Race, Class, and the Postindustrial City Frank Harold Wilson, 2012-02-01 *Race Class and the Postindustrial City* thoroughly explores the scholarship of William Julius Wilson one of the nation's leading sociologists and public intellectuals and the controversies surrounding his work In addressing the connection between postindustrial cities and changing race relations the author who is not related to William Julius Wilson shows how Wilson has synthesized competing theories of race relations urban sociology and public policy into a refocused liberal analysis of postindustrial America Combining intellectual biography the sociology of knowledge and theoretical analyses of sociological debates relevant to African Americans this book provides both appraisal and critique ultimately assessing Wilson's contribution to the sociological canon

Pride in the Projects Nancy L. Deutsch, 2008-07-12 Teens in America's inner cities grow up and construct identities amidst a landscape of relationships and violence support and discrimination games and gangs In such contexts local environments such as after school programs may help youth to mediate between social stereotypes and daily experience or provide space for them to consider themselves as contributing members of a community Based on four years of field work with both the adolescent members and staff of an inner city youth organization in a large Midwestern city *Pride in the Projects* examines the construction of identity as it occurs within this local context emphasizing the relationships within which identities are formed Drawing on research in psychology sociology education and race and gender studies the volume highlights the inadequacies in current identity development theories expanding our understanding of the lives of urban teens and the ways in which interpersonal connections serve as powerful contexts for self construction The adolescents' stories illuminate how they find ways to discover who they are and who they would like to be in positive and healthy ways in the face of very real obstacles The book closes with implications for practice alerting scholars educators practitioners and concerned citizens of the positive developmental possibilities inherent in youth settings when we pay attention to the voices of youth

Neighborhood as Refuge Isabelle Anguelovski, 2014-03-21 An examination of environmental revitalization efforts in low income communities in Boston Barcelona and Havana that help heal traumatized urban neighborhoods Environmental justice as studied in a variety of disciplines is most often associated with redressing disproportionate exposure to pollution contamination and toxic sites In *Neighborhood as Refuge* Isabelle Anguelovski takes a broader view of environmental justice examining wide ranging comprehensive efforts at neighborhood environmental revitalization that include parks urban agriculture fresh food markets playgrounds housing and waste management She investigates and compares three minority low income neighborhoods that organized to improve environmental quality and livability Casc Antic in Barcelona Dudley in the Roxbury section of Boston and Cayo Hueso in Havana Despite the differing

histories and political contexts of these three communities Anguelovski finds similar patterns of activism She shows that behind successful revitalization efforts is what she calls bottom to bottom networking powered by broad coalitions of residents community organizations architects artists funders political leaders and at times environmental advocacy groups Anguelovski also describes how over time environmental projects provide psychological benefits serving as a way to heal a marginalized and environmentally traumatized urban neighborhood They encourage a sense of rootedness and of attachment to place creating safe havens that offer residents a space for recovery They also help to bolster residents ability to deal with the negative dynamics of discrimination and provide spaces for broader political struggles including gentrification Drawing on the cases of Barcelona Boston and Havana Anguelovski presents a new holistic framework for understanding environmental justice action in cities with the right to a healthy community environment at its core **The Routledge**

Handbook of Environmental Justice Ryan Holifield, Jayajit Chakraborty, Gordon Walker, 2017-09-14 The Routledge Handbook of Environmental Justice presents an extensive and cutting edge introduction to the diverse rapidly growing body of research on pressing issues of environmental justice and injustice With wide ranging discussion of current debates controversies and questions in the history theory and methods of environmental justice research contributed by over 90 leading social scientists natural scientists humanists and scholars from professional disciplines from six continents it is an essential resource both for newcomers to this research and for experienced scholars and practitioners The chapters of this volume examine the roots of environmental justice activism lay out and assess key theories and approaches and consider the many different substantive issues that have been the subject of activism empirical research and policy development throughout the world The Handbook features critical reviews of quantitative qualitative and mixed methodological approaches and explicitly addresses interdisciplinarity transdisciplinarity and engaged research Instead of adopting a narrow regional focus it tackles substantive issues and presents perspectives from political and cultural systems across the world as well as addressing activism for environmental justice at the global scale Its chapters do not simply review the state of the art but also propose new conceptual frameworks and directions for research policy and practice Providing detailed but accessible overviews of the complex varied dimensions of environmental justice and injustice the Handbook is an essential guide and reference not only for researchers engaged with environmental justice but also for undergraduate and graduate teaching and for policymakers and activists *Inner-city Schools, Multiculturalism, and Teacher Education* Frederick L. Yeo, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company *Reframing the Curriculum* Susan Santone, 2018-09-03 Reframing the Curriculum is a practical hands on guide to weaving the concepts of healthy communities democratic societies and social justice into academic disciplines Developed for future and practicing teachers this volume is perfect for teacher education courses in instructional design social foundations and general education as well as for study in professional learning communities The author outlines the philosophies movements and narratives

shaping the future both in and out of classrooms and then challenges readers to consider the larger story and respond with curriculum makeovers that engage students in solving problems in their schools communities and the larger world The book s proven method for designing units gives educators across grades and disciplines the tools to bring sustainability and social justice into experiential project based instructional approaches Pedagogical features include Specific examples and templates that offer readers a framework for reworking their units and courses while meeting required standards and incorporating innovative classroom practices Activities and discussion questions that bring the content to life and establish ties with the curriculum eResources including a Facilitator s Guide offering examples of fully developed units created with this model and an editable template for redesigning existing units [Deterritorializing/Reterritorializing](#) Nancy Ares,Edward

