Seventy Six One World And The Cantos Of Ezra Pound:

'76, **One World and the Cantos of Ezra Pound** Forrest Read, 1981 Read's revolutionary work postulates that there is a hidden key to Pound's lifework a hermetic coherence created from a pagan calendar that Pound devised and published in 1922 and from the Great Seal and Constitution of the United States From these Read extrapolates an elaborate combination of heraldry numerology and geometry that he applies to Pound's entire poetic work Discussing each canto separately Read shows that the designs paradigms and arcana were deliberately constructed *A Poem Containing History* Lawrence S. Rainey, 1997 A suggestive survey of new approaches to a twentieth century classic **Seventy Six** Forrest Read, **A Companion to The Cantos of Ezra Pound** Carroll F. Terrell, 1993-04-16 The Companion is a major contribution to the literary evaluation of Pound's great but often bewildering and abstruse work The Cantos Available in a one volume paperback edition for the first time the Companion brings together in conveniently numbered glosses for each canto the most pertinent details from the vast body of work on the Cantos during the last thirty years The Companion contains 10 421 separate glosses that include translations from eight languages identification of all proper names and works Pound's literary and historical allusions and other exotica with exegeses based upon Pound's sources Also included is a supplementary bibliography of works on Pound newly updated and an alphabetized index to The Cantos Readings in the Cantos Richard Parker, 2018 This volume offers clear readings of 28 Cantos from The Cantos of Ezra Pound in 23 essays written by eminent Poundians with careful explanation of sources balanced with critical analysis of Pound's project *A Companion to the Cantos of Ezra Pound* Carroll Franklin Terrell, 1980-01-01 *The Ezra Pound Encyclopedia* Demetres P. Tryphonopoulos, Stephen J. Adams, 2005-04-30 Ezra Pound forever changed the course of poetry The author of a vast body of literature his enormous range of references and use of multiple languages make him one of the most obscure authors and because of his Fascism anti-Semitism and questionable sanity one of the most controversial This encyclopedia is a concise yet comprehensive guide to his life and writings Included are more than 250 alphabetically arranged entries on such topics as Arabic history Chinese translation dance Hilda Doolittle Egyptian literature Robert Frost and Pound's publications The entries are written by roughly 100 expert contributors and cite works for further reading Ezra Pound forever changed the course of poetry His vast body of poetry and critical works make him one of the 20th century's most prolific writers and his influence has shaped later poets great and small His enormous range of references deliberate obscurity and use of multiple languages make him one of the most difficult authors and because of his Fascism anti-Semitism and questionable sanity one of the most controversial figures in American literary history This encyclopedia is a concise yet comprehensive guide to his life and writings Ezra Pound's Adams Cantos David Ten Eyck, 2013-02-28 Ezra Pound transformed his style of poetry when he wrote The Adams Cantos in the 1920s But what caused him to rethink his earlier writing techniques Grounded in archival material this study explores the extent to which Pound's poetry changed in response to his reading of 17th century American History and the

social climate of the pre war period Drawing on the Ezra Pound papers David Ten Eyck documents the changes to Pound s documentary techniques establishing a chronology of the composition of The Cantos His close readings of specific passages set against the interwar years allow Ten Eyck to gain insights into Pound s 1930s political and social criticism Through references to the annotated copy of The Works of John Adams he explores Pound s engagement with Adams at the expense of Thomas Jefferson a figure formally at the heart of his previous work Ultimately this contextual and archival study uses John Adams and America to unlock the fascist beliefs and the later poetry of Ezra Pound *Language, Sexuality, and Ideology in Ezra Pound's Cantos* Jean-Michel Rabaté,1986-02-01 Ezra Pound s Cantos remains among the most influential and difficult of twentieth century poetic writings But now for the first time Rabat s powerful and original study presents a theory of reading adequate to the challenge of Pound s writing Using elements from Lacanian psycho analysis and Heidegger s powerful meditation of poetry and language this book constructs a theory of reading which both gives full force to the strategies of writing deployed in the Cantos and to the historical and political situations to which those strategies are a response This study provides a fresh reading of the familiar Pound canon Homer Dante Ovid but also of the less well known Ruskin Browning Frobenius Pound s practice of quotation is understood in the context of a new poetic discourse characterized by parapraxis ellipsis condensation and autonomous voices which refer the division of the speaking subject back to an omniform intellect capable of taking on any new personality at will Crucial to an understanding of Pound s situation is the relationship between Chinese and Greek culture an analysis of which allows Rabat to elaborate the tragic dimension in Pound s life and works This book also parallels and contrasts Pound with his major contemporaries such as Eliot and Joyce and with his immediate heirs like William Carlos Williams H D Zukofsky and Olson Ezra Pound Among the Poets George Bornstein,1988-10-03 Be influenced by as many great writers as you can said Ezra Pound Pound was an assimilative poet par excellence as George Bornstein calls him a writer who more often adhered to a classical conception of influence as benign and strengthening than to an anxiety model of influence To study Pound means to study also his precursors Homer Ovid Li Po Dante Whitman Browning as well as his contemporaries Yeats Williams and Eliot These poets discussed here by ten distinguished critics stimulated Pound s most important poetic encounters with the literature of Greece Rome China Tuscany England and the United States Fully half of these essays draw on previously unpublished manuscripts Modernist Alchemy Timothy Materer,2018-09-05 Modernist Alchemy takes a close look at the work of twentieth century poets whose use of the occult constitutes a recovery of discarded beliefs and modes of thought Yeats and Plath try to dismiss conventional religion Hughes captures a sense of adventure H D seeks to liberate repressed concepts while Duncan and Merrill hunt for a lost understanding of sexual identity which will allow for androgyny and homosexuality **Ezra Pound and China** Zhaoming Qian,2003-04-03 DIVExplores Ezra Pound s long fascination with Chinese literature and culture div Modernism and Homer Leah Culligan Flack,2015-09-16 A comparative study exploring the particular importance of Homer in the emergence

