David Romanski, 2012-03-12 ABOUT THE BOOK When the United States were founded the Presidency was a unique public office amongst a world of autocratic governments It was designed by the framers of the Constitution to act as a populist check against the potential excesses of the legislative and judicial branches a post that even a common man could hold The philosophical ruminations of America's first presidents clearly reflect their aristocratic backgrounds and a sense of self awareness in the annals of history With Andrew Jackson we see the caricature emerge of the fighting president a man who will vigorously defend the people from entrenched elites Moving into the twentieth century we can observe the commercialization of our soon to be Commanders in Chief and how their rhetoric shifted to meet the demands of running what had become a world superpower The following quotes are a humble attempt to demonstrate the evolution of America's presidents into the leaders of today as well as the institution of the Presidency itself MEET THE AUTHOR David Romanski is a writer and filmmaker who's been living in Los Angeles for six months He earned a BFA in screenwriting from NYU's Tisch School of the Arts and is currently writing his first novel Goatse due out this spring EXCERPT FROM THE BOOK James Madison was one of the more involved framers of the U S Constitution Much of American legal thinking is derived from The Federalist Papers a series of argumentative pamphlets co written by Madison which argue among other things for a strong

federal government At the same time Madison drafted the Bill of Rights as a Congressman and championed its passage into law He was elected President in 1800 and served two terms The man who is possessed of wealth who lolls on his sofa or rolls in his carriage cannot judge the wants or feelings of the day laborer The government we mean to erect is intended to last for ages The landed interest at present is prevalent but in process of time when we approximate to the states and kingdoms of Europe when the number of landholders shall be comparatively small through the various means of trade and manufactures will not the landed interest be overbalanced in future elections and unless wisely provided against what will become of your government In England at this day if elections were open to all classes of people the property of landed proprietors would be insecure An agrarian law would soon take place If these observations be just our government ought to secure the permanent interests of the country against innovation Landholders ought to have a share in the government to support these invaluable interests and to balance and check the other They ought to be so constituted as to protect the minority of the opulent against the majority The senate therefore ought to be this body and to answer these purposes they ought to have permanency and stability James Madison in a speech to the Federal Convention 1787 Notes of the 1787 Federal Convention Buy a copy to keep reading CHAPTER OUTLINE Before They Were Elected 100 Presidential Quotes Introduction George Washington 1789 1797 John Adams 1797 1801 Thomas Jefferson 1801 1809 and much more The Delaplaine Theodore Roosevelt - His Essential Quotations Andrew Delaplaine,2015-03-17 Here are Roosevelt s most essential quotations culled from as wide a variety of source materials available They have been compiled edited and carefully selected for inclusion in this book by that well known Quote Monger Andrew Delaplaine The original illustrations are by his sister Renee Learn about the man s wit and wisdom from his very own words
