The Forsaken

Tim Tzouliadis,2008 Tzouliadis presents this remarkable piece of forgotten history the story of how thousands of Americans were lured to Soviet Russia by the promise of jobs and better lives only to meet a tragic and until now forgotten end

“Truth Behind Bars” Paul Kellogg,2021-11-05 Just north of the Arctic Circle is the settlement of Vorkuta a notorious camp in the Gulag internment system that witnessed three pivotal moments in Russian history In the 1930s a desperate hunger strike by socialist prisoners victims of Joseph Stalin s repressive regime resulted in mass executions In 1953 a strike by forced labourers sounded the death knell for the Stalinist forced labour system And finally in the late 1980s and early 1990s a series of strikes by new independent miners unions were central to overturning the Stalinist system Paul Kellogg uses the story of Vorkuta as a frame with which to re assess the Russian Revolution In particular he turns to the contributions of Iulii Martov a contemporary of Lenin and his analysis of the central role played in the revolution by a temporary class of peasants in uniform Kellogg explores the persistence and creativity of workers resistance in even the darkest hours of authoritarian repression and offers new perspectives on the failure of democratic governance after the Russian Revolution

Silent Memories, Traumatic Lives Lesa Melnychuk,2012-06-01 Silent Memories Traumatic Lives is a quest for understanding an attempt to make sense of the very emotional history of the Ukrainian post war migrants to Western Australia Ukrainian migrants arrived in Australia by ship between 1947 and 1951 from the Displaced Persons camps of Europe survivors of the worst of the Soviet regime s atrocities including genocidal famine and only recently released from forced unpaid labour under the German Nazi regime The testimonies of Ukrainian famine survivors included in this book reflect the findings of similar studies carried out in Ukrainian communities throughout the world This work adds to mounting evidence of the genocidal nature of the Ukrainian famine of 1932 1933 and the lasting effects it has had on survivors

Stalinist Confessions Igal Halfin,2009-08-30 During Stalin s Great Terror accusations of treason struck fear in the hearts of Soviet citizens and lengthy imprisonment or firing squads often followed Many of the accused sealed their fates by agreeing to confessions after torture or interrogation by the NKVD Some however gave up without a fight In *Stalinist Confessions* Igal Halfin investigates the phenomenon of a mass surrender to the will of the state He deciphers the skillfully rendered discourse through which Stalin defined his cult of personality and consolidated his power by building a grassroots base of support and instilling a collective psyche in every citizen By rooting out evil opposition wherever it hid good communists could realize purity morality and their place in the greatest society in history Confessing to trumped up charges comrades made willing sacrifices to their belief in socialism and the necessity of finding and making examples of its enemies Halfin focuses his study on Leningrad Communist University as a microcosm of Soviet society Here eager students proved their loyalty to the new socialism by uncovering opposition within the University Through their meetings and self reports

students sought to become Stalin's New Man Using his exhaustive research in Soviet archives including NKVD records party materials student and instructor journals letters and newspapers Halfin examines the transformation in the language of Stalinist socialism From an initial attitude that dismissed dissent as an error in judgment and redeemable through contrition to a doctrine where members of the opposition became innately wicked and their reform impossible Stalin's socialism now defined loyalty in strictly black and white terms Collusion or allegiance real or contrived now or in the past with enemies of the people Trotsky Zinoviev Bukharin Germans capitalists was unforgivable The party now took to the task of purging itself with ever increasing zeal Zygmunt Bauman Shaun Best,2016-02-11 In this ground breaking book Shaun Best analyses the intellectual knowledge production of Zygmunt Bauman and his rise to academic stardom in the English speaking world by evaluating the relation between his biography the contexts in which he found himself and why his intellectual creativity is admired by so many people Bauman has an interesting contested biography and underwent a number of intellectual shifts from the early stages of his academic career as Marxist Bauman moved on and for almost ten years he was associated with postmodernity from 1989 1997 but in 2000 he decided to distance himself from postmodernism and rebrand his approach to understanding the contemporary world as liquid modernity Best shows how Bauman developed his canonised status becoming an intellectual guru in the UK and in Australia despite being largely ignored by the academic community in the United States and Central Europe Rather than investigating Bauman's academic output as a demonstration of his creative genius Best argues that most academic output involves the interplay of multiple factors and this book evaluates the influences on both intellectual choices and the social factors or contexts that led Bauman to attach himself to different sets of ideas during his academic career **The Black Book of Communism** Stéphane Courtois,1999 This international bestseller plumbs recently opened archives in the former Soviet bloc to reveal the accomplishments of communism around the world The book is the first attempt to catalogue and analyse the crimes of communism over 70 years **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1973 *Dystopia* Gregory Claeys,2016-11-24 *Dystopia* A Natural History is the first monograph devoted to the concept of dystopia Taking the term to encompass both a literary tradition of satirical works mostly on totalitarianism as well as real despotisms and societies in a state of disastrous collapse this volume redefines the central concepts and the chronology of the genre and offers a paradigm shifting understanding of the subject Part One assesses the theory and prehistory of dystopia By contrast to utopia conceived as promoting an ideal of friendship defined as enhanced sociability dystopia is defined by estrangement fear and the proliferation of enemy categories A natural history of dystopia thus concentrates upon the centrality of the passion or emotion of fear and hatred in modern despotisms The work of Le Bon Freud and others is used to show how dystopian groups use such emotions Utopia and dystopia are portrayed not as opposites but as extremes on a spectrum of sociability defined by a heightened form of group identity The prehistory of the process whereby enemies are demonised is explored from early conceptions of monstrosity

