Set a Course for Freedom William K. Lewis, 2000-03-27 Set A Course For Freedom is a story of young America on the threshold of revolution Though the story itself is fictional it is woven into the fabric of actual historic events The characters are meant to portray the differing personalities and attitudes of those living in that period and the conflicts and difficult choices they had to make Christopher Hall the twenty one year old son of a Maryland fisherman finds himself drawn into the conflict as his homeland drifts further and further away from Mother England In this book the first of a series Christopher sets out in May of 1774 to find his missing brother in law who is a member of the Maryland Committee of Correspondence Before he can succeed Christopher is captured by a press gang and is forced to serve in the British Navy The following year when war between England and the Colonies appears inevitable Christopher realizes he cannot remain on the British ship With the aid of a sympathetic shipmate he makes his escape but nearly loses his life in the process He is saved by Captain Pierce a blockade runner and is nursed back to health by the captain s family Christopher accompanies Captain Pierce on his next run in an attempt to work his way home However a tragic encounter with a British warship forces Captain Pierce to put into port at Newport There an old friend convinces him to arm his vessel and take up privateering Christopher joins him in this endeavor which leads to the capture of a British mail packet and information that his brother in law Thomas is being held prisoner in Boston They return to Squansett and with the help of local patriots an ingenious rescue is planned and executed As Christopher is drawn into both adventure and romance he finds he must grapple with several conflicts between his loyalty to the King and the land of his birth between his family s needs at home and the need to go search for his brother in law and between his passions and his upbringing Subsequent books will describe Christopher s adventures in America s infant navy and his growth as a naval officer Although the U S Navy got off to a rather shaky start it was in the period 1774 to 1812 that we were engaged in our War of Independence the Quasi War with France the war with Tripoli and the second war with Great Britain the War of 1812 It was this period that produced our first naval heroes and many of the naval traditions still celebrated today It is my hope the reader will develop an increased appreciation for the people of that period their struggles and their sacrifices They set the course for freedom

Richards describes the quest of human life and the purpose of his novels as a search for freedom. This book explores the account of freedom that is developed through the course of four of Richards's works: *The Friends of Meager Fortune*, *Mercy Among the Children*, *The Lost Highway*, and *Crimes Against My Brother*. Following the Augustinian thread that informs Richards's writing, we argue that rather than presenting an understanding of human life that is bleak or hopeless, Richards instead reveals an argument wherein one's happiness and freedom is found in the midst of love.

Land, Freedom and Fiction David Maughan Brown,2017-06-15 This now classic

work examines the contrasting ways in which the Mau Mau struggle for land and independence in Kenya was mirrored and usually distorted by successive generations of English and white Kenyan authors as well as by indigenous Kenyan novelists. Against the turbulent background of the Mau Mau Uprising Dr Maughan Brown explores the relationship between history, literary creation and the myths that societies cultivate. Spanning the breadth of colonial and post colonial African literature, his subjects range from the colonialist authors Robert Ruark and Elspeth Huxley to the post independence novels of Meja Mwangi and Ngugi wa Thiong'o. Maughan Brown's book is invaluable on many levels. He presents a concise account of the uprising and its place in Kenyan identity and significantly increases our understanding of settler attitudes and the role of literature within colonial ideology. *Land, Freedom and Fiction* succeeds in showing the subtle insights a materialist approach can bring to the study of literature, ideology and society.

The Contradictions of Freedom Sally J. Scholz, Shannon M. Mussett, 2005-10-13 This unique collection examines the various contradictions of freedom in Simone de Beauvoir's *The Mandarins*, the tumultuous epic about the personal and political lives of post World War II French intellectuals. Fifty years after its publication, Beauvoir's book transcends the narrow confines of time and place to speak powerfully to audiences today. Contributors address political turmoil, collective responsibility, individual choice and commitment, love relationships, subjectivity, art and freedom. With an extensive introduction that explores the historical period surrounding France after World War II, Beauvoir's own account of the novel's creation and the initial reception of the novel around the world, this book is an essential companion to Beauvoir's celebrated novel.
