## **Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics:**

**Sex and the Church** Kathy Rudy,1997 In a provocative reexamination of the ethics of family community and sex the author contends that the Christian right's campaign against homosexuality has come to limit the agenda for American Christianity as a whole We should be asking not whether gay people should be allowed to fit in but rather which historically gay practices can help transform the schismatic failing church today

**Beyond Pro-Life and Pro-Choice** Kathy Rudy,1997-07-31 Entering the moral worlds of Catholicism the evangelical Protestantism of the Operation Rescue movement feminism and the classical liberalism expressed in modern medicine *Beyond Pro Life and Pro Choice* brilliantly illuminates the little understood religious and philosophical aspects of the abortion issue Rudy reveals how each community's beliefs about abortion are connected to its deeply held values and concerns and offers an alternative that would obviate the unproductive divisive and sometimes violent abortion debate we have today

**Sex Difference in Christian Theology** Megan K. DeFranza,2015-05-16 How different are men and women When does it matter to us or to God Are male and female the only two options In *Sex Difference in Christian Theology* Megan DeFranza explores such questions in light of the Bible theology and science Many Christians entrenched in culture wars over sexual ethics are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve DeFranza argues from a conservative theological standpoint that all people are made in the image of God male female and intersex and that we must listen to and learn from the voices of the intersexed among us

*Contemporary Christianity and LGBT Sexualities* Stephen Hunt,2016-05-13 The subject of gay and lesbian sexuality is perhaps the most vexed issue in the contemporary Christian Church Many churches have been forced to confront the matter both theologically and pastorally and in consequence controversies have proved divisive within the Church most notably between conservative and liberal orientated denominations as well as evangelical churches This book explores these themes from a sociological perspective addressing not only gay and lesbian sexualities but also bi and transgendered sexualities With rich empirical material being presented by a team of experts this book constitutes the first comprehensive sociological study of non hetero sexualities in relation to contemporary Christianity As such it will appeal to sociologists scholars of religion and theology as well as readers across a range of social sciences

film studies and women's studies The book's contributors address queer theory's connections to a wide range of issues including the development of capitalism the evolution of the gay and lesbian movement and the study of bisexuality and gender Many scholars working in gay and lesbian studies still question the intellectual and political value of queer theory As a result queer theory has often been concentrated in the humanities while gay and lesbian studies are concentrated in the social sciences and history But this has begun to change in the past 10-15 years as documented by the 12 essays presented in *LGBT Studies and Queer Theory New Conflicts Collaborations and Contested Terrain* *LGBT Studies and Queer Theory New Conflicts Collaborations and Contested Terrain* includes historical notes on LGBT studies and queer theory some continuing tensions between LGBT studies and queer theory doubts about whether queer theory can lead to social change an analysis of the current state of proto-fields of LGBT studies and queer studies in religion concerns that queer theory's erasure of identity feeds into late capitalism an analysis of variability in social psychologists' studies of anti-homosexual prejudice an exploration of the commodification of queer identities in independent cinema how and why the category of bisexuality has been marginalized a historical review and assessment of recent bisexual theory a case study of Provincetown Massachusetts an investigation of the interarticulation of race ethnicity and gender a case study of the struggle to introduce LGBT studies in the curriculum at West Chester University and much more *LGBT Studies and Queer Theory New Conflicts Collaborations and Contested Terrain* is an essential read for researchers academics and practitioners involved in exploring multifaceted aspects of LGBT Studies and Queer Theory and their points of convergence and divergence

Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion      Irreconcilable Differences? Thomas C.

Caramagno, 2002-08-30 In recent year pro gay and anti gay rights activists have engaged in a struggle to sway public opinion in their favor through the use of ideologically charged rhetoric in an effort to win support from an undecided public The author contends however that the debate is stalemated precisely because each side stereotypes and pathologizes the other s perspective thereby becoming perfect enemies divided on every issue and with such intensity that consensus seems nearly impossible Providing a panoramic view of both perspectives this unique book traces the contested issues to fundamental conceptual differences within the field of religious scientific and political studies Caramagno carefully examines the centuries of thought behind the questions involved and encourages readers to consider the arguments in order to draw their own conclusions This book is not about the wrongs or rights of the gay rights debate Nor is it a condemnation of the sides involved in the debate Instead it shows how the two sides have engaged in the battle and how they have marshaled evidence from a variety of sources often the same ones to muster public support but without addressing the conceptual changes needed to conduct a more profitable dialog Treating both sides of the debate respectfully and objectively Irreconcilable Differences opens the discussion up so that all ideas and arguments can be understood as having something valuable to bring to the table In this way readers are challenged to consider the ways arguments are formed how culture disseminates ideas and how a debate can be shaped so that consensus building is a real not an imagined outcome      *Come Now, Let Us Argue*

