Race to the Finish Line Judith C. Kayloe, 2023-08-10 The majority of America's baby boomers as well as the silent generation are now seniors Will we live our last years as gloriously as we lived our younger ones We bounced through economic booms with panache accumulating more and more symbols of the great life and realized our dreams with triumph Our parents most of whom were born during the Great Depression or WWII had every hope that our blessed generation could enjoy success beyond their wildest dreams And they did Narcissism among our generation was fueled by parents who knew their progeny would advance farther than they could Explosions of education and frenetic activity happily coalesce from feelings of entitlement for getting it all in For many of us retirement has become one big return to hedonism We establish retirement communities and nursing homes and assisted living facilities where we ruminate with our contemporaries and recharge as best we can This book explores factors that define our generation's approach to aging dissects the characteristics of some of our retirement communities and offers observations and insights that may be amusing identifying or useful

Race to the Finish Jenny Reardon, 2009-02-09 In the summer of 1991 population geneticists and evolutionary biologists proposed to archive human genetic diversity by collecting the genomes of isolated indigenous populations Their initiative which became known as the Human Genome Diversity Project generated early enthusiasm from those who believed it would enable huge advances in our understanding of human evolution However vocal criticism soon emerged Physical anthropologists accused Project organizers of reimporting racist categories into science Indigenous rights leaders saw a Vampire Project that sought the blood of indigenous people but not their well being More than a decade later the effort is barely off the ground How did an initiative whose leaders included some of biology's most respected socially conscious scientists become so stigmatized How did these model citizen scientists come to be viewed as potential racists even vampires This book argues that the long abeyance of the Diversity Project points to larger fundamental questions about how to understand knowledge democracy and racism in an age when expert claims about genomes increasingly shape the possibilities for being human Jenny Reardon demonstrates that far from being innocent tools for fighting racism scientific ideas and practices embed consequential social and political decisions about who can define race racism and democracy and for what ends She calls for the adoption of novel conceptual tools that do not oppose science and power truth and racist ideologies but rather draw into focus their mutual constitution

A Race to the Finish Line Dr. Euclid A. Rose, 2024-08-27

Occasionally a great manuscript is written about someone great and that great manuscript is *A Race to the Finish Line* and that someone great is Barack Hussain Obama the first African American to be elected president of the United States of America Rose's work is a brilliant analysis of the struggles that Barack Obama overcame to reach the Oval Office and as the commander in Chief of the Armed Forces in the United States The book is intellectually stimulating and insightful It chronicles Obama's life from birth and examines the forces that shaped his life and made him the forty fourth president of the United States It explains how Obama defeated three renowned admired and experienced politicians former first lady and Senator Hillary Clinton former prisoner of war and Senator John McCain and former Governor of Massachusetts Mitt Romney to become president of the United States Rose's work presents fresh insights into Obama's life from his birth in Honolulu Hawaii on August 4 1961 to Seattle and then Jakarta Indonesia The book is a definitive account of Barack Obama's formative years which made him the man he became After graduating from Punahou School a private elite all white academy in Honolulu the young Obama entered Occidental College in Los Angeles California and after two years he transferred to Columbia University an Ivy League college in New York City and to Harvard University Law School where he was elected as the first African American president of the prestigious Harvard Law Review Dr Rose's penetrating and captivating work describes Barack Obama's tumultuous upbringing as a young man of mixed race who was raised almost exclusively by his white grandparents his marriage to Michelle Robinson in Chicago in 1992 and his work as a community organizer on the South Side of Chicago an Illinois state senator from 1997 to 2004 and serving as a US senator from 2004 to 2008 when he was elected President of the United States The book reveals that Occidental College has had a profound impact on Obama's life because according to him it was at Occidental College that he took life seriously and was awakened to the notion that he could make a difference in the world Rose's epic work is a rich tapestry of a life little known or understood prior to his keynote address at the 2004 Democratic National Convention in Boston which instantly catapulted him into the national spotlight The book is a classic narrative drawn from hundreds of interviews including several of President Obama's advisers friends and classmates and a trove of articles journals and other documents It tells the human story of a man Barack Hussain Obama who changed the course of history and the world in a way that no one else can and no one expected As a result he is considered one of the most significant figures of the twenty first century It is a groundbreaking and multigenerational manuscript a richly textured account of President Obama's life from childhood to adulthood as he tried to make sense of his past established his own identity as he prepared for his political future It is a beautifully written and powerful book that captured Barack Obama's time as a community organizer in one of Chicago City's roughest neighborhoods as he grappled with the role that faith has in store for him It is a fascinating account about a young man born into uncommon family and perhaps unusual circumstances son of a black man from Kenya Africa and a white woman from the state of Kansas in the United States It is a first rate account of the human struggles of one of the most interesting and exciting presidents of our