through Christian conceptions of the devil and witchcraft and the persecution of heresy Part Two surveys the major dystopian moments in twentieth century despotisms focussing in particular upon Nazi Germany Stalinism the Chinese Cultural Revolution and Cambodia under Pol Pot The concentration here is upon the political religion hypothesis as a key explanation for the chief excesses of communism in particular Part Three examines literary dystopias It commences well before the usual starting point in the secondary literature in anti Jacobin writings of the 1790s Two chapters address the main twentieth century texts usually studied as representative of the genre Aldous Huxley s Brave New World and George Orwell s Nineteen Eighty Four The remainder of the section examines the evolution of the genre in the second half of the twentieth century down to the present

Never Erased in My Mind Esfir Kaplan Lupyran,2019-03-16 Esfir Esther Kaplan Lupyran s normal childhood was cruelly aborted by World War II when she had barely turned five years old and was away at summer camp for young children She her family and the rest of the Jews forced by the Nazis into the lethal trap of Minsk Ghetto had to survive through indescribable suffering In Never Erased in My Mind she shares the story of a young Jewish girl in Belarus encompassing sixty years of Soviet history including the horrors of Stalinism World War II the Holocaust and post Stalin anti Semitism Her father was arrested by the KGB when she was only three weeks old The family didn t know his fate nor did he know theirs This memoir chronicles how she and her mother survived the Minsk Ghetto and certain death miraculously escaping on the last day of the ghetto s existence to the forest where they hid for nine months Her closest relatives all perished including her grandparents 13 year old brother and 22 year old uncle After the war Esfir and her mother reunited with her father and joined him in exile in the Vorkuta Gulag in the Far North above the Arctic Circle Later after studying chemical engineering in Leningrad she and her family became refuseniks denied permission to leave the Soviet Union A story of survival Never Erased in My Mind serves as a reminder to heed the lessons of the Holocaust that it should never happen again

Stalin and the Literary Intelligentsia, 1928-39 A. Kemp-Welch,2016-07-27 Stalin s fascination with writers was fully reciprocated as the many Odes to Stalin show During the 1970s a hugely elaborated system was established for the regulation of belles lettres based on institutions ideas and individuals This original study ten years in preparation is based on extensive access to Soviet archives Much new evidence has been uncovered about the inner workings of cultural policy in the Stalin period and documents by Stalin himself are published for the first time

Russia and Eastern Europe, 1789-1985 Raymond Pearson,1989

The Moderate Bolshevik Charters Wynn,2022-04-11 This first English language biography of Mikhail Tomsky reveals his central role in all the key developments in early Soviet history including the stormy debates over the role of unions in the self proclaimed workers state Charters Wynn s compelling account illuminates how the charismatic Tomsky rose from an impoverished working class background and years of tsarist prison and Siberian exile to become both a Politburo member and the head of the trade unions where he helped shape Soviet domestic and foreign policy along generally moderate lines throughout the 1920s His failed attempt to block Stalin s catastrophic adoption of forced

