A. Rogers, 2014-09-15 In the Sex and Race series first published in the 1940s historian Joel Augustus Rogers questioned the concept of race the origins of racial differentiation and the root of the color problem Rogers surmised that a large percentage of ethnic differences are the result of sociological factors and in these volumes he gathered what he called the bran of history the uncollected unexamined history of black people in the hope that these neglected parts of history would become part of the mainstream body of Western history Drawing on a vast amount of research Rogers was attempting to point out the absurdity of racial divisions Indeed his belief in one race humanity precluded the idea of several different ethnic races The series marshals the data he had collected as evidence to prove his underlying humanistic thesis that people were one large family without racial boundaries Self trained and self published Rogers and his work were immensely popular and influential during his day even cited by Malcolm X The books are presented here in their original editions

**Extraterrestrial & Sex Vol. 5** Russell Dan Smith, 2009-12-08 Imagine a world where extraterrestrials have invaded the world and enslaved all humanity Women are enslaved for sexual purposes Men are conscripted into vast armies Differences among the extraterrestrials usher in a period of violence The extraterrestrials bring forth monstrous children through the women they have enslaved Eventually all of the extraterrestrials monstrous progeny are killed by a greater One who devises technology to rob the extraterrestrials ability to materialize on this plane This may sound like something out of J R R Tolkien but it actually occurred during humanity's ancient past well documented in the first portion of the book of Genesis One family is made a bulwark against further incursions by the extraterrestrials Volume 1 The extraterrestrials relation to humans is explored in a man named Job Volume 2 The progeny of the family fighting against the extraterrestrials are given laws designed to protect them from the extraterrestrials influence Volume 3 There are wars with those who have defied the extraterrestrials Religion while highly ritualistic boils down to the simple concept that someones ancestral lineage will bring forth the Messiah Each family desires to be that lineage and brings forth children in that hope It is against this backdrop that the canonized Bible was written by 40 different people from blue collar to royal backgrounds over a period of 1600 years without any contradictions **Contemporary Asian Popular Culture Vol. 2** Yeojin Kim, Dharshani Lakmali

**Sex Work, Immigration and Social Difference** Julie Ham,2016-08-25 Public discourses around migrant sex workers are often more confident about what migrant sex workers signify morally but are less clear about who the migrant is Based on interviews with immigrant migrant and racialized sex workers in Vancouver Canada and Melbourne Australia Sex Work Immigration and Social Difference challenges the migrant sex worker category by investigating the experiences of women who are often assumed to be migrant sex workers in Australia and Canada Many migrant sex workers in Melbourne and Vancouver are in fact naturalized citizens or permanent residents whose involvement in the sex industry intersects with diverse ideas and experiences of citizenship in Australia and Canada This book examines how immigrant migrant and racialized sex workers in Vancouver and Melbourne wield or negotiate ideas of illegality and legality to obtain desired outcomes in their day to day work Sex work continues to be the subject of fierce debate in the public sphere at the policy level and within research discourses This study interrogates these perceptions of the migrant sex worker by presenting the lived realities of women who embody or experience dimensions of this category This book is interdisciplinary and will appeal to those engaged in criminology sociology law and women s studies

*Indian Sex Life* Durba Mitra,2020-01-07 During the colonial period Indian intellectuals philologists lawyers scientists and literary figures all sought to hold a mirror to their country Whether they wrote novels polemics or scientific treatises all sought a better understanding of society in general and their society in

particular Curiously female sexuality and sexual behavior play an outside role in their writing The figure of the prostitute is ubiquitous in everything from medical texts and treatises on racial evolution to anti Muslim polemic and studies of ancient India In this book Durba Mitra argues that between the 1840s and the 1940s the new science of sexuality became foundational to the scientific study of Indian social progress The colonial state and an emerging set of Bengali male intellectuals extended the regulation of sexuality to far reaching projects that sought to define what society should look like and how modern citizens should behave An exploration of this history of social scientific thought offers new perspectives to understand the power of paternalistic and deeply violent claims about sexual norms in the postcolonial world today These histories reveal the enduring authority of scientific claims to a tradition that equates social good with the control of women s free will and desire Thus they managed to dramatically reorganize their society around upper caste Hindu ideals of strict monogamy

Odds and ends of Stories Vol 2 John M Hansen,2014-03-24 Another group of strange stories from my computer As with everything I write there is a kernel of truth in the tale that is covered over with enough fiction that the people places and things mentioned are not easily recognized Consider them all fiction and you will sleep better at night as well as be certain that any conspiracies truly do not exist