Buendía,Robert Helfenbein,2017-05-10 This volume features scholars who use a critical geography framework to analyze how constructions of social space shape education reform In particular they situate their work in present day neoliberal policies that are pushing responsibility for economic and social welfare as well as education policy and practice out of federal and into more local entities States cities and school boards are being given more responsibility and power in determining curriculum content and standards accompanied by increasing privatization of public education through the rise of charter schools and for profit organizations incursion into managing schools Given these pressures critical geography s unique approach to spatial constructions of schools is crucially important Reterritorialization and deterritorialization or the varying flows of people and capital across space and time are highlighted to understand spatial forces operating on such things as schools communities people and culture Authors from multiple fields of study contribute to this book s examination of how social political and historical dimensions of spatial forces especially racial ethnic and other markers of difference shape are shaped by processes and outcomes of school reform **Welcome 2 Houston** Langston Collin Wilkins,2023-08-01 Langston

Collin Wilkins returns to the city where he grew up to illuminate the complex relationship between place identity and music in Houston s hip hop culture Interviews with local rap artists producers and managers inform an exploration of how artists audiences music and place interact to create a heritage that musicians negotiate in a variety of ways Street based musicians avant garde underground rappers and Christian artists offer candid views of the scene while Wilkins delves into related aspects like slab the area s hip hop related car culture What emerges is a portrait of a dynamic reciprocal process where an artist having identified with and embodied a social space reproduces that space in a performance even as the performance reconstructs the social space A vivid journey through a southern hip hop bastion Welcome 2 Houston offers readers an inside look at a unique musical culture **The Pursuit of Racial and Ethnic Equality in American Public Schools** Kristi L. Bowman,2014-12-19 In 1954 the Supreme Court decided Brown v Board of Education ten years later Congress enacted the Civil Rights Act These monumental changes in American law dramatically expanded educational opportunities for racial and ethnic minority children across the country They also changed the experiences of white children who have learned in

increasingly diverse classrooms The authors of this commemorative volume include leading scholars in law education and public policy as well as important historical figures Taken together the chapters trace the narrative arc of school desegregation in the United States beginning in California in the 1940s continuing through Brown v Board the Civil Rights Act and three important Supreme Court decisions about school desegregation and voluntary integration in 1974 1995 and 2007 The authors also assess the status of racial and ethnic equality in education today and consider the viability of future legal and policy reform in pursuit of the goals of Brown v Board This remarkable collection of voices in conversation with one another lays the groundwork for future discussions about the relationship between law and educational equality and ultimately for the creation of new public policy A valuable reference for scholars and students alike this dynamic text is an important contribution to the literature by an outstanding group of authors

Research in Social Movements, Conflicts and Change Patrick G. Coy, 2018-10-16 This important collection addresses the critically important dimensions of the relationships that social movements their activists and their organizations have with the state and other institutions It also examines three movements linked by frame and discourse analysis before concluding with a survey of the biographical trajectory of activism

Teaching and Learning on the Verge Shanti Elliott, 2015-06-29 Our changing world demands that all students become agile thinkers who can grow sturdy interpersonal and civic relationships This book proposes that teachers who think of learning as playing with power tap the creative and subversive energies of young people making academic work far more consequential than a piece of paper with a grade on it Young people must learn to play democracy just as they might play a violin or a sport not as a game of let's pretend but fully participating in the language spaces and possibilities of public life Based on 20 years of teaching experience and research in schools across the US Teaching and Learning on the Verge demonstrates how educators in all disciplines can integrate civic engagement multicultural literacy and leadership into their classrooms and programs Featuring voices from literature and philosophy in dialogue with the living stage of classrooms streets and community spaces this book offers an imaginative and practical guide to democratic education

Racial Identity Theory Chalmer E. Thompson, Robert T. Carter, 2013-04-15 Racial identity theories have been in the psychological literature for nearly thirty years Unlike most references to racial identity however Thompson and Carter demonstrate the value of integrating RACE and IDENTITY as systematic components of human functioning The editors and

their contributors show how the infusion of racial identity theory with other psychological models can successfully yield more holistic considerations of client functioning and well being Fully respecting the mutual influence of personal and environmental factors to explanations of individual and group functioning they apply complex theoretical notions to real life cases in psychological practice These authors contend that race is a pervasive and formidable force in society that affects the development and functioning of individuals and groups In a recursive fashion individuals and groups influence and indeed nurture the notion of race and societal racism Arguing that mental health practitioners are in key influential positions to pierce this cycle the authors provide evidence of how meaningful change can occur when racial identity theory is integrated into interventions that attempt to diminish the distress people experience in their lives The interventions illustrated in this volume are applied in various contexts including psychotherapy and counseling supervision family therapy support groups and organizational and institutional environments This book can serve the needs and interests of advanced level students and professionals in all mental health fields as well as researchers and scholars in such disciplines as organizational management and forensic psychology It can also be of value to anyone interested in the systematic implementation of strategies to overcome problems of race

Race and the Foundations of Knowledge Joseph A. Young, Jana Evans Braziel, 2006 This anthology demonstrates the longstanding multifarious and major role that race has played in the formation of knowledge The authors demonstrate how race theory intersects with other bodies of knowledge by examining discursive records such as travelogues literature and historiography theoretical structures such as common sense pseudoscientific racism and Eurocentrism social structures of class advancement and identity and politico economic structures of capitalism colonialism and law
