Sex And Young People : The Knowledge To Guide The Teenager In Your Life Carmel Wynne, In *Sex and Young People* Carmel Wynne investigates teenage sexuality and reveals facts that may surprise parents teachers and especially teenagers themselves In the author s view ignorance of the truth about sexuality is a threat to the health and emotional well being of the young depriving them of the knowledge to make informed sensible decisions about their actions She challenges the myths and preconceptions common among young people and gives a frank explanation of the many hazards of irresponsible sexual behaviour The issues of contraception sexually transmitted diseases peer pressure casual sex and coming out are explored along with the emotional side of things something that is often overlooked The author aims to help the parent teacher or guardian to nurture confidence and self possession in young people so that they have faith in their own ability to make the right choice instead of the one they feel is demanded by an increasingly high pressure society Carmel Wynne is a teacher writer and relationship counsellor with wide experience of working with teenagers parents college students and couples She is also the author of *Relationships and Sexuality* **Sex and Your Teenager** John Coleman,2003-03-28 As we all know sexuality is not an easy topic for parents and carers to deal with once their children enter adolescence We are all aware of the need to discuss sex with our kids the only question is how to start the conversation This practical down to earth book offers tips on how to broach the subject and gives advice on a range of problems from the bodily changes at puberty through to coping with relationships contraception and HIV And in light of modern society s ever changing attitudes towards sexual behaviour more controversial issues are addressed such as sexual orientation and STDs Written in a very open honest style yet based on a solid bedrock of scientific information this book will help you to help your teenager to cope with their own sexuality Written by a very well respected academic Includes useful lists of organisations and further reading Will empower you to develop a deeper more satisfying relationships with your teenage kids [A Young Person'S Guide to Healthy Eating & Longevity](#) Dr. Vincent N. Cefalu,2016-03-02 This book renders advice to overweight youngsters who would like to hopefully increase their longevity and have as much enjoyment and fulfillment out of life as possible Young people arent aware of the serious mental and physical impact of obesity as it is not just an adult problem I present an honest and commonsense approach on how to eat healthy while keeping some satisfaction in life I provide many recommendations that deal with real life situations and truths instead of phony imaginations present conclusions based on my having personally performed over 1 500 autopsies and relate my own disgusting consequences of having developed atherosclerotic disease from being over four hundred pounds for over thirty years In this book I detail a very strict but ideal diet program that even a child can follow that resulted in my losing 272 pounds over a ten month period and whereby my continued adherence has allowed me to be able to maintain this weight I offer advice on how to prevent some of the problems that I encountered by following such a rigorous diet I also provide some very inexpensive and easy to prepare low calorie recipes that I concocted

that are good appetizers and filler uppers While writing in my usual witty satire manner I discuss some potentially dangerous situations that exist explain why certain drugs should be avoided at all costs and mention several foods that should be eliminated from a young persons diet I provide some of my own little homemade poems along the way so that I can keep the youngsters mind occupied and interested in what I have to say Through my experiences as having served as coroner I disclose many hazards that exist all around us and mention some simple things that young people tend to forget that too often result in unnecessary deaths Also by making overweight and diabetic adolescents aware of certain chemical reactions that are continuously occurring inside our bodies hopefully they would be in a better position to understand and interpret my suggestions So in brief I have something to offer all my young readers from the most extrememy diet planto the most realistic and conservative In a nutshell I lived through what I now warn others about since I found out too late what obesity could do to our body Also I explain why obesity is not just an adult problem and discuss both the teenage drug problem and the scare involving sexual diseases among our youths

Welcoming and Affirming Leigh Finke, 2020-08-25 How should I respond when a teen comes out? Do I have to tell their parents? What does it mean to be transgender? And how do I talk to a trans youth? Leaders need concrete tools to navigate the LGBTQ landscape. *Welcoming and Affirming: A Guide to Supporting and Working with LGBTQ Christian Youth* is one of those tools. A handbook for pastors, youth workers, church leaders, educators, and other adults in Christian settings, the book provides answers to the most pressing questions about sexuality, gender, mental health, safe sex, and more. Written by a team of LGBTQ adults, *Welcoming and Affirming* features first-hand personal testimonials from queer young adults who have experienced the joys and hardships of being queer and Christian. You'll walk away with a lot of insight prepared to love, affirm, and accept the LGBTQ teens in your community the way God does exactly as they are. *Welcoming and Affirming* is a companion book to *Queerfully and Wonderfully Made: A Guide for LGBTQ Christian Teens*.
