Long Revolution:

The Long Revolution Raymond Williams, 2001-03-02 Raymond Williams whose other works include *Keywords* *The Country and the City* *Culture and Society* and *Modern Tragedy* was one of the world's foremost cultural critics. Almost uniquely his work bridged the divides between aesthetic and socio-economic inquiry between Marxist thought and mainstream liberal thought and between the modern and post-modern world. When *The Long Revolution* first appeared in 1961 much of the acclaim it received was based on its prescriptions for Britain in the 60s which form a relatively brief final section of the whole. The body of the book has since come to be recognized as one of the foundation documents in the cultural analysis of English speaking culture. The long revolution of the title is a cultural revolution which Williams sees as having unfolded alongside the democratic revolution and the industrial revolution. With this book Williams led the way in recognizing the importance of the growth of the popular press the growth of standard English and the growth of the reading public in English speaking culture and in Western culture as a whole. In addition Williams's discussion of how culture is to be defined and analyzed has been of considerable importance in the development of cultural studies as an independent discipline. Originally published by Chatto Windus *The Long Revolution* is now available only in this Broadview Encore Edition. *The Long Revolution* Zelda Fichandler, 2024-03-12 Zelda Fichandler is one of the founding visionaries of the theatre movement in America. From the creation of Washington D.C.'s Arena Stage in 1950 with her husband Thomas through her later stewardship of the acting training programs at both at NYU and Julliard Zelda spent over sixty years speaking writing and observing the rise and impact of the art of theatre in the U.S. She has relentlessly questioned the very field that she as much as anyone created. Her essays and speeches capture both the play of her own dazzling mind and the aspirations and contradictions of the theater she pioneered. This first ever collection of Zelda Fichandler's writings is edited by Todd London who was personally chosen by Zelda to complete this book before she died. **The Long Revolution of the Global South** Samir Amin, 2019-04-22 The final writings of Samir Amin a mix of personal experiences and theoretical analysis of global challenges and movements. As in his many works over the years *The Long Revolution of the Global South* combines Amin's astute theoretical analyses of the challenges confronting the world's oppressed peoples with militant action. In these final writings based on his life Amin presents us with theoretical interventions analyses of political conjunctures and narration of personal experiences. Amin's reminiscences of travels to places too often overlooked by the world at large are a joy to read.
