Serving Transgender Youth The Role Of Child Welfare Systems

Katrin Križ, Katrin Križ, Mimi Petersen

Serving Transgender Youth The Role Of Child Welfare Systems:

Serving Transgender Youth Teresa DeCrescenzo, 2002 **Social Work Practice with Transgender and Gender Expansive Youth** Jama Shelton, Gerald P. Mallon, 2021-09-28 This fully revised third edition explores the childhood and adolescent experiences of transgender persons providing foundational knowledge for social workers and related professions about working with trans and gender expansive youth Organized through the lens of four distinct forms of knowledge knowledge of lived expertise community based knowledge practice knowledge and knowledge obtained through formal traditional education this text balances discussion of theory with a range of rich personal narratives and case studies Updates and additions reflect recent changes to the WPATH guidelines and the NASW Code of Ethics include brand new material examining the origins of gender identity and non binary identities explore intersectional identities and offer expanded content considering trauma informed interventions and ethical issues Each featuring at least one trans or gender expansive author chapters present concrete and practical recommendations to encourage competent and positive practice With a focus on both macro and micro social work practice this book will be a valuable resource to any social service practitioners working with children or adolescents

Child Welfare for the Twenty-first Century Gerald P. Mallon, Peg McCartt Hess, 2005-09-14 This up to date and comprehensive resource by leaders in child welfare is the first book to reflect the impact of the Adoption and Safe Families Act ASFA of 1997 The text serves as a single source reference for a wide array of professionals who work in children youth and family services in the United States policymakers social workers psychologists educators attorneys guardians ad litem and family court judges and as a text for students of child welfare practice and policy Features include Organized around ASFA s guiding principles of well being safety and permanency Focus on evidence based best practices Case examples integrated throughout First book to include data from the first round of National Child and Family Service Reviews Topics discussed include the latest on prevention of child abuse and neglect and child protective services risk and resilience in child development engaging families connecting families with public and community resources health and mental health care needs of children and adolescents domestic violence substance abuse in the family family preservation services family support services and the integration of family centered practices in child welfare gay and lesbian adolescents and their families children with disabilities and runaway and homeless youth The contributors also explore issues pertaining to foster care and adoption including a focus on permanency planning for children and youth and the need to provide services that are individualized and culturally and spiritually responsive to clients A review of salient systemic issues in the field of children youth and family services completes this collection

Strategies for Child Welfare Professionals Working with Transgender and Gender Expansive Youth Gerald Mallon, 2021-06-21 Expert guidance for child welfare and youth care professionals looking to increase their knowledge about and skills in working with transgender and gender expansive youth and their families Many professionals working in child welfare and youth service including line workers

supervisors managers and administrators lack adequate knowledge about trans or gender expansive identities which means they are not sufficiently prepared to address or respond to the needs of trans or gender expansive youth This guide will provide readers with the information they need to do their jobs effectively with youth of all genders including guidance on relationships discrimination mental health foster care and homelessness It provides examples of successful practice in a variety of case narratives from youth and their families Group Counseling with LGBTQI Persons Across the Life Span Kristopher Goodrich,Melissa Luke,2015-04-08 This unique resource provides strengths based group counseling strategies designed to meet the needs of LGBTQI clients in a variety of settings Drs Goodrich and Luke capture the developmental concerns of LGBTQI individuals throughout the life cycle as they establish and maintain intimate relationships create families encounter career concerns and navigate other milestones and transitions Illustrative case examples and interventions throughout the text as well as warnings and recommendations make this an ideal resource for practice and group work courses After a discussion of the history of group work with the LGBTQI community the planning and process issues that group leaders should consider in their work and relevant ethical and legal concerns the authors explore a range of group types and pertinent issues Individual chapters focus on the following types of counseling child and adolescent same gender adult intersex and transgender coming out disclosure school community outpatient and residential couples and family substance abuse grief and loss and advocacy Chapters on group work supervision and the importance of allies round out the book Requests for digital versions from ACA can be found on www.wiley.com To purchase print copies please visit the ACA website Reproduction requests for material from books published by ACA should be directed to publications@counseling.org

