forms of Yukaghir which began to be recorded in the late 17th century Second the dictionary provides a first reconstruction of the common ancestor of all known Yukaghir varieties The proto Yukaghir stems are established based on internal reconstruction comparison between various Yukaghir idioms and external data Although the dictionary does not attempt to provide etymologies for all Yukaghir words it includes possible cognates of some Yukaghir stems from other languages mainly Uralic and Altaic Since Yukaghir forms are not only cited in their modern shape but are reconstructed the dictionary will provide a foundation for future etymological work and contribute to investigating the genetic affiliation of Yukaghir usually classified as isolated The book will also be useful for linguists interested in the distant genetic relations between language families and the reconstruction of the ethnic and linguistic situation in prehistoric northern Asia Report of the Commissioners Appointed in 1898 to Inquire and Report what Methods of Treating and Disposing of Sewage (including Any Liquid from Any Factory Or Manufacturing Process) May Properly be Adopted Great Britain.
