Setting Municipal Priorities 1990:

Power Failure Charles Brecher, Raymond D. Horton, 1993-04-08 New York City's municipal government is the largest and most complex in the nation perhaps in the world Its annual operating budget is now a staggering 29 billion a year plus it has a capital budget of 4 billion more The city and its various agencies employ approximately 360 000 full time workers The Office of the Mayor alone employs some 1 600 people and spends some 135 million And the Police Department boasts a small army of over 25 000 officers with a budget of 1 5 billion Anyone wanting to make sense of an organization this vast needs an excellent guide In *Power Failure* Charles Brecher and Raymond Horton provide a complete guidebook to the political workings of New York City Ranging from 1960 to the present the authors explore in depth the political machinery behind City Hall from electoral politics to budgetary policy to the delivery of city services They examine the operation of the Office of the Mayor and the City Council covering everything from the number of members and their annual salaries Council Members receive 55 000 per year the Council President 105 000 to the mayoral races of John V Lindsay Abraham Beame and Edward I Koch Much of this encyclopedic work focuses on New York's ever present financial woes including the financial crisis of the mid 1970s when the City had an unaudited deficit of over a billion dollars and the public credit markets closed their doors They examine the repeated failure of collective bargaining to set wage policy before the annual operating budget is set which undermines the integrity of the budgetary process and they look at the main source of revenue the property tax homeowners pay 84 cents per hundred dollars of market value commercial property owners pay 4 31 a politically motivated imbalance which the authors find economically harmful and grossly unfair to renters and businesses Finally they examine service delivery and discover not surprisingly that the highest local taxes in the nation are not spent efficiently The authors offer detailed looks at the uniformed services police fire sanitation corrections the Department of Parks and Recreation and the Health and Hospitals Corporation which operates the country's largest municipal hospital system revealing which departments are run well and which are not For New York City residents this is an essential volume for understanding City Hall Indeed anyone baffled by big city government whether you live in New York or in any major metropolis will find in this volume a wealth of information on how to run a city well and how to run it into the ground Setting Municipal Priorities, 1990 Charles Brecher, Raymond D. Horton, 1989

Setting Municipal Priorities. 1980-1990, 1980 **Black and Multiracial Politics in America** Yvette Marie Alex-Assensoh, Lawrence J. Hanks, 2000-11 Explores the intersections of race and ethnicity that stem from recent patterns of American immigration Essays focus on the politics of African Americans Latinos Asians Africans and to a lesser extent Whites with material structured around themes of political incorporation racial polarization political and media institutions political behaviors and race consciousness and gender Many essays use the scholarship on black politics as a point of departure for discussing the emerging political strategies of newer immigrant groups The editors teach political science at Indiana University c Book News Inc **Times Square Roulette** Lynne B.

Sagalyn, 2003-08-29 The compelling story of the politics policies and personalities that made Times Square's revitalization possible The spectacularly successful transformation of Times Square has become a model for other cities From its beginning as Longacre Square Times Square's commercialism signage cultural diversity and social tolerance have been deeply embedded in New York City's psyche Its symbolic role guaranteed that any plan for its renewal would push the hot buttons of public controversy free speech property taking through eminent domain development density tax subsidy and historic preservation In Times Square Roulette Lynne Sagalyn debunks the myth of an overnight urban miracle performed by Disney and Mayor Giuliani to tell the far more complex and commanding tale of a twenty year process of public controversy nonstop litigation and interminable delay She tells how the troubled execution of the original redevelopment plan provided a rare opportunity to rescript it And timing was all the mid 1990s saw rising international corporate interest in the city was a mecca for mass market entertainment and synergistic merchandising Sagalyn details the complex relationship between planning and politics and the role of market forces in shaping Times Square's redevelopment opportunities She shows how policy was wedded to deal making and how persistent individuals and groups forged both

A Phoenix in the Ashes John Hull Mollenkopf, 2021-04-13 In the years following its near bankruptcy in 1976 until the end of the 1980s New York City came to epitomize the debt driven deal oriented economic boom of the Reagan era Exploring the interplay between social structural change and political power during this period John Mollenkopf asks why a city with a large minority population and a long tradition of liberalism elected a conservative mayor who promoted real estate development and belittled minority activists Through a careful analysis of voting patterns political strategies of various interest groups and policy trends he explains how Mayor Edward Koch created a powerful political coalition and why it ultimately failed [EPA 200-B](#), 1996-10 [The Urban Underclass](#)

Christopher Jencks, Paul E. Peterson, 2001-08-09 Many believe that the urban underclass in America is a large rapidly increasing proportion of the population that crime teenage pregnancy and high school dropout rates are escalating and that welfare rolls are exploding Yet none of these perceptions is accurate Here noted authorities including William J Wilson attempt to separate the truth about poverty social dislocation and changes in American family life from the myths that have become part of contemporary folklore

Public Hospital Systems in New York and Paris Victor Rodwin, 1992 With sixteen hospitals and almost 10 500 beds the New York City Health and Hospitals Corporation HHC is the largest municipal hospital system in the United States With forty seven hospitals and almost thirty three thousand beds the Paris Hospital Corporation Assistance Publique Hopitaux de Paris AP is three times as large the biggest municipal hospital system in France

This book compares these two vast systems It analyzes staffing outpatient and inpatient care the desirability of private faculty practice plans budgeting quality assurance and the role of medical education in these two very different systems In addition it reviews how both HHC and AP plan to adapt their systems over the next decade and beyond Aging populations the development and diffusion of new medical technologies and the growth of hospitals and physicians throughout the 1960s and 1970s have led to massive increases in health care costs in both the United States and in France Both New York City and Paris have suffered the shock of the AIDS epidemic Detailed informed and authoritative this book will stand for years as the standard comparative study of two large municipal hospital systems **Strategic Recreation Management** Jay