development and promotion of modernist writing **Approaches to Teaching Pound's Poetry and Prose** Demetres P. Tryphonopoulos, Ira B. Nadel, 2021-04-05 Offers pedagogical techniques for teaching works by Ezra Pound including his prosody his references to classical and Asian traditions and his role in modernism as well as his fascism anti-Semitism and other problematic beliefs Gives syllabus suggestions for undergraduate and graduate literature courses including many online resources *The Correspondence of Ezra Pound and the Frobenius Institute, 1930-1959* Ezra Pound, 2024-02-22 Collecting in full for the first time the correspondence between Ezra Pound and members of Leo Frobenius Forschungsinstitut für Kulturmorphologie in Frankfurt across a 30 year period this book sheds new light on an important but previously unexplored influence on Pound's controversial intellectual development in the Fascist era Ezra Pound's long term interest in anthropology and ethnography exerted a profound influence on early 20th century literary Modernism These letters reveal the extent of the influence of Frobenius concept of Paideuma on Pound's poetic and political writings during this period and his growing engagement with the culture of Nazi Germany Annotated throughout the letters are supported by contextualising essays by leading Modernist scholars as well as relevant contemporary published articles by Pound himself and his leading correspondent at the Institute the American Douglas C Fox *Between Positivism and T.S. Eliot* Flemming Olsen, 2008 Several critics have been intrigued by the gap between late Victorian poetry and the more modern poetry of the 1920s This book fills in the gap and analyzes one school of poetry and criticism written in the first decade of the 20th century until the end of the First World War To many readers and critics T.E. Hulme and the Imagists represent little more than a footnote But they were more than mere stepping stones in the transition Besides being experimenting poets most of them were acute critics of art and literature and they made the poetic picture the focus of their attention They were opposed not only to the monopoly of science which claimed to be able to decide what truth and reality really were but also opposed to the predictability and insipidity of much of the poetry of the late Tennyson and his successors Behind the discussions and experiments lay the great questions What is reality What are its characteristics How can we describe it Can we ever get to an understanding of it Hulme and the Imagists deserve to be taken seriously because of their untiring efforts and because they contributed to bringing about the reorientation that took place within the poetical and critical traditions **Sixteen Modern American Authors** Jackson R. Bryer, 1990 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies *Ezra Pound in Context* Ira B. Nadel, 2010-11-11 Long at the centre of the modernist project from editing Eliot's *The Waste Land* to publishing Joyce Pound has also been a provocateur and instigator of new movements while initiating a new poetics This is the first volume to summarize and analyze the multiple contexts of

Pound's work underlining the magnitude of his contribution and drawing on new archival textual and theoretical studies Pound's political and economic ideas also receive attention With its concentration on the contexts of history sociology aesthetics and politics the volume will provide a portrait of Pound's unusually international reach an American born modern poet absorbing the cultures of England France Italy and China These essays situate Pound in the social and material realities of his time and will be invaluable for students and scholars of Pound and modernism *The Celestial Tradition* Demetres P. Tryphonopoulos, 2010-10-30 Despite the painstaking work of Pound scholars the mythos of *The Cantos* has yet to be properly understood primarily because until now its occult sources have not been examined sufficiently Drawing upon archival as well as recently published material this study traces Pound's intimate engagement with specific occultists W B Yeats Allen Upward Alfred Orage and G R S Mead and their ideas The author argues that speculative occultism was a major factor in the evolution of Pound's extraordinary aesthetic and religious sensibility much noticed in Pound criticism The discussion falls into two sections The first section details Pound's interest in particular occult movements It describes the tradition of Hellenistic occultism from Eleusis to the present and establishes that Pound's contact with the occult began at least as early as his undergraduate years and that he came to London already primed on the occult Many of his London acquaintances were unquestionably occultists The second section outlines a tripartite schema for *The Cantos* katabasis dromena epopteia which in turn is applied to the poem It is argued here that *The Cantos* is structured on the model of a initiation rather than a journey and that the poem does not so much describe an initiation rite as enact one for the reader In exploring and attempting to understand Pound's occultism and its implications to his Pound's oeuvre Tryphonopoulos sheds new light upon one of the great works of modern Western literature **Paideuma** ,1981
