Sandro whose marriage appears to be disintegrating in the aftermath of his wife's illness and to Meadows's erstwhile employers the detective presses on. As he attempts to uncover the truth of Meadows's violent and lonely death, Sandro finds himself drawn into the lives of the castle's highly strung community and the closed world they inhabit in the isolated Etruscan hills of the Maremma. Reminiscent of a locked room mystery in the style of Agatha Christie, *A Murder in Tuscany* leads the reader from one possible perpetrator to the next. To Sandro's chagrin, all of the artists in residence at the time of Loni's demise had more than enough reason to dislike her. But who in the group had the most compelling motive to want her dead? Kent is a masterful investigator of character and mood, and her second mystery conveys the gloom of the Orfeo castle as well as the individual dark lives of its inhabitants in a chilling, memorable way. *An American Dictionary of the English Language* Noah Webster, 1842 [The Million Word Crossword Answer Book](#) Stanley Newman, Daniel Stark, 2010-12-21 The Million Word Crossword Dictionary was hailed by New York Times crossword editor Will Shortz as the largest, most up to date and most useful and praised by crossword editors from all over the country.