*It Out* Jon Burrow-Branine, 2021-11 *Come Now Let Us Argue It Out* provides a look into a community that challenges common narratives about what it means to be LGBTQ and Christian in the contemporary United States Based on his participant observation fieldwork with a faith based organization called the Reformation Project Jon Burrow Branine provides an ethnography of how some LGBTQ and LGBTQ supportive Christians negotiate identity and difference and work to create change in evangelicalism *Come Now Let Us Argue It Out* tells the story of how this activism can be understood as a community of counter conduct Drawing on a concept proposed by the philosopher and historian Michel Foucault Burrow Branine documents everyday moments of agency and resistance that have the potential to form new politics ethics and ways

of being as individuals in this community navigate the exclusionary politics of mainstream evangelical institutions culture and theology More broadly Burrow Branine considers the community s ongoing conversation about what it means to be LGBTQ and a Christian grappling with the politics of inclusion and representation in LGBTQ evangelical activism itself

Allen, Joseph R. Jeter, Every time a congregation gathers for worship many different people from different points in life with different needs and perspectives come together each refracting messages through their own lenses Each person processes communication in ways that are influenced by age gender race personality type ethnicity education and social and economic background Jeter and Allen explore how these factors affect the ways in which members of the congregation receive and process sermons and how the preacher can optimize the opportunity for each to hear and understand the gospel and one another      Embracing Disruptive Coherence

Kathleen T. Talvacchia, 2019-04-18 Does anyone need to come out anymore Queer theory has challenged the idea of coming out as problematic for its false binary and essentialized version of identity If gender is a socially constructed performativity then what does coming out mean At the same time we live in a society that still struggles with structures of power that define what is considered normal and sanctions those who transgress The intersectionality of gender with race class ethnicity nationality abilities religion age and other positional markers challenge a simplified belief that coming out is not necessary Therefore in the lived experience of many persons coming out still matters This book initiates a different theological conversation about coming out It argues that rather than the declaration of an identity category coming out can be understood as the erotic ethical practice of truth telling The formation of conscience and moral integrity embody the two pillars of this erotic practice Coming out understood as disruptive coherence is the erotic ethical practice of truth telling grounded in our deepest desires to be known authentically in community

**Negotiating Work, Family, and Identity among Long-Haul Christian Truck Drivers** Rebecca L. Upton, 2016-08-12 This book draws upon ethnographic and qualitative research in the United States to demonstrate the means through which long haul truck drivers navigate work and family tensions in ways that resonate across categories of race class gender and religion It examines how Christianity and constructions of masculinity are significant in the lives of long haul drivers and how truckers work to construct narratives of their lives as good moral individuals in contrast to competing cultural narratives which suggest images of romantic rule free renegade lives on the open road Based upon ethnographic fieldwork interviews observations of long haul truckers and participation in a CDL school this rich ethnography highlights how Christian trucking opportunities provide avenues through which balance is struck between work and family masculinity and other identities Embedded in larger social discourse about the meaning of masculinity and similar to evangelical perspectives such as those of the Promise Keepers Christian truckers often draw upon older ideas about responsible breadwinning fatherhood in their discourse about being good fathers while on the road This discourse is in some conflict with the lived experiences of Christian truckers who simultaneously find themselves confronted by more contemporary cultural narratives of the work family balance and expectations of what it means to be a good worker or a good trucker The book offers new insight in the field of work and family studies and an extremely relevant voice in the broader contemporary discourse in the United States on the meaning of fatherhood and religion in the 21st century

Dignity, Dogmatism, and Same-Sex Relationships Gilbert Rossing, 2009-01-01 In response to the current culture wars over same sex marriage hate crime legislation and the legalization of gay rights Dignity Dogmatism and Same Sex Relationships provides a thorough argument for an ethics of intimacy in same sex relations based equally on science and the Bible After a rigorous interrogation of modern definitions of sexual identity and the usage of biblical passages in support of cultural biases the book redefines the notion of intimacy to include the physical emotional mental social and spiritual dimensions that compose human relationships It thus approaches homosexuality from a whole person

perspective and attempts to create understanding rather than foment divisiveness This more comprehensive definition of intimacy allows for a compassionate reading of Scripture in ongoing conversations about the nature of homosexuality and the full inclusion of gay lesbian bi sexual and transgender persons in society It also encourages religious communities to do for same sex couples what they already do for heterosexual couples provide the information counsel and encouragement necessary to foster healthy sexual practices meaningful interpersonal relationships and a cohesive sense of community

**Missionary Positions** Lauren McGrow, 2017-08-28 Missionary Positions examines the context for Christian outreach to people in the sex industry Over the last 20 years faith based organisations have become more engaged in ministering with sex workers But what are the methods and desired outcomes that undergird pastoral practice in this field Most Christians see prostitution as evil and those who sell sex are considered broken victims in need of restoration Yet the voices and experiences of sex workers themselves often challenge these assumptions Using feminist and postcolonial perspectives interviews with Christian practitioners in Australia and personal narrative Lauren McGrow carves out a space for the dynamic theological agency and life complexity of sex workers to be more fully acknowledged in faith based outreach projects
