Callon, 2000-01-01 Seventeenth Century Songs, 1959 *The Winter's Tale* William Shakespeare, 2014-09-25 One of Shakespeare's later plays best described as a tragicomedy the play falls into two distinct parts In the first Leontes is thrown into a jealous rage by his suspicions of his wife Hermione and his best friend and imprisons her and orders that her new born daughter be left to perish The second half is a pastoral comedy with the lost daughter Perdita having been rescued by shepherds and now in love with a young prince The play ends with former lovers and friends reunited after the apparently miraculous resurrection of Hermione John Pitcher's lively introduction and commentary explores the extraordinary merging of theatrical forms in the play and its success in performance As the recent Sam Mendes production at the Old Vic shows this is a play that can work a kind of magic in the theatre *The Oxford History of Poetry in English*, 2024-10-25 The Oxford History of Poetry in English OHOPE is designed to offer a fresh multi-voiced and comprehensive analysis of poetry from Anglo-Saxon culture through contemporary British Irish American and
