## **Setting The East Ablaze Lenins Dream Of An Empire In Asia:**

Setting the East Ablaze Peter Hopkirk,1985      **Setting the East Ablaze** Peter Hopkirk,2001 Peter Hopkirk s book tells for the first time the story of the Bolshevik attempt between the wars to set the East ablaze with the new gospel of Marxism Lenin s dream was to liberate the whole of Asia but his starting point was British India A shadowy undeclared war followed Among the players in this new Great Game were British Indian intelligence officers and the professional revolutionaries of the Communist International There were also Muslim visionaries and Chinese warlords as well as a White Russian baron who roasted his Bolshevik captives alive Here is an extraordinary tale of intrigue and treachery barbarism and civil war whose echoes continue to be heard in Central Asia today      **Setting the East Ablaze** Peter Hopkirk,1984      *Setting the East Ablaze* Peter Hopkirk,2006 Let us turn our faces towards Asia exhorted Lenin when the long awaited revolution in Europe failed to materialize The East will help us conquer the West Peter Hopkirk s book tells for the first time the story of the Bolshevik attempt to set the East ablaze with the heady new gospel of Marxism Lenin s dream was to liberate the whole of Asia but his starting point was British India A shadowy undeclared war followed Among the players in this new Great Game were British spies Communist revolutionaries Muslim visionaries and Chinese warlords as well as a White Russian baron who roasted his Bolshevik captives alive Here is an extraordinary tale of intrigue and treachery barbarism and civil war whose violent repercussions continue to be felt in Central Asia today      Rivalry and Revolution in South and East Asia Partha S. Ghosh,2019-05-23 First published in 1997 this study reveals the forces of nationalism and internationalism at work side by side in the populous and volatile regions of South and East Asia which make up the 11 chapters of this volume They cover regional security political economy territorial disputes and national unification Problems such as those of Cambodia and the nuclearization of India Pakistan and North Korea create serious international concern while unresolved regional issues force nationalistic and military conflict The irresistible popular pressure for economic integration with the global system often without any corresponding commitment to political freedom underlies it all The cumulative effect of these diverse processes creates an explosive mix of international rivalries and national revolutions which raises the question of the possible arrival of the Asian Century      Super Continent Kent E. Calder,2019-04-30 A Eurasian transformation is underway and it flows from China With a geopolitically central location the country s domestic and international policies are poised to change the face of global affairs The Belt and Road Initiative has called attention to a deepening Eurasian continentalism that has argues Kent Calder much more significant implications than have yet been recognized In *Super Continent* Calder presents a theoretically guided and empirically grounded explanation for these changes He shows that key inflection points beginning with the Four Modernizations and the collapse of the Soviet Union and culminating in China s response to the Global Financial Crisis and Crimea s annexation are triggering tectonic shifts Furthermore understanding China s emerging regional and global roles involves comprehending two ongoing transformations within China and across Eurasia as a whole and that the two are

profoundly interrelated Calder underlines that the geo economic logic that prevailed across Eurasia before Columbus and that made the Silk Road a central thoroughfare of world affairs for close to two millennia is reasserting itself once again

**Revolution, Defeat and Theoretical Underdevelopment** Loren Goldner,2016-08-01 The historical studies presented here examine four ideologies Leninism Trotskyism anarchism and anti imperialism still with us however different and diffuse in form They are a contribution to the worldwide Marx renaissance of recent decades which has helped clear away the legacies of the Second Third and Fourth Internationals not to mention of the real existing socialism of the Soviet Union and its bastard progeny These revolutionary predecessors did not fail because they had the wrong ideas in contrast to today they were merely embedded in an earlier dynamic where capitalism globally was not yet fully dominant The cases of Russia Turkey Spain and Bolivia allow us to measure the distance between their epoch and our own and to clear away their problematic legacies

**Great Game On** Geoff Raby,2024-11-12 Great Game On is the story of the remaking of the world order Historically China has sought its security by building dominant relationships with pliant states that accept its pre eminence Its expanding role and influence in Central Asia has been as incremental and piecemeal as it has been deliberate Without firing a shot China could potentially end the United States international primacy to become the most consequential global power With its emergence as the leading power in Eurasia based on its inexorable economic rise and Putin s folly in Ukraine China has been released from its past existential anxieties about land based threats from Eurasia It now has the chance to project its power globally as the US did from the early twentieth century when it became the dominant power in the western hemisphere What threats and risks must China address And what happens when China becomes the established stable dominant power in Eurasia Australia s former ambassador to China Geoff Raby takes the reader on a journey across Eurasia to understand the forces shaping its geopolitics Raby enriches this analysis by weaving his own travel stories experiences and adventures into the fabric of his narrative This book is geopolitics on a grand canvas written from the ground up

