Quilts And Quiltmakers Covering Connecticut:

Quilts and Quiltmakers Connecticut Quilt Search Project, 2001-10 As one of the thirteen original colonies Connecticut made unique contributions to the development of America's textile industry. Until now, however, quilts from this historic state have only been viewed in bits and pieces through other states' documentation projects and museum collections. This beautifully illustrated book is the culmination of ten years of documentation and research and shows more than 145 outstanding and diverse quilts from Connecticut. They range from a signed and dated pre-Revolutionary War Medallion quilt to a Grandmother's Flower Garden made by one of Connecticut's most prolific twentieth-century quiltmakers. Beyond the wonderful colors and shapes of the quilts are the fascinating stories of their makers, women and men whose lives were interwoven in Connecticut's rich history. This book is a must for students of quilt history, women's studies, textile enthusiasts, and devotees of American history.

The Quilters Hall of Fame The Quilters Hall of Fame, 2014-08 Masterpiece quilts and Master quilters both are honored in The Quilters Hall of Fame. The book profiles more than forty of the quilting world's most influential people from early twentieth-century quilt designer Ruby McKim to quilt curator Jonathan Holstein to contemporary art quilter Nancy Crow. Lavishly illustrated with one hundred glorious color photographs of their quilts plus historical photographs, ads, and pattern booklets, The Quilters Hall of Fame is essential for every quilter's bookshelf.

Connecticut Needlework Susan P. Schoelwer, 2012-01-01 Winner of the Connecticut Book Award 2011 Winner of the Connecticut League of History Organizations Award of Merit 2012 Connecticut women have long been noted for their creation of colorful and distinctive needlework including samplers and family registers, bed rugs and memorial pictures, crewel embroidered bed hangings and garments, silk embroidered pictures of classical or religious scenes, quilted petticoats and bedcovers, and whitework dresses and linens. This volume offers the first regional study encompassing the full range of needle arts produced prior to 1840. Seventy entries showcase more than one hundred fascinating examples, many never before published from the Connecticut Historical Society's extensive collection of this early American art form. Produced almost exclusively by women and girls, the needle arts provide an illuminating vantage point for exploring early American women's history and education, including family-based traditions predating the establishment of formal academies. After the American Revolution, extensive genealogical research reveals unseen family connections linking various types of needlework similar to the multi-generational male workshops documented for other artisan trades such as woodworking or metalsmithing. Photographs of stitches, reverse sides, sketches, design sources, and related works enhance our understanding and appreciation of this fragile art form and the talented women who created it. An exhibition of needlework in this book will be held at the Connecticut Historical Society in late fall 2010. Funding for this project has been provided by the Coby Foundation Ltd and the National Endowment for the Arts.