Trans Kids and Teens Elijah C. Nealy,2017-05-02 A comprehensive guide to the medical emotional and social issues of trans kids These days it is practically impossible not to hear about some aspect of transgender life Whether it is the bathroom issue in North Carolina trans people in the military or on television trans life has become front and center after years of marginalization And kids are coming out as trans at younger and younger ages which is a good thing for them But what written resources are available to parents teachers and mental health professionals who need to support these children Elijah C Nealy a therapist and former deputy executive director of New York City s LGBT Community Center and himself a trans man has written the first ever comprehensive guide to understanding supporting and welcoming trans kids Covering everything from family life to school and mental health issues as well as the physical social and emotional aspects of transition this book is full of best practices to support trans kids *Temple Law Review* ,2006 **Transgender People and Criminal Justice** Heather Panter,Angela Dwyer,2023-06-02 This cutting edge book examines the unique issues that transgender identities face globally in the criminal processing system through empirical and theoretical contributions The contributing authors range from established transgender scholars transgender equality rights activists transgender policy influencers researchers from non profit groups and former criminal justice practitioners The book covers many under

developed issues for transgender identities like criminalization victimization court experiences law enforcement and the policing of gender the school to prison pipeline and incarceration It provides a significant advancement in queer criminology and trans studies globally

Social Work and Health Care Practice with Transgender and Nonbinary Individuals and Communities Shanna K. Kattari, M. Killian Kinney, Leonardo Kattari, N. Eugene Walls, 2020-08-16 This book examines issues across the lifespan of transgender and nonbinary individuals whilst synthesizing conceptual work empirical evidence pedagogical content educational experiences and the voices of transgender and nonbinary individuals It highlights the resilience and resistance of transgender and nonbinary individuals and communities to challenge narratives relying on one dimensional perspectives of risk and tragic lives While there is currently unprecedented visibility and increasing support members of these communities still face shockingly high rates of violence victimization unemployment discrimination and family rejection Significant need for services and support coupled with social clinical and medical service systems ill equipped to provide culturally responsive care illustrates the critical need for quality education and training of educators practitioners and service providers in best practices of working with members of the transgender and nonbinary community Organized into six sections Health Areas of Practice Coming Out and Family Relationships and Sexuality Communities Multiply Marginalized Identities and Populations this book offers a current comprehensive and intersectional guide for students practitioners and researchers across a variety of professions including social work psychology public policy and health care

Social Services with Transgendered Youth Gerald P. Mallon, 2009-05-07 Through personal narratives and case studies this fully updated second edition explores the childhood and adolescent experiences of transgendered persons Addressing the differences between male to female MTF and female to male FTM individuals and identifying the specific challenges of transgender persons from diverse races cultures and religious backgrounds this compelling book offers suggestions that will help social workers and the youths families learn more about the reality of transgender persons lives Some of the areas discussed include individual practice group work practice family centered practice internal and external stress factors a new discussion of the legal issues that trans and gender variant youth face a new chapter on focusing on a recommendations for clinical treatment Containing invaluable information on a topic that is not widely discussed or written about the second edition of *Social Work Practice with Transgender and Gender Variant Youth* discredits negative stereotypes surrounding these youths and offers you insight into their experiences Additionally the chapters openly address questions that practitioners may have about gender identity as well as offer concrete and practical recommendations about competent and positive practice with this population It will interest academics and social service practitioners seeking to know more and work effectively with transgender and gender variant youth

The SAGE Encyclopedia of Trans Studies Abbie E. Goldberg, Genny Beemyn, 2021-02-26 Transgender studies broadly defined has become increasingly prominent as a field of study over the past several decades particularly in the last ten years The experiences and rights of trans people have also

increasingly become the subject of news coverage such as the ability of trans people to access restrooms their participation in the military the issuing of driver s licenses that allow a third gender option the growing visibility of nonbinary trans teens the denial of gender affirming health care to trans youth and the media s misgendering of trans actors With more and more trans people being open about their gender identities doctors nurses psychologists social workers counselors educators higher education administrators student affairs personnel and others are increasingly working with trans individuals who are out But many professionals have little formal training or awareness of the life experiences and needs of the trans population This can seriously interfere with open communications between trans people and service providers and can negatively impact trans people s health outcomes and well being as well as interfere with their educational and career success and advancement Having an authoritative academic resource like The SAGE Encyclopedia of Trans Studies can go a long way toward correcting misconceptions and providing information that is otherwise not readily available This encyclopedia featuring more than 300 well researched articles takes an interdisciplinary and intersectional approach to trans studies Entries address a wide range of topics from broad concepts e g the criminal justice system activism mental health to specific subjects e g the trans pride flag the Informed Consent Model voice therapy to key historical figures events and organizations e g Lili Elbe the Stonewall Riots Black Lives Matter Entries focus on diverse lives identities and contexts including the experiences of trans people in different racial religious and sexual communities in the United States and the variety of ways that gender is expressed in other countries Among the fields of studies covered are psychology sociology history family studies K 12 and higher education law political science medicine economics literature popular culture the media and sports

