politics are often understood to be diametrically opposed to any expression of the supernatural what happens when those  
forms are themselves regarded as manifestations of spirits and other occult phenomena In Not Quite Shamans Morten Axel  
Pedersen explores how the Darhad people of Northern Mongolia s remote Shishged Valley have understood and responded to  
the disruptive transition to postsocialism by engaging with shamanic beliefs and practices associated with the past For much  
of the twentieth century Mongolia s communist rulers attempted to eradicate shamanism and the shamans who once served  
as spiritual guides and community leaders With the transition from a collectivized economy and a one party state to a global  
capitalist market and liberal democracy in the 1990s the people of the Shishged were plunged into a new and harsh world  
that seemed beyond their control Not quite shamans young unemployed men whose undirected energies erupted in  
unpredictable frightening bouts of violence and drunkenness that seemed occult in their excess became a serious threat to  
the fabric of community life Drawing on long term fieldwork in Northern Mongolia Pedersen details how for many Darhads  
the postsocialist state itself has become shamanic in nature In the ideal version of traditional Darhad shamanism shamans  
can control when and for what purpose their souls travel whether to other bodies landscapes or worlds Conversely caught  
between uncontrollable spiritual powers and an excessive display of physical force the not quite shamans embody the chaotic  
forms the free market neoliberal reform and government corruption that have created such upheaval in peoples lives As an  
experimental ethnography of recent political and economic transformations in Mongolia through the defamiliarizing prism of  
shamans and their lack Not Quite Shamans is an attempt to write about as well as theorize postsocialism and shamanism in a

**The Military Engineer;**  
**Journal of the Society of American Military Engineers** ,1926      *Essays and Reviews* Victor Shea,William Whitla,2000

*Essays and Reviews* is a collection of seven articles that appeared in 1860 sparking a Victorian culture war that lasted for at least a decade With pieces written by such prominent Oxford and Cambridge intellectuals as Benjamin Jowett Mark Pattison Baden Powell and Frederick Temple later archbishop of Canterbury the volume engaged the relations between religious faith and current topics of the day in education the classics theology science history literature biblical studies hermeneutics philology politics and philosophy Upon publication the church the university the press the government and the courts both ecclesiastical and secular joined in an intense dispute The book signaled an intellectual and religious crisis raised influential issues of free speech and questioned the authority and control of the Anglican Church in Victorian society The collection became a best seller and led to three sensational heresy trials Although many historians and literary critics have identified *Essays and Reviews* as a pivotal text of high Victorianism until now it has been almost inaccessible to modern readers This first critical edition edited by Victor Shea and William Whitla provides extensive annotation to map the various positions on the controversies that the book provoked The editors place the volume in its complex social context and supply commentary background materials composition and publishing history textual notes and a broad range of new supporting documents including material from the trials manifestos satires and contemporary illustrations Not only does such an annotated critical

edition of Essays and Reviews indicate the impact that the volume had on Victorian society it also sheds light on our own contemporary cultural institutions and controversies      **Adrienne Rich's Later Poetry** Alec Marsh, 2024-12-12 Reorienting understandings of Adrienne Rich's later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich's political vision can best be described as Marxist Humanist Until recently very little attention has been paid to Rich's interest in Marx there is no in depth treatment of the effect of Marx's humanistic philosophy on Rich's later work or even on her unwavering but altered dedication to Women's Liberation This book fills this gap showing how Rich's discovery of Marx's humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry      **Environmental Racism in the United States and Canada** Bruce E. Johansen, 2020-04-14 From Flint Michigan to Standing Rock North Dakota minorities have found themselves losing the battle for clean resources and a healthy environment This book provides a modern history of such environmental injustices in the United States and Canada From the 19th century extermination of the buffalo in the American West to Alaska's Project Chariot a Cold War initiative that planned to use atomic bombs to blast out a harbor on Eskimo land to the struggle for recovery and justice in Puerto Rico following Hurricane Maria in 2017 this book provides readers with an enhanced understanding of how poor and minority people are affected by natural and manmade environmental crises Written for students as well as the general reader with an interest in social justice and environmental issues this book traces the relationship between environmental discrimination race and class through a comprehensive case history of environmental injustices Environmental Racism in the United States and Canada Seeking Justice and Sustainability includes 50 such case studies that range from local to national to international crises      **Congressional Record** United States. Congress, 1999  
**The Lyceumite and Talent** ,1909      Collier's ,1922      **Tit-bits from All the Most Interesting Books, Periodicals and Newspapers in the World** ,1881      **The New International Encyclopædia: Supplement (Municipal government-Zweig) and Courses of Reading and Study** ,1925
