Sex, Power, and Slavery Gwyn Campbell, Elizabeth Elbourne, 2014-12-10 Sexual exploitation was and is a critical feature of enslavement Across many different societies slaves were considered to own neither their bodies nor their children even if many struggled to resist At the same time paradoxes abound for example in some societies to bear the children of a master was a potential route to manumission for some women Sex Power and Slavery is the first history of slavery and bondage to take sexuality seriously Twenty six authors from diverse scholarly backgrounds look at the vexed traumatic intersections of the histories of slavery and of sexuality They argue that such intersections mattered profoundly and indeed that slavery cannot be understood without adequate attention to sexuality Sex Power and Slavery brings into conversation historians of the slave trade art historians and scholars of childhood and contemporary sex trafficking The book merges work on the Atlantic world and the Indian Ocean world and enables rich comparisons and parallels between these diverse areas Contributors David Brion Davis Martin Klein Richard Hellie Abdul Sheriff Griet Vankeerberghen E Ann McDougall Matthew S Hopper Marie Rodet George La Rue Ulrike Schmieder Tara Iniss Mariana Candido James Francis Warren Johanna Ransmeier Roseline Uyanga with Marie Luise Ermisch Francesca Ann Louise Mitchell Shigeru Sato Gabeba Baderoon Charmaine Nelson Ana Lucia Araujo Brian Lewis Ronaldo Vainfas Salah Trabelsi Joost Cot Sandra Evers and Subho Basu

Sex, Power and the Folly of Marriage in Women's Novels of the 1920s Judy Cornes, 2015-10-26 The Americans experienced great social change in the decade following World War I They were restless often discontented searching for the good life the one promised to the generation who cheered on by patriotic slogans and propaganda enlisted to fight on European battlefields While young writers such as Hemingway and Fitzgerald romanticized the lives of Americans in postwar Europe and the U S a number of women authors in the 1920s looked through

a darker lens The novels of Edith Wharton Willa Cather Margaret Wilson Edna Ferber Ellen Glasgow Dorothy Scarborough and Dawn Powell set mainly in the 19th century searched the past for the origins of postwar upheaval especially with respect to the status of women Today a few iconic male novelists of the 1920s are synonymous with the spirit and culture of the Jazz Age This book focuses on their female contemporaries largely neglected by both critics and readers who remain relevant for their exploration of timeless social and psychological themes the battle of the sexes and its tragic consequences **Sex, Time, and Power** Leonard Shlain, 2004-08-03 As in the bestselling *The Alphabet Versus the Goddess* Leonard Shlain's provocative new book promises to change the way readers view themselves and where they came from *Sex Time and Power* offers a tantalizing answer to an age old question Why did big brained Homo sapiens suddenly emerge some 150 000 years ago The key according to Shlain is female sexuality Drawing on an awesome breadth of research he shows how long ago the narrowness of the newly bipedal human female's pelvis and the increasing size of infants heads precipitated a crisis for the species Natural selection allowed for the adaptation of the human female to this environmental stress by reconfiguring her hormonal cycles entraining them with the periodicity of the moon The results however did much more than ensure our existence they imbued women with the concept of time and gave them control over sex a power that males sought to reclaim And the possibility of achieving immortality through heirs drove men to construct patriarchal cultures that went on to dominate so much of human history From the nature of courtship to the evolution of language Shlain's brilliant and wide ranging exploration stimulates new thinking about very old matters *Sex and Power* Donald B. Meyer, 1987 **Sex, Power, and Boundaries** Peter Rutter, 1996 Drawing on actual incidents in depth research and his extensive professional expertise the author of *Sex in the Forbidden Zone* presents an indispensable manual on sexual harassment what it is why it occurs and how to prevent it **Digital Libido** Alexander Bard, Jan Söderqvist, 2023-11-05 Global growth sets new records poverty and illiteracy rates fall technological innovation creates amazing opportunities Still we are deeply discontent there is something fundamentally wrong with contemporary society Democracies are paralysed and produce authoritarian bullies as leaders a growing underclass sedates itself with fast carbs and moronic entertainment Society is infantilised and political discourse implodes *Digital Libido* Sex power and violence in the network society is a deep and brutal analysis of humanity's rapidly increasing sense of loss and confusion in the network society Departing from Sigmund Freud the father of psychoanalysis and his prophetic masterpiece *Civilisation and its Discontents* philosophers and futurologists Alexander Bard and Jan Söderqvist create a tour de force while digging deep into the human condition in the internet age Exposing every aspect of the complex relationship between Man and technology Bard Söderqvist clarify our current and future existential dilemmas Welcome to the attentionalist chaos where order gains such a massive value that people are willing to pay any price to obtain it So what is happening And why *Digital Libido* Sex power and violence in the network society answers the questions you were too scared to even ask About the authors ALEXANDER BARD is a philosopher futurologist spiritual and