**The Caspian World** Abbas Amanat,Kevin Gledhill,Kayhan A. Nejad,2025-08-15 The Caspian World is a wide ranging exploration of the strategic political and commercial significance of the Caspian Sea a site where empires Russian Persian Ottoman and British competed warred and collaborated As with the Mediterranean the Indian Ocean or the Black Sea the geography of the Caspian Sea creates a sphere of unique political dynamics and possibilities and the essays in this volume describe the role of the Caspian as a force of connection as well as a source of threats to the states on its shores Rather than narrating history through binary state to state relationships however The Caspian World uncovers the sea as a space of multi sided exchanges and numerous centers tracing how the Caspian has shaped the commercial intellectual diplomatic and imperial projects throughout the region Contributors Ulfat Abdurasulov Abbas Amanat Elena Andreeva George Bournoutian Iurii Demin Layla S Diba Etienne Forestier Peyrat Kevin Gledhill Guido Hausmann Kayhan A Nejad Matthew P Romaniello Saghar Sadeghian Alisa Shablovskaia Ernest Tucker Denis V Volkov Murat Ya ar Rustin Zarkar

**Sword of Islam** John Francis Murphy, 2010-07-30 Undoubtedly timely and full of fascinating detail *Sword of Islam* is a thorough well researched and revealing account of global Islamic terrorism A military historian John F Murphy Jr traces the intricate interconnections among various terrorist cells including Osama Bin Laden s Al Qaeda and its relationship with the Taliban of Afghanistan the Muslim Brotherhood of Egypt Islamic Moro extremists in the Philippines obscure Algerian terrorist groups and other sympathetic underworld organizations in Lebanon the West Bank and the Gaza Strip Syria Libya Yemen Pakistan and even South America He also puts recent terrorist attacks in historical context by discussing such key events as the rise of Arab nationalism following Israel s victory in the 1948 war the Black September killings of Israeli athletes at the 1972 Olympics the 1976 rescue at Entebbe by Israeli commandos of hostages abducted by German terrorists the terrorist plots of the infamous Carlos the Jackal the bombing of the US Marine barracks in Beirut in 1983 and the impact of the 1979 Iranian Revolution and the Mujahideen resistance of the Russian invasion of Afghanistan in the same year This book supplies the answer to the question that has been on the minds of all Americans since September 11 Why do they hate us Murphy makes it clear that as the chief backer of Israel the United States is seen by extremists as the evil power behind the hated Zionist enemy But he also emphasizes that in the final analysis we are the only country with the power to bring these attacks to a halt

**British Jews and Imperial Service** Stephanie M. Chasin, 2023-12-28 In the wake of the devastating WWI three Jews headed the most valuable territory in the British Empire in addition to a strategically important new addition Edwin Montagu held the position of Secretary of State for India Rufus Isaacs Lord Reading was the newly appointed Viceroy of India and Herbert Samuel arrived in Jerusalem as the first High Commissioner of Palestine Their appointments came at a time of great upheaval as Indian nationalists clamoured for independence pan Islamists fought to keep the defeated Ottoman Empire intact and the sultan in Constantinople and Zionists sought to build on the wartime promise by the British government to create a Jewish homeland in Palestine in face of opposition by Palestinians and pan Islamists The task of tackling these issues was made all the more difficult by accusations that Jews were not loyal to the British Empire and its goals a view promoted by the appearance of the antisemitic Protocols of the Elders of Zion in English translation This book follows this web of divisive imperial politics and nationalist and pan Islamist aspirations in India and Palestine through the lives and work of these three men whose efforts were coloured by the post war fear of a declining empire that was being corroded from within

**Kazakhstan** Sally N. Cummings, 2002-10-01 Kazakhstan is the largest state in Central Asia Rich in oil gas and other natural resources and sandwiched between China and Russia it occupies a key geopolitical position the importance of which was further heightened following the attacks of 9 11 and subsequent wars in the wider Middle East But Kazakhstan was born by default gaining independence only reluctantly as the Soviet Union collapsed Its political elite facing complex tasks of state building also lacked a monoethnic base on which to build its legitimacy Based on original material and extensive interviews in the capital and three of the country s regions the book

places the elite in the country's broader institutional and historical context analysing their identity behaviour and how they gained and secured power in the early independence years Kazakhstan Power and the Elite is essential reading for all those interested in the history politics and international relations of this fascinating country **The 1929 Sino-Soviet War**

