Lontologie De Nietzsche

**Alain Beaulieu, Edward Kazarian, Julia
Sushytska**

L'ontologie De Nietzsche:

L'ontologie manquée de Michel Foucault Béatrice Han, 1998 Que se passe-t-il si l'on traite Foucault en philosophe Si plutôt que de reprendre la perspective des sciences sociales l'on soumet son oeuvre à une lecture purement philosophique Peut-on découvrir sous les prises de position contrastées et parfois provocantes de l'auteur la continuité si protéiforme soit-elle d'un même projet philosophique Ce projet il existe C'est celui d'une histoire d'élucidation que l'articulation de l'archéologie la généalogie permet de retracer l'histoire transcendante des conditions de possibilité du vrai et de ses effets subjectivants sur les individus Mais si Foucault entend effectivement nouer un dialogue avec la tradition philosophique occidentale en quoi consiste son apport personnel et quelle est sa fonction philosophique *Lectures de l'ontologie fondamentale* Jacques Taminiaux, 1989

Schrift, 2014-09-11

Financial Crimes and Existential Philosophy Michel Dion, 2013-10-21 The aim of this book is to deepen our understanding of financial crimes as phenomena It uses concepts of existential philosophies that are relevant to dissecting the phenomenon of financial crimes With the help of these concepts the book makes clear what the impact of financial crimes is on the way a human being defines himself or the way he focuses on a given notion of humankind The book unveils how the growth of financial crimes has contributed to the increase of the anthropological gap and how the phenomenon of financial crimes now distorts the way we understand humankind Using the existential philosophies of Kierkegaard Nietzsche Jaspers Buber Heidegger and Marcel the book sheds light on how these philosophies can help to better perceive and describe financial crimes Next it looks at prevention strategies from an organizational perspective using concepts of Sartre Gadamer and Tillich The book provides readers with existential principles that will help them be more efficient when they have to design and implement prevention strategies against corporate crime

The Wild Pig Timothy J. Williams, 2014-09-01 We are in Algeria in a small nameless village a battered village The war stretching from the mountains to the sea cannot alter the beauty of land and sky the light falling on the graveyard the silence of a proud and impoverished people Ceaselessly on foot and on horseback the narrator travels about a land to which he is rapidly becoming attached During his excursions through a landscape that stimulates and fascinates him he gives way to an anguished meditation on fate questioning himself about good and evil the degradation and corruption of men the absurdity of war Day by day his sense of observation grows more acute and to keep from giving in to the interior panic that threatens him he studies attentively his fellow soldiers the inhabitants especially the women and among them the beautiful and affecting Kheira As he feels within him the upwelling of a primordial wildness he chooses to bury himself in solitude But will he be able to avoid confronting the wild beast in its lair adapted from the cover of the original Gallimard edition

, **Gilles Deleuze and Metaphysics** Alain Beaulieu, Edward Kazarian, Julia Sushytska, 2014-12-24 Deleuze remains indifferent to the ambient pathos related to the end of metaphysics and compares the undertakings of destruction overcoming and deconstruction of metaphysics with the gestures of murderers He considers himself a pure metaphysician which is rather unique in the contemporary philosophical landscape What are we to make of this and similar claims What do they mean in light of the effort made during the last several centuries to overcome overturn destroy or deconstruct metaphysics If we consider Deleuze's work more closely might find him engaging in the kind of thinking that is commonly referred to as metaphysical And if Deleuze is indeed a metaphysician does this undercut the many

insightful contributions of the twentieth century philosophers who dedicate their thought to bringing down Western metaphysical tradition Or does it suggest that there is a sense of metaphysics that should nevertheless be preserved These and similar questions are addressed in this volume by a series of international scholars The goal of the book is to critically engage an aspect of Deleuze s thought that for the most part has been neglected and to understand better his immanent metaphysics It also seeks to explore the consequences of such an engagement

Sur l'ontologie grise de Descartes

Jean-Luc Marion,1993 L interpretation des Regulae ad Directionem Ingenii souleve un probleme specifique La plupart des critiques ont tente de le comprendre a partir de la problematique du Discours de 1637 D ou d evidentes impasses puisque les concepts originaux des Regulae precisement disparaissent dans le moment posterieur qu ils ont rendu pourtant possible Il restait une voie determiner les Regulae comme un dialogue avec un interlocuteur jamais nomme avec lequel la pensee du jeune Descartes a l aurore d elle meme devait s expliquer pour devenir cartesienne cet interlocuteur c est Aristote En retrouvant les textes aristoteliciens qu interrogent chacune des Regulae on degage une polemique Elle contribue deja a eclairer le point de depart de la doctrine cartesienne de la science Mais il y a plus l epistemologie ne s etablit pas en refutant une autre epistemologie mais en recusant l ontologie d Aristote Descartes conquiert donc avec son epistemologie rien moins qu une ontologie ontologie grise parce qu elle ne s avoue pas comme telle

