Quiet Place:

A Quiet Place Douglas Wood, 2014-04-15 Sometimes a person needs a quiet place A place that s far away from the hustle and bustle of everyday life a place that isn t ringing or talking or roaring or blaring or playing But sometimes that place isn t easy to find You could look under a bush in your own backyard where the world seems far away and you could be a pirate on a desert island Or you could sit on an old stump in the woods amidst the glittering sunlight and mossy shadows and be a timber wolf You could look by the sea or in the desert or in a cool dark cave but if none of these places are right you could come home and discover another quiet place Perhaps the very best quiet place of all the one that s inside of you In poetic and gently philosophical prose acclaimed author Douglas Wood explores what it s like to find that special place where we all can think our own thoughts and feel our own feelings Dan Andreasen brings exquisite imagination and thoughtful wonder to words that will inspire readers of all ages to seek out their very own quiet place **A Nice Quiet Place** F. Contained in this book are one hundred and fifty fish tales from fifty years of fishing shared by an avid fisherman who has also spent the last fifty years fishing for men as a small town pastor in New England This accounting of passed fishing trips and fish caught reflects on the spiritual application to the techniques and tactics using in fishing for trout and salmon and a few other species of fish to the biblical application for people Jesus called fishers of men In each of these short stories Pastor Blackstone reveals to his reader the wonderful blessings that come from leading someone to a saving knowledge of his Lord and Savior Jesus Christ The author is convinced that Jesus deliberately chose fishermen to be his earliest disciples men he would call apostles because those Galilean fisherman had the necessary characteristics and qualifications to teach cast his gospel and to share it with the multitudes It is the hope of the writer that this book will not only be of interest to someone that fishes but ultimately will be found profitable to anyone that wants to share his or her faith in Jesus Christ with others

Church-going, Going, Gone! Michael Horan,2015-05-11 In Church going Going Gone Michael Horan argues that although the Christian church in Britain may be in terminal decline that is not to be equated with a national decline in spiritual values Most if not all people have some level of awareness of what he calls the Other than oneself even though they have rejected or never accepted the church's now outdated teaching Church going Going Gone is concerned less with teaching than with learning The book provides atheists agnostics and believers in exile as well as those who have given little thought to belief with a framework for collaborating as learners working toward equality peace and reconciliation and dedicated to unselfish and imaginative social action A new movement of the human spirit is beginning

Hope Beyond Bars Jedidiah Duaya, 2018-06-23 Being behind bars doesn't make you as an inmate less of a human being Therefore do not identify yourself with your temporary situation But since you are behind bars you need to take responsibility And while taking responsibility you need to forgive yourself and forgive those who might have done you wrong And once you forgive then you need to live life in jail in prison or under house arrest by following rules and demonstrating good behavior to help make your sentence easier and maybe shorter And until you get free do not waste your time in a cell doing nothing of value instead put your potential abilities and gifts to use And lastly mentally prepare yourself to live life beyond bars by applying every single lesson learned from the cell The church and society need to address the issue of ex inmates reentry as partners and complement each other in facing this issue The society and the church need to understand that just because these individuals are behind bars that doesn't make them any less human than everybody else They have a right to live a right to be forgiven and a right to be accepted back into society These individuals are called inmates while serving time but once they have paid their dues and are set free that name changes to ex inmates and should eventually switch to citizens Where society falls short the church needs to pick up the slack and serve these citizens And where the church falls short society needs to step in and help these citizens We cannot afford to let these ex inmates live in a life cycle where they go in and out of jail prison and house arrest We have to prove the statistics wrong Society can provide programs to help these citizens reintegrate much more smoothly The church can finally become what it was intended to be and provide a safe environment in which these restored citizens will live a life worthy of being called citizens and not return to old behavior and a life back behind bars