Michael Walker, 2021-02-01 For seven weeks in 1929 the Republic of China and the Soviet Union battled in Manchuria over control of the Chinese Eastern Railroad It was the largest military clash between China and a Western power ever fought on Chinese soil involving more than a quarter million combatants Michael M Walker's The 1929 Sino Soviet War is the first full account of what UPI's Moscow correspondent called the war nobody knew a limited modern war that destabilized the region's balance of power altered East Asian history and sent grim reverberations through a global community giving lip service to demilitarizing in the wake of World War I Walker locates the roots of the conflict in miscalculations by Chiang Kai shek and Chang Hsueh liang about the Soviets political and military power flawed assessments that prompted China's attempt to reassert full authority over the CER The Soviets on the other hand were dominated by a Stalin eager to flex some military muscle and thoroughly convinced that war would win much more than petty negotiations This was in fact Walker shows a watershed moment for Stalin his regime and his still young and untested military disproving the assumption that the Red Army was incapable of fighting a modern war By contrast the outcome revealed how unprepared the Chinese military forces were to fight either the Red Army or the Imperial Japanese Army their other primary regional competitor And yet while the Chinese commanders proved weak Walker sees in the toughness of the overmatched infantry a hint of the rising nationalism that would transform China's troops from a mercenary army into a formidable professional force with powerful implications for an overconfident Japanese Imperial Army in 1937 Using Russian Chinese and Japanese sources as well as declassified US military reports Walker deftly details the war from its onset through major military operations to its aftermath giving the first clear and complete account of a little known but profoundly consequential clash of great powers between the World Wars

**The "Russian" Civil Wars, 1916-1926** Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book's focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends

with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow

*Operation Nemesis* Eric Bogosian, 2024-09-24 A masterful account of the assassins who hunted down the perpetrators of the Armenian Genocide set in the context of Ottoman and Armenian history A dramatic work of history that reads like a thriller Michael Bobelian Los Angeles Times In 1921 a tightly knit band of killers set out to avenge the deaths of almost one million victims of the Armenian Genocide They were a humble bunch an accountant a life insurance salesman a newspaper editor an engineering student and a diplomat Together they formed one of the most effective assassination squads in history They named their operation Nemesis after the Greek goddess of retribution The assassins were survivors men defined by the massive tragedy that had devastated their people With operatives on three continents the Nemesis team killed six major Turkish leaders in Berlin Constantinople Tiflis and Rome only to disband and suddenly disappear The story of this secret operation has never been fully told until now Eric Bogosian goes beyond simply telling the story of this cadre of Armenian assassins by setting the killings in the context of Ottoman and Armenian history as well as showing in vivid color the era s history rife with political fighting and massacres Casting fresh light on one of the great crimes of the twentieth century and one of history s most remarkable acts of vengeance Bogosian draws upon years of research and newly uncovered evidence *Operation Nemesis* is the result both a riveting read and a profound examination of evil revenge and the costs of violence Absorbing reading Where it matters most he delivers in his gripping action accounts of Nemesis at work and in the sober assessment of its terrible aftermath Joseph Kanon New York Times Book Review Hitler asked Who remembers the Armenians Eric Bogosian that s who Read his potent action packed account of how a little known assassination plot harkens back to a world historical genocide and so will you Sarah Vowell author of *The Wordy Shipmates* and *Assassination Vacation* *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989 *Tibetan Buddhists in the Making of Modern China* Gray Tuttle, 2005 Gray Tuttle reveals the surprising role Buddhism and Buddhist leaders played in the development of the modern Chinese state and in fostering relations between Tibet and China from the Republican period 1912 1949 to the early years of Communist rule Tuttle offers new insights on the impact of modern ideas of nationalism race and religion in East Asia He draws on previously unexamined archival and governmental materials as well as personal memoirs of Chinese politicians and Buddhist monks and ephemera from religious ceremonies **The Extraordinary Rise of the Russian Empire** Arthur C. Hasiotis, Ph.D., 2018-02-22 The Extraordinary Rise of the Russian Empire By Arthur C Hasiotis Ph D Political and cultural biases must not be allowed to misrepresent historical writings and an accurate representation of the truth Otherwise generations of citizens and leaders will lack the record and guidelines of what actually happened With this fundamental principle underlying the effort Arthur C Hasiotis Ph D gives us an impressive study of Russian history from its beginnings to the present day emphasizing Russia s relationship of confrontation and cooperation engagement and constraint with the great Western powers Challenging points in the standard historiography this book presents a powerful reinterpretation of

important movements and events As such it is far from a dry history but dives into a number of topical controversies and key geopolitical questions which will keep readers both piqued and informed Comes with an extensive subject ordered bibliography and thorough panoply of documentation     *The International Workers' Relief, Communism, and Transnational Solidarity* Kasper Braskén, 2015-08-11 The first major study on the making of new cultures movements and public celebrations of transnational solidarity in Weimar Germany The book shows how solidarity was used to empower the oppressed in their liberation and resistance movements and how solidarity networks transferred visions and ideas of an alternative global community     **The New Continentalism** Kent E. Calder, 2012-04-24 In this groundbreaking book Kent E Calder argues that a new transnational configuration is emerging in Asia driven by economic growth rising energy demand and the erosion of longstanding geopolitical divisions What Calder calls the New Silk Road with a strengthening multi faceted relationship between East Asia and the Middle East at its core could eventually emerge as one of the world s most important multilateral configurations Straddling the border between comparative politics and international relations theory this important book will stimulate debate and discussion in both fields
