published by Routledge **The Eastern Roman Empire under the Severans** Julia Hoffmann-Salz, Matthäus Heil, Holger Wienholz, 2024-06-17 The year of the four emperors in AD 193 shows the cosmopolitan interconnectedness of the Roman Empire yet scholarship has long framed the Severan dynasty in a narrative of descent stressing their North African and in particular their Syrian origins The contributions of this volume question this conventional approach and instead examine more closely actual Severan policy in the Near East to detect potential local connections that determined this policy as well as how local communities and elites reacted to it The volume thus explores new beginnings and old connections in the Roman Near East **Greek Narratives of the Roman Empire under the Severans** Adam M. Kemezis, 2014-10-23 The political instability of the Severan Period AD 193 235 destroyed the High Imperial consensus about the Roman past and caused both rulers and subjects constantly to re imagine and re narrate both recent events and the larger shape of Greco Roman history and cultural identity This book examines the narratives put out by the new dynasty and how the literary elite responded with divergent visions of their own It focuses on four long Greek narrative texts from the period by Cassius Dio Philostratus and Herodian each of which constructs its own version of the empire each defined by different Greek and Roman elements and each differently affected by dynastic change especially that from Antonine to Severan Innovative theories of narrative are used to produce new readings of these works that bring political literary and cultural perspectives together in a unified presentation of the Severan era as a distinctive historical moment Severan Culture Simon Swain, Stephen Harrison, Jás Elsner, 2007-10-04 This book surveys the Severan period s many developments in literature philosophy religion art archaeology and culture **Emperor's Knife** Alex Gough, 2019-11-18 Brothers Emperors Deadly enemies An unputdownable novel of intrigue and combat in Rome Emperor Severus is on his deathbed His sons Geta and Caracalla feuding in Britannia are readying for a devastating power struggle Silus now a centurion in the Arcani the secretive network of spies and killers is thrown into the maelstrom Back in Rome plots breed in the stinking alleys Everyone might be an enemy Everyone a traitor As an Imperial Assassin Silus loyalty will be tested to breaking point And with the Empire starting to buckle under the strain Silus must ask what matters Rome or his own damned soul From thundering races at the Circus Maximus to death in the Imperial palaces this is a powerful and unputdownable novel that will transport to you Ancient Rome perfect for fans of Ben Kane Simon Scarrow and Conn Iggulden Pursuing Hope in the Premodern World Ville Vuolanto, Oana-Maria Cojocaru, 2025-07-18 This open access book provides the first scholarly account of the role of hope and hopefulness from the perspective of social and cultural life in ancient medieval and early modern societies This edited collection brings together fourteen chapters based on case studies from its contributors along with a theoretical chapter that serves as the introduction Throughout history people have gone on with their lives despite many kinds of trials and tribulations In this hope understood as a future oriented positive disposition has been a major driving force to manage uncertainty mitigate despair and to give meaning to living This book analyzes these life situations and changing responses to

them in the context of hope and futurity in a longue dur e perspective Emperors and Usurpers in the Later Roman Empire Adrastus Omissi,2018 One of the great maxims of history is that it is written by the victors and nowhere does this find greater support than in the later Roman Empire Between 284 and 395 AD no fewer than 37 men claimed imperial power though today we recognize barely half of these men as legitimate rulers and more than two thirds died at their subjects hands Once established in power a new ruler needed to publicly legitimate himself and to discredit his predecessor overt criticism of the new regime became high treason with historians supressing their accounts for fear of reprisals and the very names of defeated emperors chiselled from public inscriptions and deleted from official records In a period of such chaos how can we ever hope to record in any fair or objective way the history of the Roman state Emperors and Usurpers in the Later Roman Empire is the first history of civil war in the later Roman Empire to be written in English and aims to address this question by focusing on the various ways in which successive imperial dynasties attempted to legitimate themselves and to counter the threat of almost perpetual internal challenge to their rule Panegyric in particular emerges as a crucial tool for understanding the rapidly changing political world of the third and fourth centuries providing direct evidence of how in the wake of civil wars emperors attempted to publish their legitimacy and to delegitimize their enemies The ceremony and oratory surrounding imperial courts too was of great significance used aggressively to dramatize and constantly recall the events of recent civil wars the narratives produced by the court in this context also went on to have enormous influence on the messages and narratives found within contemporary historical texts In its exploration of the ways in which successive imperial courts sought to communicate with their subjects this volume offers a thoroughly original reworking of late Roman domestic politics and demonstrates not only how history could be erased rewritten and repurposed but also how civil war and indeed usurpation became endemic to the later Empire A Pinch of Incense : A.D. 70 to 250, from the Fall of Jerusalem to the Decian Persecution Christian History Project,2002 A history of Christianity from the fall of Jerusalem in 70 A D to the Decian persecution of 250 A D **Rome in the East** Warwick Ball,2002-01-04 In this lavishly illustrated and arresting study Warwick Ball presents the story of Rome s overwhelming fascination with the East through a coverage of the historical architectural and archaeological evidence unparalleled in both breadth and detail This was a fascination of the new world for the old and of the mundane for the exotic a love affair that took literal form in the story of Antony and Cleopatra From Rome s legendary foundation by Aeneas and the Trojan heroes as the New Troy through the installation of Arabs as Roman emperors to the eventual foundation of the new Rome by a latter day Aeneas at Constantinople the East took over Rome and Rome eventually ditched Europe to the barbarians Rome in the East overturns the received wisdom about Rome as the bastion of European culture Newly available in paperback and illustrated with almost 300 photographs plans and drawings its accessible and comprehensive approach makes it an ideal resource for both the academic and general reader

