An Order Outside Time Robert B. Clarke, 2005-06-15 The line of Western Spirituality began in Egypt and continued through the time of Christ Has it become stalled in the years since Robert Clarke says yes it has In *The Four Gold Keys* Clarke going by his own spiritualization in the psychic depths argued that the way out of Western civilization s essential atheism lies in the psychological teachings of Swiss psychologist Carl Jung In *An Order Outside Time* Clarke reinterprets Western Spirituality using Jungian symbolism to show that the great stories of ancient Egypt and of the Old and New Testament are processes of what Jung called individuation This is the individual s journey from lowest to highest Self from Osiris to Horus from Moses to Joshua from David to Solomon from John the Baptist to Jesus Christ These pairings also reflect what Joseph Campbell calls the Hero s Journey which may ultimately spiritualize the whole culture Clarke traces the connections between Egyptian Jewish and Christian mythology and concluding that the West s spiritual lineage has become stalled maintains that we can attain wholeness only by making sense of the clues provided by our mythology This is the royal line of Higher Self incarnations through the collective unconscious The ultimate example of individuation Clarke says is the Christ who must now be further understood and developed And taking Christ as our symbol of the Self direct experience of the sacred by each of us can enable us to achieve our greatest spiritual potential both as individuals and as a whole culture *An Order Outside Time* shows how that spiritual journey began and how it must be continued
