Providence & Rhode Island Chef's Table Linda Beaulieu, 2023-11-14 The state of Rhode Island is so small it's more like a city state with just about everything within easy driving distance Rhode Island really is like one big city where you can drive thirty minutes in any direction and find a restaurant worthy of your time and money Rue de l'Espoir and Pot au Feu were the early pioneers serving French cuisine and bistro fare Al Forno and New Rivers opened in 1980 both garnering national acclaim for their Modern Italian cuisine and New American cuisine respectively Not surprisingly these four wonderful restaurants are still in business today Their continued success is a testament to their culinary vision It was those venerable restaurants and chefs that brought media attention to little Rhode Island but so many chefs and restaurateurs deserve to be mentioned If Rhode Island had a foodie hall of fame these well established culinary stars would all deserve a place there Standing on their shoulders is a whole new generation of young chefs members of the new progressive food movement They are equally passionate about their food and where it comes from They have all formed close ties to local farmers and fishermen to ensure the freshest possible
