Seventh Solitude Metaphysical Homelessness:

The Seventh Solitude Ralph Harper, 1965 In these three predecessors of existentialism all of whom were profoundly influenced by Stendhal the author finds evidence of that spiritual isolation which leads ultimately to personal solitude and philosophical nihilism To these negative modes of being he opposes the alternatives embodied by St Augustine and Proust the passion for God and the passion for creation The Seventh Solitude: metaphysical homelessness... Ralph Harper, *The Seventh Solitude* Ralph Harper, 1965 The Seventh Solitude Ralph Harper, 1967 Solitude Philip Koch, 2015-12-15 In Koch's Solitude both solitude and engagement emerge as primary modes of human experience equally essential for human completion This work draws upon the vast corpus of literary reflections on solitude especially Lao Tze Sappho Plotinus Augustine Petrarch Montaigne Goethe Shelley Emerson Thoreau Whitman and Proust Koch uses the work of philosophers historians and writers as well as texts such as the Bible to show what solitude is and isn't and what being alone can do to and for the individual Interesting for its literary scope and its conclusions about all the good true solitude can bring us Booklist Reading this book is like dipping into many minds fierce and gentle The author reveals his long study of great philosophers and interprets their thoughts through the lens of his own experience with solitude He traces our early brushes with solitude and the fear it can engender then the craving for solitude that comes with full adult lives NAPRA Review *Kierkegaard and the Self Before God* Simon D. Podmore, 2011-02 Simon D Podmore claims that becoming a self before God is both a divine gift and an anxious obligation Before we can know God or ourselves we must come to a moment of recognition How this comes to be as well as the terms of such acknowledgment are worked out in Podmore's powerful new reading of Kierkegaard As he gives full consideration to Kierkegaard's writings Podmore explores themes such as despair anxiety melancholy and spiritual trial and how they are broken by the triumph of faith forgiveness and the love of God He confronts the abyss between the self and the divine in order to understand how we can come to know ourselves in relation to a God who is apparently so wholly Other **Augustine and Kierkegaard** Kim Paffenroth, John Doody, Helene Tallon Russell, 2017-09-20 This volume is a continuation of our series exploring Saint Augustine's influence on later thought this time bringing the fifth century bishop into dialogue with 19th century philosopher theologian social critic and originator of Existentialism Soren Kierkegaard The connections contrasts and sometimes surprising similarities of their thought are uncovered and analyzed in topics such as exile and pilgrimage time and restlessness inwardness and the church as well as suffering evil and humility The implications of this analysis are profound and far reaching for theology ecclesiology and ethics *Nietzsche and Schiller* Nicholas Martin, 1996 This book the first to attempt a thorough comparison of Nietzsche's and Schiller's thought examines their programmes to reform the individual through aesthetic experience with reference primarily to Nietzsche's *Die Geburt der Tragodie* and Schiller's *Asthetische Briefe* It counters the prejudice that Nietzsche and Schiller represent a black and white contrast draws a convincing picture of their shared cultural heritage and assumptions and assesses the nature and

implications of their claims for the untimeliness of aesthetic experience and of their proposed reforms to man and society