principle author of the decline of the Roman Empire *Deconstructing Imperial Representation: Tacitus, Cassius Dio, and Suetonius on Nero and Domitian* Verena Schulz, 2019-06-24 What literary strategies do Tacitus Cassius Dio and Suetonius apply in portraying Nero and Domitian This book argues that the three authors respond to and deconstruct the positive accounts of imperial representation that were prevalent during the lifetimes of the two controversial emperors They take up motifs from these earlier accounts which they re interpret to construct their own negative portraits Although Tacitus Cassius Dio and Suetonius discuss the same historical figures and events of early imperial Rome they are rarely examined together in one volume Verena Schulz offers the first combined reading of their works from a philological viewpoint analysing the various rhetorical techniques and narratological devices that they display and the different literary and historical discourses in which they are embedded **Money in Imperial Rome** Merav Haklai, 2025-05-31 Money in Imperial Rome offers an in depth examination of the institutional framework within which money operated as an economic agent in the Roman empire emphasising its systemic complexity Analyses focus on classical Roman law as reflected in the writings of Roman jurists from the second and early third centuries AD The legal sources are augmented with documentary materials which give independent evidence of actual practice and with Jewish legal sources which give evidence of a separate contemporary legal tradition The work promotes Keynesian claims for the endogenous nature of money and adopts approaches advanced by new institutional economics NIE while its innovative contribution is in suggesting a complexity oriented approach to understanding the conceptual framework that dictated the use of money in private transactions Money is a complex phenomenon in the sense that it allows for new patterns of activity to be created by individuals who adjust their use of it to the continuously evolving system in which they operate The book is divided into four parts The first part is introductory The second part traces a line of thought consistent in legal developments that regulated exchange which perceived money as a unique phenomenon different from all other items therefore specific rules were applied to money and a special role was allocated to it in defining the status of the parties This is detectable for price pretium in the Roman contract for sale emptio venditio remuneration merces in the Roman contract for lease and hire locatio conductio and Jewish legal rules regarding sales conducted via a mode of acquisition known as acquisition by drawing qinyan meshikha The third part examines money as a financial tool It observes the various innovative ways Romans used the instrument of interest Then follows a discussion of regulations regarding interest bearing deposits its flexible application by individuals and the interconnected dynamics within and between three legal traditions operating under Roman regime Roman Jewish and Egyptian Hellenistic laws Investigation then moves to credit money in the Roman world and its capacity to increase the money supply The fourth part offers a summary of the work and some conclusions The Eternal City Ferdinand Addis, 2018-11-06 The magnificent and definitive history of the Eternal City narrated by a master historian Why does Rome continue to exert a hold on our imagination How did the Caput mundi come to play such a critical role in the development of Western civilization Ferdinand

Addis addresses these questions by tracing the history of the Eternal City told through the dramatic key moments in its history from the mythic founding of Rome in 753 BC via such landmarks as the murder of Caesar in 44 BC the coronation of Charlemagne in AD 800 and the reinvention of the imperial ideal the painting of the Sistine chapel the trial of Galileo Mussolini's March on Rome of 1922 the release of Fellini's *La Dolce Vita* in 1960 and the Occupy riots of 2011 City of the Seven Hills spiritual home of Catholic Christianity city of the artistic imagination enduring symbol of our common European heritage Rome has inspired charmed and tempted empire builders dreamers writers and travelers across the twenty seven centuries of its existence Ferdinand Addis tells this rich story in a grand narrative style for a new generation of readers
