Quotations in History Alan Palmer, Veronica Palmer, 1976 Quotations in history presents the great moments of history captured in a single pithy phrase and brings together the great figures of history in their own words The book ranges over 1 200 years from the crowning of Charlemagne and his holy Roman Empire in the West in 800 A D to Neil Armstrong s first footfall on the moon and even more recent events through to the end of 1975 With some 1 600 entries it fills a surprising gap in reference and historical literature Its accuracy and authority are undoubted Alan Palmer is both an established historian and compiler of reference works Veronica Palmer an expert on the classical and medieval periods has previously assisted her husband on the preparation and writing of his books Quotations in history includes not only the famous phrases which everyone knows but can never quite place exactly and date precisely but longer passages that capture the essence of an historical figure s character or the spirit of a particular historical event Particular care has been given to establishing the date of quotations wherever possible With some of the better known remarks the authors have chosen to present rather more of their context than is customary At the same time phrases of dubious authenticity have been noted and the authors have tried to discover the original versions upon which the legendary remarks have been built up Quotations in History Allan Palmer, Veronica Palmer, 1977 Dictionary of Sports Quotations Barry Liddle, 1987 This is a professionally compiled British dictionary of sports quotations with first rate author and subject indexing It contains ten pages of quotations on cricket and three each on baseball and football There are numerous quotations from Shakespeare but none from Yogi Berra or Casey Stengel *Walford's Guide to Reference Material* Albert John Walford, Anthony P.