collectivization would tragically make Tomskey a prime target in the Great Purges *Ideology and the Ideologists* Lewis S. Feuer, 2017-07-05 The revival of ideology which began early in the second half of the last century has led to reconsideration of the following questions What underlies the pattern of the rise and decline of the ideological mode of thought What leads young intellectuals to search for an ideology What accounts for the changes in ideological fashion over time and nation and shifts from one set of philosophical tenets to another Who indeed are the intellectuals Studies of ideology have tended to range themselves for or against particular viewpoints or have concerned themselves with defining perspectives The purpose of this book is to examine the common causal patterns in the development of various differing ideologies Feuer finds that any ideology may be said to be composed of three ingredients The most basic and invariant is some form of Mosaic myth Every ideology also has its characteristic philosophical tenets spreading from left to right which conform to the cycle of ideas and finally an ideology must be taken up by some section of the population who can translate it into action Intellectuals in generational revolt find in some version of the ideological myth a charter and dramatization of their emotions aims and actions Since each generation of intellectuals tends to reject its predecessors doctrines a law of intellectual fashion arises the alternation of philosophical doctrines Ideology has inevitably made for an authoritarian presumption on the part of master intellectuals and marginal ones and assumes their antagonism to objective truth and science It is Feuer's contention that only when intellectuals abandon ideology in favor of science or scholarship will an unfortunate chapter in the history of human unreason be overcome Keeping Faith with the Party Nanci Adler, 2012-03-05 How is it that some prisoners of the Soviet gulag many of them falsely convicted emerged from the camps maintaining their loyalty to the party that was responsible for their internment In camp they had struggled to survive Afterward they struggled to reintegrate with society reunite with their loved ones and sometimes renew Party ties Based on oral histories archives and unpublished memoirs *Keeping Faith with the Party* chronicles the stories of returnees who professed enduring belief in the CPSU and the Communist project Nanci Adler's probing investigation brings a deeper understanding of the dynamics of Soviet Communism and of how individuals survive within repressive regimes while the repressive regimes also survive within them The TUC Overseas Marjorie Nicholson, 2024-10-21 *The TUC Overseas* 1986 traces the decisions made by the Trades Union Congress in response to domestic and external influences and events from its establishment of a joint international committee with the Labour Party in 1917 to the first congress of the World Federation of Trade Unions in 1945 In this crucial period the TUC played a part in the establishment of the International Labour Organization and in the reconstitution of the International Federation of Trade Unions and the Labour and Socialist International after the Great War in the rivalry with the Communist International and the Red International of Labour Unions and in the reunification of the international trade union movement in the final years of the Second World War This international framework and the Labour Party's imperial policy are treated here in relation to the TUC's work first in India and then in the colonies **The Great Terror** Robert Conquest, 2008 The definitive

work on Stalin's purges the author's *The Great Terror* was universally acclaimed when it first appeared in 1968. Provides accounts of everything from the three great Moscow Trials to methods of obtaining confessions, the purge of writers and other members of the intelligentsia, on life in the labor camps and many other key matters. On the fortieth anniversary of the first edition it is remarkable how many of the most disturbing conclusions have borne up under the light of fresh evidence.

Red Flag Wounded Ronald Suny, 2020-08-25 *Red Flag Wounded* brings together essays covering the controversies and debates over the fraught history of the Soviet Union from the revolution to its disintegration. Those monumental years were marked not only by violence, mass killing, and the brutal overturning of a peasant society, but also by the modernisation and industrialisation of the largest country in the world, the victory over fascism, and the slow recovery of society after the nightmare of Stalinism. Ronald Grigor Suny is one of the most prominent experts on the revolution, the fate of the non-Russian peoples of the Soviet empire, and the twists and turns of Western historiography of the Soviet experience. As a biographer of Stalin and a long-time commentator on Russian and Soviet affairs, he brings novel insights to a history that has been misunderstood and deliberately distorted in the public sphere. For a fresh look at a story that affects our world today, this is the place to begin.

October Song Paul Le Blanc, 2017-11-14 A panoramic account of the Russian Revolution of 1917 and its aftermath, animated by the lives, ideas, and experiences of workers, peasants, intellectuals, artists, and revolutionaries of diverse persuasions. *October Song* vividly narrates the triumphs of those who struggled for a new society and created a revolutionary workers' state. Yet despite profoundly democratic and humanistic aspirations, the revolution is eventually defeated by violence and authoritarianism. *October Song* highlights both positive and negative lessons of this historic struggle for human liberation.
