadian Sociologists in the First Person Stephen Harold Riggins, Neil McLaughlin, 2021-08-15 Social scientists autobiographies can yield insight into personal commitments to research agendas and the very project of social science itself But despite the long history of life writing sociologists have tended to view the practice with skepticism Canadian Sociologists in the First Person is the first book to survey the Canadian sociological imagination through personal recollections Exploring the lives and experiences of twenty contributors from across the country this book connects the unique and shared features of their careers to broad social dynamics while providing a guide to their own research and administrative contributions to their universities their profession and their broader society and communities The contributors teach in different types of institutions are prominent in the discipline and in their specializations and represent significant and diverse intellectual currents political perspectives and life and career experiences Aiming to start a broad conversation about what social science and the academic profession look like in Canada from an insider s perspective Canadian Sociologists in the First Person offers invaluable lessons for younger scholars as they envision a diverse sociological imagination for the twenty first century

Painful Pleasure Kate Bridges, 2024-12-18 A little girl no more than six her pink fluffy frock swaying with each step approached two identical boys covered in mud She cocked her head and with all the curiosity of youth asked Why are you both sad The boys no older than twelve exchanged a glance before offering sweet resigned smiles Because we re dirty they said in unison and no one wants to play with us Her brows furrowed in sympathy but before they could say more the girl took their hands with surprising strength for someone so small Don t worry she said her voice as bright as a sunbeam I ll play with you Without waiting for an answer she led them to the park her small hand gripping theirs with determination Once they arrived she stopped and looked up at them her eyes wide with excitement Let s play volleyball She tossed a ball to one twin and stood next to the other her smile contagious The twins exchanged a glance then nodded in unison The elder twin smiled warmly Alright let s begin She shook her head suddenly her expression turning thoughtful But wait There are only three of us One of you would be alone Her face scrunched into a small pout as she kicked the ground trying to come up with a solution After a moment her face lit up with inspiration She quickly handed the ball to the boy in front of her You throw it and I ll run to the other side she declared her eyes gleaming with determination The elder twin raised an eyebrow amused but concerned The younger one more cautious watched her as she darted across the grass struggling to keep up with the pace of the game Her legs were tiny compared to theirs and yet she didn t give up After a few moments both twins stopped their concerned gazes following her frantic movements You ll get tired if you keep playing like this the elder twin said his voice soft but firm a protective edge to his tone The younger twin equally worried added You can t play with both teams at once It s too much for you But the little girl wasn t listening Out of breath but still grinning widely she shook her head and panted Yes I can I ll play with both of you Her cheeks flushed with the exertion but there was an

unmistakable joy in her eyes A pure innocent determination that melted their hearts Despite their worries both brothers exchanged a silent agreement and continued the game their hearts swelling with affection for this tiny determined girl As they played they never imagined that years later that same little girl would grow into a beautiful woman unknowingly stirring feelings in them that they never expected What once began as a simple game would soon become something neither of them could escape
