George Vicesimus Wigram, 1843

The Englishman's Hebrew Concordance of the Old Testament George V. Wigram, 1996

This new edition of the standard work *The Englishman's Hebrew Concordance of the Old Testament* is an improved and corrected edition that features a new larger format. Now coded to Strong's it is invaluable in Bible study for those who do not know Hebrew. A new index of out of sequence Strong's numbers allows the reader to quickly and easily locate any word by its Strong's number. The Hebrew and English indexes have been retained.

Everyman and Mankind Douglas Bruster, Eric Rasmussen, 2011-11-01. *Everyman and Mankind* are morality plays which mark the turn of the medieval period to the early modern with their focus on the individual. *Everyman* follows a man's journey towards death and his efforts to secure himself a life thereafter whilst *Mankind* shows a man battling with temptation and sin often with great humour. Both texts are modernised here and edited to the highest standards of scholarship with full on page commentaries giving the depth of information and insight associated with all Arden editions. The comprehensive illustrated introduction argues that the plays signal the birth of the early modern consciousness and puts them in their historic and religious contexts. An account is also given of the staging and performance history of the plays and their critical history and significance. With a wealth of helpful and incisive commentary this is the finest edition of the plays available.

Revelation 12-22 (ITC) Peter J. Leithart, 2018-02-22. The Book of Revelation is the last book in the canon of the New Testament and its only apocalyptic document though there are short apocalyptic passages in various places in the gospels and the epistles. This second of two volumes on Revelation offers a systematic and thorough interpretation of the latter chapters of the book. Revelation brings together the worlds of heaven, earth and hell in a final confrontation between the forces of good and evil. Its characters and images are both real and symbolic, spiritual and material, and it is frequently difficult to know the difference between them. Revelation's cryptic nature has ensured that it would always be a source of controversy. This commentary focuses on the theological content, gleaned the best from both the classical and modern commentary traditions, and showing the doctrinal development of Scriptural truths. Scholarship on the book of Revelation has nonetheless not only endured but even captured the imagination of generations of Bible students, both professionals and laypeople alike. Through its focus on the message of the book through scholarly analysis, this ITC reconnects to the ecclesial
