Seven Hermetic Letters Georg Lomer, 1997-04 Seven Hermetic Letters is a course of instruction for the higher development of the spirit and the mysterious powers of the soul **Seven Hermetic Letters** ,2022-06 Seven Hermetic Letters is a course of instruction for the higher development of the spirit and the mysterious powers of the soul The exercises in this book are organized in such a way that the novice can progress without the benefit of a teacher a guru and the advanced student in Hermetics will find many missing links in the practice of the holy art of Hermetics These letters by Dr Georg Lomer are undoubtedly some of the best and most basic exercises for the attainment of higher knowledge and ultimate wisdom An excellent basic precursor to the Franz Bardon system of universal magic Seven Hermetic Letters ,2022-06-01 In the appendix to the first edition of Franz Bardon s novelized autobiography Frabato the Magician the reader will find excerpts from Dr Georg Lomer s work now embodied in this book At that time it was not known to the publisher that the material published under the title of High Magic was in fact the work of Dr Lomer The manuscripts included no reference to this author and though his name was contained in the Czech translation this was not known to the original German publisher until recently It is however important to note that Franz Bardon considered Dr Lomer s instructions to be of great value otherwise he would not have had them translated into Czech for the benefit of his students Dr Lomer s Seven Hermetic Letters belong without a doubt among the most valuable magical treatises of the 20th century providing incredible insight into one s spirit and astral nature The original title contained the words secret science which since the publication of the Bardon books have lost their earlier significance We are aware that many students do not adhere strictly to the instructions of the masters and do their exercises aimlessly without giving any serious thought to the consequences Dr Lomer recommends exercises whereby the consciousness is transferred into the feet and other parts of the body For those who have reached the magical equilibrium in accordance with the instructions given in Bardon s Initiation into Hermetics these exercises are not harmful Without this magical equilibrium however the student subjects himself to certain dangers concerning which Bardon warns us in The Key to the True Kabbalah pp 55 58 1996 edition In these days self cognition is not much in demand that is why the strictness of Dr Lomer s instructions may touch some readers unpleasantly But he who has the strong wish for spiritual perfection or simply theoretical knowledge will not be discouraged The exercises of spiritual astral and physical asceticism are intended to serve a higher purpose rather than one s own selfish desires Beyond the Narratives John Michael Greer, 2020-10-26 Studies on druidry Jungian psychology politics history and the time ahead In 2003 John Michael Greer became the seventh Grand Archdruid of the Ancient Order of Druids in America AODA an initiatory organization teaching Celtic nature spirituality which was founded in 1912 The outcome was that his writings began to stray into territory very far from the Hermetic occult philosophy that had been the previous focus of his career The essays included in this volume chronicle some of the themes he explored as a result Druidry Jungian psychology politics history and the shape

Hathaway, 2012-12-06 Neoplatonism begins explicitly with Plotinus in the third century of our era The later Neoplatonism of the fifth and sixth century schools at Athens and Alexandria was both the continuation of the philosophy of Plotinus and also a pagan ideology When these schools were closed despite attempts at compromise at Alexandria and as a result of direct and indirect political pressures and actions pagan ideology died Many philosophers such as Isidore Asclepiodotus Damascius and Olym piodorus must have foreseen the danger to philosophy and their extant writings are sprinkled with forebodings Would the death of pagan ideology in the form of pagan worship and the Homeric and Orphic traditions bring about the death of all genuine philosophy as well One answer to this great question is found in the enigmatic writings of Ps Dionysius the

Areopagite Purposing to be the writings of the Athenian convert of St Paul they fall within the province of a multitude of so called pseudepigraphic Christian writings 1 GENERAL ARGUMENT I embarked on the study of Ps Dionysius Letters with two goals in mind r to grasp in clear detail the unknown author s philosophic intentions in writing his famous Corpus and the way in which he set about writing and 2 to attempt to see with precision the reason for the absence of a political philosophy in Christian Platonism The Letters provided a richness of detail and information bearing on the first subject which was wholly unexpected

Hebrews, the General Letters, and Revelation Charles B. Puskas,2016-10-28
Most New Testament NT introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation The focus in these introductions is often on the four Gospels and the Letters of Paul As important as these books are one should not neglect with only a brief survey the treatment of Hebrews the General Letters and the book of Revelation The title given later to the collection Catholic Epistles or General Letters is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues Nevertheless these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation When and why was each book written By whom and to whom was each book written What are some special features of each book How soon or late was each book included in the NT collection Answers to many of these questions are tentative The assured results of scholarship are in continual need of reevaluation Since the 1980s a host of diverse studies have emerged and I have endeavored to include them when they are relevant to the discussion

differences in the religious and ethical convictions underlying their politics and poetic stance The issues that drew them together and those that drove them apart create a powerful personal drama with far reaching historical and cultural significance The editors have provided a critical Introduction full notes a chronology and a glossary of names Essays in Renaissance Thought and Letters ,2015-07-14 Essays in Renaissance Thought and Letters is a volume dedicated to John Monfasani renowned scholar of Latin and Greek rhetoric and philosophy These essays range from Antiquity to the Enlightenment in genre from learned notes to editiones principes and in discipline from intellectual to socio economic history An introduction to Monfasani s life and works and a list of his opera open the volume Contributors include Michael J B Allen S ndor Bene Concetta Bianca Robert Black Christopher Celenza Brian Copenhaver John Demetracopoulos James Hankins Martin Hinterberger Thomas Izbicki David Jacoby Peter Mack Lodi Nauta David Rundle David Rutherford Chris Schabel April Shelford and Thomas M Ward *The Collected Letters of W. Aršāma and his World: The Bodleian Letters in Context Christopher J. Tuplin,John Ma,2020-12-29 During the Second World War the Bodleian Library in Oxford acquired a set of Aramaic letters eight sealings and the two leather bags in which the sealed letters were once stored The letters concern the affairs of Ar ma satrap of Egypt in the later fifth century Taken with other material associated with him mostly in Aramaic Demotic Egyptian and Akkadian they illuminate the Achaemenid world of which Ar ma was a privileged member and evoke a wide range of social economic cultural organizational and political perspectives from multi lingual communication storage and disbursement of resources and satrapal remuneration to cross regional ethnic movement long distance travel religious practice and iconographic projection of ideological messages Particular highlights include a travel authorization the only example of something implicit in numerous Persepolis documents texts about the religious life of the Judean garrison at Elephantine Ar ma s magnificent seal a masterpiece of Achaemenid glyptic inherited from a son of Darius I and echoes of temporary disturbances to Persian management of Egypt But what is also impressive is the underlying sense of systematic coherence founded on and expressed in the use of formal even formalized written communication as a means of control The Ar ma dossier is not alone in evoking that sense but its size variety and focus upon a single individual give it a unique quality Though this material has not been hidden from view it has been insufficiently explored it is the purpose of the three volumes of Ar ma and his World *The Bodleian Letters in Context* to provide the fullest presentation and historical contextualization of this extraordinary cache yet attempted Volume I presents

and translates the letters alongside a detailed line by line commentary while Volume II reconstructs the two seals that made the clay bullae that sealed the letters with special attention to Ar ma s magnificent heirloom seal Volume III comprises a series of thematic essays which further explore the administrative economic military ideological religious and artistic environment to which Ar ma and the letters belonged