time Barack Hussain Obama **Team BFF: Race to the Finish! #2** Stacia Deutsch, 2017-10-31 Perfect for fans of The Babysitters Club and anyone interested in computer science this book by New York Times bestselling author Stacia Deustch is published in partnership with the organization Girls Who Code Sophia and her coding club BFFs have the best time together Sure they work on coding projects but mostly they gossip about crushes eat cookies and do totally silly impersonations Now they re about to participate in their first hackathon a full day of coding and meeting other coders so it s time to step up their game Just when Sophia and her friends think their hackathon project is ready for the big time a change of plans threatens to tear their group apart Will they have each other s backs or are they destined for an epic fail They know that coding is all about teamwork and problem solving maybe friendship is too **The Race to Sail Around the World** Kelly Wittmann, 2017-07-15 Historians are often divided into two camps when asked to name the first person to circumnavigate the world there are those who say Ferdinand Magellan was while others argue the victor was Francis Drake Readers will learn the controversies surrounding these 16th century captains and their infamous journeys They ll learn about the political intrigues and economic incentives to find a route and the lasting effects of the expeditions Besides containing the thrilling accounts of Magellan s and Drake s adventures this beguiling book s historical images maps sidebars and timeline complement social studies and geography curricula *Race to the Finish?* Dervla Murphy, 1981 **Beyond the Finish Line** Jonathan Finn, 2020-09-23 In the 1880s photographers and sports enthusiasts confidently declared the end of dead heats in sporting competition Reflecting a broader social belief in technology proponents of the camera stressed that the device could provide definitive proof of who won and who lost Yet despite this remedy for the inadequate human eye competitive races between horses boats and bicycles ended too close to call a sole champion More than a century later when cameras can subdivide the second into ten thousandths and beyond athletes continue to cross the finish line in ties In this fascinating journey through the history of the photo finish in sports Jonathan Finn shows how innovation was animated by a drive for ever more precise tools and a quest for perfect measurement As he traces the technological developments inspired by this crusade from the evolution of the still camera to movie cameras ultimately leading to complex contemporary photo finish systems Finn uncovers the social implications of adopting and contesting the photograph as evidence in sport At every turn empirical obsession intersects with the unpredictability of sports creating a paradox wherein the precision offered by photo finish technology far exceeds the realities of human performance and its measurement Separating athletes by the hundredth thousandth or ten thousandth of a second is often a fiction that comes with significant material and cultural implications A lively biography of a critical technology *Beyond the Finish Line* illuminates the cultural role of the photo finish in win at all costs culture and warn that in our pursuit for precision we may threaten the human element of sport that galvanizes mere spectators into fans *Brown Skins, White Coats* Projit Bihari Mukharji, 2023-02-17 A unique narrative structure brings the history of race science in mid twentieth century India to vivid life There has been a recent explosion in

studies of race science in the twentieth and twenty first centuries but most have focused either on Europe or on North America and Australia In this stirring history Projit Bihari Mukharji illustrates how India appropriated and repurposed race science to its own ends and argues that these appropriations need to be understood within the national and regional contexts of postcolonial nation making not merely as footnotes to a Western history of normal science The book comprises seven factual chapters operating at distinct levels conceptual practical and cosmological and eight fictive interchapters a series of epistolary exchanges between the Bengali author Hemendrakumar Ray 1888 1963 and the protagonist of his dystopian science fiction novel about race race science racial improvement and dehumanization In this way Mukharji fills out the historical moment in which the factual narrative unfolded vividly revealing its moral affective political and intellectual fissures

Decoding Racial Ideology in Genomics Johnny E. Williams, 2016-05-27 Although the human genome exists apart from society knowledge about it is produced through socially created language and interactions As such genomicists thinking is informed by their inability to escape the wake of the race concept This book investigates how racism makes genomics and how genomics makes racism and race and the consequences of these constructions Specifically Williams explores how racial ideology works in genomics The simple assumption that frames the book is that race as an ideology justifying a system of oppression is persistently recreated as a practical and familiar way to understand biological reality This book reveals that genomicists preoccupation with race regardless of good or ill intent contributes to its perception as a category of differences that is scientifically rigorous

Joe's Rules: The Art of Trail Race Directing Joe Prusaitis, Chris Haley,

The Bone Wars Kelly Wittmann, 2017-07-15 E D Cope and O C Marsh were 19th century paleontologists whose friendship couldn't withstand their professional rivalry Their competitive natures led to the frenzied unearthing of hundreds of dinosaur fossils across North America many of which can still be seen in museums around the world The captivating tale of these scientists unfolds in this absorbing book which also includes a timeline sidebars and fact boxes offering much information about paleontology dinosaurs and excavations as well as photographs and images to further elucidate essential science concepts

The Grace to Race Sister Madonna Buder, Karin Evans, 2010-10-05 SISTER MADONNA BUDER is 80 years old has run more than 340 triathlons and doesn't know what all the fuss is about In The Grace to Race she shares the no nonsense spirit and deep faith that inspired her extraordinary journey from a prominent St Louis family to a Catholic Convent and finally to championship finish lines all over the world As a beautiful young woman she became an elegant equestrian and accomplished amateur actress But as she describes in this intimate memoir she had a secret plan as early as 14 she wanted to devote her life to God After being courted by the most eligible bachelors in her hometown she chose a different path and became a Sister of the Good Shepherd She lived a mostly cloistered life as a Nun until her late forties when a Priest suggested she take a run on the beach She dug up a pair of shorts in a pile of donated clothes found a pair of second hand tennis shoes and had a second epiphany This time she discovered the spiritual joy of pushing her body to the limit and of seeing God's natural world in all its splendor More than thirty years later she is known as the Iron Nun for all the triathlons she has won Just five years ago the age 75-79 category was created for her at the Hawaiian Ironman in Kona where she completed a 2.4 mile swim a 112 mile bike ride and a full 26.2 mile marathon in record time Now she has set her sights on a new goal inaugurating another new Ironman age group 80-84 in 2010 Sister Madonna holds dozens of records has broken dozens of bones and tells of dozens of miracles and angels that propelled her to a far flung race It is my faith that has carried me through life's ups and downs she writes Whenever injured I wait for the Lord to

pick me up again and set me on my feet confidently reminding Him God you know my intent is to keep running toward you The Grace to Race is the courageous story of a woman who broke with convention followed her heart and found her higher mission