Shivers, Joseph Halper, 2011-12-16 Strategic Recreation Management is a comprehensive and up to date introduction to the fundamental principles managerial techniques and practices in the public administration of recreational services It covers every key facet of public management as it concerns recreational service including organizational operational planning developmental and managerial procedures as well as examining all the contextual factors that influence the delivery of recreation such as political pressures economics social considerations physical resources and citizens perception of the field and its performance Each chapter offers illustrative case studies from the real world of recreation management with chapters sequenced to represent the typical day to day challenges and issues in recreation service Authors Jay Shivers and Joseph Halper have many years experience of working in the recreational sector as educators and practitioners and the result is a textbook that provides the perfect foundation for any degree level course in recreation management as well as being an indispensable reference for all professionals working in recreation service **Community Power in a Postreform City**

Robert F. Pecorella, 2019-07-26 This book represents the culmination of several years of research on community politics in New York City One Nation Divisible Michael B. Katz, Mark J. Stern, 2006-03-16 American society today is hardly

recognizable from what it was a century ago Integrated schools an information economy and independently successful women are just a few of the remarkable changes that have occurred over just a few generations Still the country today is influenced by many of the same factors that revolutionized life in the late nineteenth century immigration globalization technology and shifting social norms and is plagued by many of the same problems economic social and racial inequality One Nation Divisible a sweeping history of twentieth century American life by Michael B Katz and Mark J Stern weaves together information from the latest census with a century s worth of data to show how trends in American life have changed while inequality and diversity have endured One Nation Divisible examines all aspects of work family and social life to paint a broad picture of the American experience over the long arc of the twentieth century Katz and Stern track the transformations of the U S workforce from the farm to the factory to the office tower Technological advances at the beginning and end of the twentieth century altered the demand for work causing large population movements between regions These labor market shifts fed both the explosive growth of cities at the dawn of the industrial age and the sprawling suburbanization of today

One Nation Divisible also discusses how the norms of growing up and growing old have shifted Whereas the typical life course once involved early marriage and living with large extended families Americans today commonly take years before marrying or settling on a career path and often live in non traditional households Katz and Stern examine the growing influence of government on trends in American life showing how new laws have contributed to more diverse neighborhoods and schools and increased opportunities for minorities women and the elderly One Nation Divisible also explores the abiding economic paradox in American life while many individuals are able to climb the financial ladder inequality of income and wealth remains pervasive throughout society The last hundred years have been marked by incredible transformations in American society Great advances in civil rights have been tempered significantly by rising economic inequality One Nation Divisible provides a compelling new analysis of the issues that continue to divide this country and the powerful role of government in both mitigating and exacerbating them A Volume in the Russell Sage Foundation Census Series Bringing Outsiders In Jennifer Hochschild, John Mollenkopf, 2011-05-02 For immigrants politics can play a significant role in determining whether and how they assimilate In Bringing Outsiders In leading social scientists present individual cases and work toward a comparative synthesis of how immigrants affect and are affected by civic life on both sides of the Atlantic Just as in the United States large immigrant minority communities have been emerging across Europe While these communities usually make up less than one tenth of national populations they typically have a large presence in urban areas sometimes approaching a majority That immigrants can have an even greater political salience than their population might suggest has been demonstrated in recent years in places as diverse as Sweden and France Attending to how local and national states encourage or discourage political participation the authors assess the relative involvement of immigrants in a wide range of settings Jennifer Hochschild and John Mollenkopf provide a context for the particular cases and comparisons and draw a set of analytic and empirical conclusions regarding incorporation **Community Power in a Postreform City** Eugene B. Rumer, Dmitrii Trenin, Huasheng Zhao, 2007 The eminent contributors to this volume offer a four part analysis of Central Asia's new importance in world affairs since the disintegration of the Soviet Union New York Court of Appeals. Records and Briefs. New York (State)., *Working-Class New York* Joshua B. Freeman, 2021-04-20 A lucid detailed and imaginative analysis The Nation of the model city that working class New Yorkers created after World War II and its tragic demise More than any other city in America New York in the years after the Second World War carved out an idealistic and equitable path to the future Largely through the efforts of its working class and the dynamic labor movement it built New York City became the envied model of liberal America and the scourge of conservatives everywhere cheap and easy to use mass transit work in small businesses and factories that had good wages and benefits affordable public housing and healthcare for all Working Class New York is an engrossing Dissent account of the birth of that ideal and the way it came crashing down In what Publishers Weekly calls absorbing and beautifully detailed history historian Joshua Freeman shows how the anticommunist

purges of the 1950s decimated the ranks of the labor movement and demoralized its idealists and how the fiscal crisis of the mid 1970s dealt another crushing blow to liberal ideals as the city's wealthy elite made a frenzied grab for power A grand work of cultural and social history *Working Class New York* is a moving chronicle of a dream that died but may yet rise again

Spatial Regulation in New York City Themis Chronopoulos, 2012-03-28 This book explores and critiques the process of spatial regulation in post war New York focusing on the period after the fiscal crisis of the 1970s examining the ideological underpinnings and practical applications of urban renewal exclusionary zoning anti vagrancy laws and order maintenance policing It argues that these practices were part of a class project that deflected attention from the underlying causes of poverty eroded civil rights and sought to enable real estate investment high end consumption mainstream tourism and corporate success

Latinos in a Changing US Economy Rebecca Morales, Frank Bonilla, 1993-02-25 The contributors identify the increasing differences in income and social status between rich and poor Anglos and Latinos men and women immigrant and native born and suggest policy options that will reverse the growth of social inequality National data as well as a series of case studies from important Latino cities such as New York Los Angeles San Antonio Chicago and Miami are presented
