Panopticon versus New South Wales and other writings on Australia Tim Causer, Philip Schofield, 2022-02-24 The present edition of *Panopticon versus New South Wales and other writings on Australia* consists of fragmentary comments headed New Wales dating from 1791 a compilation of material sent to William Wilberforce in August 1802 three Letters to Lord Pelham and A Plea for the Constitution written in 1802 3 and Colonization Company Proposal written in August 1831 the majority of which is published here for the first time These writings with the exception of Colonization Company Proposal are intimately linked with Bentham's panopticon penitentiary scheme which he regarded as an immeasurably superior alternative to criminal transportation the prison hulks and English gaols in terms of its effectiveness in achieving the ends of punishment He argued moreover that there was no adequate legal basis for the authority exercised by the Governor of New South Wales In contrast to his opposition to New South Wales Bentham later composed Colonization Company Proposal in support of a scheme proposed by the National Colonization Society to establish a colony of free settlers in southern Australia He advocated the vicinity maximizing principle whereby plots of land would be sold in an orderly fashion radiating from the main settlement and suggested that within a few years the government of the colony should be transformed into a representative democracy

The Sydney Wars Stephen Gapps, 2018-05-01 The *Sydney Wars* tells the history of military engagements between Europeans and Aboriginal Australians described as this constant sort of war by one early colonist around the greater Sydney region Telling the story of the first years of colonial Sydney in a new and original way this provocative book is the first detailed account of the warfare that occurred across the Sydney region from the arrival of a British expedition in 1788 to the last recorded conflict in the area in 1817 The *Sydney Wars* sheds new light on how British and Aboriginal forces developed military tactics and how the violence played out Analysing the paramilitary roles of settlers and convicts and the militia defensive systems that were deployed it shows that white settlers lived in fear while Indigenous people fought back as their land and resources were taken away Stephen Gapps details the violent conflict that formed part of a long period of colonial strategic efforts to secure the Sydney basin and in time the rest of the continent A powerful and cogent contribution to one of the most contentious aspects of Australian history the war between British settlers and the First Nations The fine detailed research will mean that we will have to radically reassess our understanding of the history of the first thirty years of settlement Henry Reynolds
