Seus 30 Melhores Contos:

Seus 30 melhores contos Machado de Assis, 1987 Machado de Assis wrote almost 200 short stories. A vote organized among 13 writers chose the master's 30 best short stories for this anthology. The collection also features the first and last short stories written by the most refined and entertaining, the most delicious prose writer in Brazilian fictional literature. Psychologist, sociologist, and philosopher but above all an artist and first-class inventor, Machado demonstrates in these narratives his full potential as an observer and critic of human passions. With fine irony, he walks through the neighborhoods of Rio de Janeiro, examining the virtues and vices of unforgettable characters. *Machado de Assis, seus 30 melhores contos* Machado de Assis, 1961 *A Century of Brazilian Documentary Film* Darlene J. Sadlier, 2022-08-16 Since the late nineteenth century, Brazilians have turned to documentaries to explain their country to themselves and to the world. In a magisterial history covering one hundred years of cinema, Darlene J. Sadlier identifies Brazilians' unique contributions to a diverse genre while exploring how that genre has in turn contributed to the making and remaking of Brazil. *A Century of Brazilian Documentary Film* is a comprehensive tour of feature and short films that have charted the social and political story of modern Brazil. The Amazon appears repeatedly and vividly. Sometimes as in a prize-winning 1922 feature, the rainforest is a galvanizing site of national pride; at other times, the Amazon has been a focus for land reform and Indigenous rights activists. Other key documentary themes include Brazil's swings from democracy to dictatorship, tensions between cosmopolitanism and rurality, and shifting attitudes toward race and gender. Sadlier also provides critical perspectives on aesthetics and media technology, exploring how documentaries inspired dramatic depictions of poverty and migration in the country's Northeast and examining Brazilians' participation in streaming platforms that have suddenly democratized filmmaking. **Machado de Assis. Sadlier, 2008-10-01 The first comprehensive cultural history of Brazil to be written in English, *Brazil Imagined 1500 to the Present* captures the role of the artistic imaginary in shaping Brazil's national identity. Analyzing representations of Brazil throughout the world, this ambitious survey demonstrates the ways in which life in one of the world's largest nations has been conceived and revised in visual arts, literature, film, and a variety of other media. Beginning with the first explorations of Brazil by the Portuguese, Darlene J. Sadlier incorporates extensive source material, including paintings, historiographies, letters, poetry, novels, architecture, and mass media, to trace the nation's shifting sense of its own history. Topics include the oscillating themes of Edenic and cannibal encounters, Dutch representations of Brazil, regal constructs, the literary imaginary, Modernist utopias, good neighbor protocols, and filmmakers' revolutionary and dystopian images of Brazil. A magnificent panoramic study of race, imperialism, natural resources, and other themes in the Brazilian experience, this landmark work is a boon to the field. *Hispania*, 1962 Vol. 1 includes Organization number published Nov