Child Welfare Systems and Migrant Children Marit Skivenes,2015 The book examines where why and to what extent immigrant children are represented in the child welfare system in 11 high income countries By comparing policies and practices in child welfare systems and welfare states especially in terms of how they conceptualize and deal with immigrant children and their families we address an immensely important and pressing issue in modern societies

Children and Young People's Participation in Child Protection Katrin Križ,Katrin Križ,Mimi Petersen,2023 This book features pathways to children and young people s collective participation in changing child protection policies and services in multiple countries It showcases concrete examples of participatory research and practices promoting children and young people s participation in child protection It highlights the change actions and voices of empowered and marginalized children and youth in various international contexts

Advocating for Children in Foster and Kinship Care Mitchell Rosenwald,Beth N Riley,2010-01-29 This book is the first to provide strategies for effective advocacy and placement within the foster care and kinship care systems It also takes a rare look at the dynamics of the foster and kinship relationship not just among children and the agency workers and service providers who intervene on their behalf but also between children and those who take in and care for them as permanency develops Drawing on their experience interacting with and writing about the institution of

foster care Mitchell Rosenwald and Beth N Riley have composed a unique text that helps practitioners foster parents and relative caregivers realize successful transitions for youth especially considering the traumas these children may suffer both before and after placement Advocating for a child's best interests must begin early and remain consistent throughout assignment and adjustment For practitioners Rosenwald and Riley emphasize the best techniques for assessing a family's capabilities and for guiding families through the challenges of foster care Part one details the steps potential foster parents and kinship caregivers must take with the assistance of practitioners to prepare themselves for placement Part two describes tactics for successful advocacy within the court system social service agencies schools and the medical and mental health establishments Part three describes how to lobby for change at the agency and legislative levels as well as within a given community The authors illustrate recommendations through real life scenarios and devote an entire chapter to brokering positive partnerships among practitioners families and other teams working to protect and transition children

Children, Sexuality, and the Law Sacha M. Coupet, Ellen Marrus, 2015-05-22 American political and legal culture is uncomfortable with children's sexuality While aware that sexual expression is a necessary part of human development law rarely contemplates the complex ways in which it interacts with children and sexuality Just as the law circumscribes children to a narrow range of roles either as entirely sexless beings or victims or objects of harmful adult sexual conduct so too does society tend to discount the notion of children as agents in the domain of sex and sexuality Where a small body of rights related to sex has been carved out the central question has been the degree to which children resemble adults not necessarily whether minors themselves possess distinct and recognized rights related to sex sexual expression and sexuality Children Sexuality and the Law reflects on some of the unique challenges that accompany children in the broader context of sex exploring from diverse perspectives the ways in which children emerge in sexually related dimensions of law and contemporary life It explores a broad range of issues from the psychology of children as sexual beings to the legal treatment of adolescent consent This work also explores whether and when children have a right to expression as understood within the First Amendment The first volume of its kind Children Sexuality and the Law goes beyond the traditional discourse of children as victims of adult sexual deviance by highlighting children as agents and rights holders in the realm of sex sexuality and sexual orientation

Living on the Edge Samuel Keller, Inger Oterholm, Veronika Paulsen, Adrian D. van Breda, 2023-11-17 EPDF and EPUB available Open Access under CC BY licence Young people transitioning out of care towards independence work and adulthood are on the edge of these phases of life Considering previously neglected groups of care leavers such as unaccompanied migrants street youth those leaving residential care young parents and those with a disability this book presents cutting edge research from emerging global scholars The collection addresses the precarity experienced by many care leavers who often lack the social capital and resources to transition into stable education employment and family life Including the voices of care leavers throughout it makes research relevant to practitioners and

policymakers aiming to enable rather than label vulnerable groups **The Sage Encyclopedia of LGBTQ+ Studies, 2nd Edition**

