**Tales of the Punjab Told by the People** Flora Annie Webster Steel, 1894 *Philosophical Perspective on Cinema* Pedro Blas González, 2022-05-17 The main premise of *Philosophical Perspective on Cinema* is simple Can a visual medium such as cinema put in greater perspective diverse aspects of human experience Films are usually sorted by genres but by applying metaphysical existential categories to cinema the author enables readers to reflect on the nature and essence of existence by making life appear less transparent to itself Undoubtedly the connection between sensual reality and philosophical reflection is often glossed over when the emphasis is placed on theoretical abstractions and not life itself While this work is a reflection on the philosophy of existence the author embraces a practical approach to the metaphysical existential foundation of human existence

**Tales of the Punjab, Told by the People** Steel, 1894 **Coming Back to a Theater Near You** Brian Hannan, 2016-06-14 In the Silent Era film reissues were a battle between rival studios every Mary Pickford new release in 1914 was met with a Pickford re release For 50 years after the Silent Era reissues were a battle between the studios who considered old movies found money and cinema owners who often saw audiences reject former box office hits In the mid 1960s the return of *The Bridge on the River Kwai* 1957 the second biggest reissue of all time altered industry perceptions and James Bond double features pushed the revival market to new heights In the digital age reissues have continued to confound the critics This is the untold hundred year story of how old movies saved new Hollywood Covering the booms and busts of a recycling business that became its own industry the author describes how the likes of Charlie Chaplin Humphrey Bogart and Alfred Hitchcock won over new generations of audiences and explores the lasting appeal of films like *Napoleon*

1927 *Gone with the Wind* 1939 *The Rocky Horror Show* 1975 *Blade Runner* 1982 **Broadway Actors in Films, 1894-2015** Roy Liebman, 2017-02-07 Many Broadway stars appeared in Hollywood cinema from its earliest days Some were 19th century stage idols who reprised famous roles on film as early as 1894 One was born as early as 1829 Another was cast in the performance during which Abraham Lincoln was assassinated One took her stage name from her native state Some modern day stars also began their careers on Broadway before appearing in films This book details the careers of 300 performers who went from stage to screen in all genres of film A few made only a single movie others hundreds Each entry includes highlights of the performer's career a list of stage appearances and a filmography **Piracy and Maritime Crime: Historical and Modern Case Studies** Bruce A. Ellerman, Andrew Forbes, David Rosenberg, 2011 *The Good, the Bad, and Me* Eli Wallach, 2005 The author recounts his early years in Brooklyn struggles to become an actor work with such stars as Marlon Brando and Marilyn Monroe and role as one of the earliest members of the famed Actors Studio

**Abraham Lincoln and White America** Brian R. Dirck, 2015-06-19 As Savior of the Union and the Great Emancipator Abraham Lincoln has been lauded for his courage wisdom and moral fiber Yet Frederick Douglass's assertion that Lincoln was the white man's president has been used by some detractors as proof of his fundamentally racist character Viewed objectively Lincoln was a white man's president by virtue of his own whiteness and that of the culture that produced him Until now however historians have rarely explored just what this means for our understanding of the man and his actions Writing at the vanguard of whiteness studies Brian Dirck considers Lincoln as a typical American white man of his time who bore the multiple assumptions prejudices and limitations of his own racial identity He shows us a Lincoln less willing or able to transcend those limitations than his more heroic persona might suggest but also contends that Lincoln's understanding and approach to racial bigotry was more enlightened than those of most of his white contemporaries Blazing a new trail in Lincoln studies Dirck reveals that Lincoln was well aware of and sympathetic to white fears especially that of descending into white trash a notion that gnawed at a man eager to distance himself from his own coarse origins But he also shows that after Lincoln crossed the Rubicon of black emancipation he continued to grow beyond such cultural constraints as seen in his seven recorded encounters with nonwhites Dirck probes more deeply into what white meant in Lincoln's time and what it meant to Lincoln himself and from this perspective he proposes a new understanding of how Lincoln viewed whiteness as a distinct racial category that influenced his policies As Dirck ably demonstrates Lincoln rose far enough above the confines of his culture to accomplish deeds still worthy of our admiration and he calls for a more critically informed admiration of Lincoln that allows us to celebrate his considerable accomplishments while simultaneously recognizing his limitations When Douglass observed that Lincoln was the white man's president he may not have intended it as a serious analytical category But as Dirck shows perhaps we should do so the better to understand not just the Lincoln presidency but the man himself

**Sacred Plunder** David M. Perry, 2015-06-18 In *Sacred Plunder* David Perry argues that plundered relics and narratives

about them played a central role in shaping the memorial legacy of the Fourth Crusade and the development of Venice's civic identity in the thirteenth century After the Fourth Crusade ended in 1204 the disputes over the memory and meaning of the conquest began Many crusaders faced accusations of impiety sacrilege violence and theft In their own defense they produced hagiographical narratives about the movement of relics a medieval genre called *translatio* that restated their own versions of events and shaped the memory of the crusade The recipients of relics commissioned these unique texts in order to exempt both the objects and the people involved with their theft from broader scrutiny or criticism Perry further demonstrates how these narratives became a focal point for cultural transformation and an argument for the creation of the new Venetian empire as the city moved from an era of mercantile expansion to one of imperial conquest in the thirteenth century *The Arabian Nights II*, 1996 From the critically acclaimed translator of *The Arabian Nights* comes a volume of the four most popular later stories Sindbad the Sailor Ali Baba and the Forty Thieves Ala al Din Aladdin and the Magic Lamp and Qamar al Zaman Readers will discover in each a world of high flamboyance and startling beauty humor and magic and lessons of loyalty and love's endurance **Arthur Koestler's Fiction and the Genre of the Novel** Zénó Vernyik, 2021-09-17