Abbie E. Goldberg, 2024-01-16 The SAGE Encyclopedia of LGBTQ Studies 2nd Edition is aimed at students and educators interested in an interdisciplinary perspective on LGBTQ issues It examines and provides understandings of the lives and experiences of LGBTQ individuals with attention to the contexts and forces that shape their world The volume addresses questions such as What are the key theories used to understand variations in sexual orientation and gender identity What does LGBTQ affirmative therapy look like How have anti LGBTQ ballot measures affected LGBTQ people What are LGBTQ people s experiences during COVID 19 How were LGBTQ people impacted by the Trump administration What is life like for LGBTQ people living outside the United States This encyclopedia looks at LGBTQ issues and identity primarily through the lenses of psychology human development and sociology while emphasizing queer feminist and ecological perspectives on this topic Entries are written by top researchers and clinicians across multiple fields psychology human development gender queer studies sexuality studies social work nursing cultural studies education family studies medicine public health and sociology Child and Family Advocacy Anne McDonald Culp, 2013-06-25

Current statistics on child abuse neglect poverty and hunger shock the conscience doubly so as societal structures set up to assist families are failing them More than ever the responsibility of the helping professions extends from aiding individuals and families to securing social justice for the larger community With this duty in clear sight the contributors to Child and Family Advocacy assert that advocacy is neither a dying art nor a lost cause but a vital platform for improving children s lives beyond the scope of clinical practice This uniquely practical reference builds an ethical foundation that defines advocacy as a professional competency and identifies skills that clinicians and researchers can use in advocating at the local state and federal levels Models of the advocacy process coupled with first person narratives demonstrate how professionals across disciplines can lobby for change Among the topics discussed Promoting children s mental health collaboration and public understanding Health reform as a bridge to health equity Preventing child maltreatment early intervention and public education Changing juvenile justice practice and policy A multi level framework for local policy development and implementation When evidence and values collide preventing sexually transmitted infections Lessons from the legislative history of federal special education law Child and Family Advocacy is an essential resource for researchers professionals and graduate students in clinical child and school psychology family studies public health developmental psychology social work and social policy **The SAGE**

Encyclopedia of LGBTQ Studies Abbie E. Goldberg, 2016-05-10 This far reaching and contemporary new Encyclopedia examines and explores the lives and experiences of Lesbian Gay Bisexual Transgender and Queer LGBTQ individuals focusing on the contexts and forces that shape their lives The work focuses on LGBTQ issues and identity primarily through the lenses of psychology human development and sociology emphasizing queer feminist and ecological perspectives on the topic and addresses questions such as What are the key theories used to understand variations in sexual orientation and gender

identity How do Gay Straight Alliances GSA affect LGBTQ youth How do LGBTQ people experience the transition to parenthood How does sexual orientation intersect with other key social locations such as race to shape experience and identity What are the effects of marriage equality on sexual minority individuals and couples Top researchers and clinicians contribute to the 400 signed entries from fields such as Psychology Human Development Gender Queer Studies Sexuality Studies Social Work Sociology The SAGE Encyclopedia of LGBTQ Studies is an essential resource for researchers interested in an interdisciplinary perspective on LGBTQ lives and issues

Child Welfare Practice with Immigrant Children and Families Alan Dettlaff, Rowena Fong, 2014-06-11 Children in immigrant families represent nearly one fourth of all children living in the United States As this population of children has increased so has their representation among children involved in child welfare and related systems Once immigrant families come to the attention of these systems they often have multiple and complex needs that must be addressed to ensure children's safety and well being Culturally competent practice with Latino Asian and African immigrants requires that professionals understand the impact of immigration and acculturation on immigrant families to conduct adequate assessments and provide interventions that respond appropriately to their needs Professionals also need to be familiar with federal and state policies that affect immigrant families and how those policies may affect service delivery At the system level child welfare agencies need to educate and train a culturally competent workforce that responds appropriately to children and families from diverse cultures This book addresses these critical issues and provides recommendations for the development of culturally competent assessment intervention and prevention activities in child welfare agencies This information can be used as a resource by child welfare administrators practitioners and students to improve the child welfare system's response to immigrant children and families and promote culturally competent practice This book was published as a special issue of the Journal of Public Child Welfare