Instituting Thought

Roberto Esposito,2021-08-20 This new book by the Italian philosopher Roberto Esposito addresses the profound crisis of contemporary politics and examines some of the philosophical approaches that have been used to try to understand and go beyond this crisis Two approaches have been particularly influential one indebted to the thought of Martin Heidegger the other indebted to Gilles Deleuze While opposed in their political thrust and orientation both approaches remain trapped within the political ontology that has framed our conceptual language for some time In order to move beyond this political ontology Esposito turns to a third approach that he characterizes as instituting thought Indebted to the work of the French political philosopher Claude Lefort this third approach recognizes that the road to reconstructing a productive relation between ontology and politics one that is both realistic and innovative lies in instituting praxis Building on this insight Esposito conceptualizes social being as neither univocal nor plurivocal but as cross cut by the dual semantics of political conflict This new book by one of the most original European philosophers writing today will be of great interest to students and scholars in philosophy social and political theory and the humanities generally

Hegel, Marx and the

Contemporary World Kaveh Boiveiri,Emmanuel Chaput,2016-06-22 This book is the result of a three day conference held in April 2014 at the University of Montreal Canada discussing the relevance of the work of Hegel and Marx in today s world particularly with regard to the ecological economic political and anthropological crisis facing humanity Accordingly the book an exploration of the specific nature of the crisis we face both in our everyday lives and in the realm of theory However if indeed the necessity of a proper critique Kritikos is intimately linked to a state of crisis Krisis the conceptual frame necessary

to produce such a critique may itself be in crisis Among the vast number of critical oppositions to contemporary capitalism what are the keys available to understand the present forms of human conditions alienation and exploitation Controversies and divisions among the different tendencies within the critical tradition tend to highlight the point that there is also a theoretical crisis which prevents a proper diagnosis of the actual crisis and prevents in turn a proper plan of action from being established Looking back to Marx and Hegel allowed a return if not to the sources at least to two unavoidable influences among the various critical approaches to capitalism Be it with or against Hegel and or Marx the criticisms of modernity post modernity and capitalism cannot neglect the shadows of these thinkers Both Marx s and Hegel s philosophical sociological and political enterprises must be linked historically to the will to diagnose and solve what they saw as the most important crises of their own time from in Hegel s case the spiritual crisis which followed the advent of modernity and its accompanying turmoil to the social and political crisis caused by capitalism and the advent of a new industrial society in Marx s case Both intellectual ventures are at every turn haunted by the notion of crisis This book will appeal to anyone interested in Hegel s and Marx s philosophical and political theories Not only does it provide the historical context necessary to understand properly the relation between Marx and Hegel but it also places the relevance of their teachings for the contemporary reader in perspective **National Union Catalog** ,1968 Gilles Deleuze Constantin V.

Boundas,2009-02-15 Gilles Deleuze The Intensive Reduction brings together eighteen essays written by an internationally acclaimed team of scholars to provide a comprehensive overview of the work of Gilles Deleuze one of the most important and influential European thinkers of the twentieth century Each essay addresses a central issue in Deleuze s philosophy and that of his regular co author F lix Guattari that remains to this day controversial and unsettled Since Deleuze s death in 1994 the technical aspects of his philosophy have been largely neglected These essays address that gap in the existing scholarship by focusing on his contribution to philosophy Each contributor advances the discussion of a contested point in the philosophy of Deleuze to shed new light on as yet poorly understood problems and to stimulate new and vigorous exchanges regarding his relationship to philosophy schizoanalysis his aesthetic ethical and political thought Together the essays in this volume make an invaluable contribution to our understanding of Deleuze s philosophy **Foucault and Heidegger** Alan Milchman,Alan Rosenberg,2003 An essential consideration of these two closely related and influential figures Michel Foucault and Martin Heidegger are two of the most important intellectual figures of the twentieth century and yet there are significant largely unexplored questions about the relationship between their projects Foucault and Heidegger stages a crucial critical encounter between these two thinkers in doing so it clarifies not only the complexities of the Heidegger Foucault relationship but also their relevance to questions about truth and nihilism acquiescence and resistance and technology and agency that are central to debates in contemporary thought These essays examine topics ranging from Heidegger s and Foucault s intellectual forebears to their respective understanding of the Enlightenment modernity and technology to their conceptions

of power and the political L'ontologie modale Ahmed Alami,2001 Retraces le parcours philosophique d'Abu Hasim qui a vécu au Xe siècle et présente sa théorie des modes notion fondatrice de la théologie musulmane et du bahsanisme **Rhapsody of Philosophy** Max Statkiewicz,2015-11-06 This book proposes to rethink the relationship between philosophy and literature through an engagement with Plato's dialogues The dialogues have been seen as the source of a long tradition that subordinates poetry to philosophy but they may also be approached as a medium for understanding how to overcome this opposition Paradoxically Plato then becomes an ally in the attempt to overturn Platonism which Gilles Deleuze famously defined as the task of modern philosophy Max Statkiewicz identifies a rhapsodic mode initiated by Plato in the dialogues and pursued by many of his modern European commentators including Nietzsche Heidegger Irigaray Derrida and Nancy The book articulates this rhapsodic mode as a way of entering into true dialogue dialogos which splits any univocal meaning and opens up a serious play of signification both within and between texts This mode he asserts employs a reading of Plato that is distinguished from interpretations emphasizing the dialogues as a form of dogmatic treatise as well as from the dramatic interpretations that have been explored in recent Plato scholarship both of which take for granted the modern notion of the subject Statkiewicz emphasizes the importance of the dialogic nature of the rhapsodic mode in the play of philosophy and poetry of Platonic and modern thought and indeed of seriousness and play This highly original study of Plato explores the inherent possibilities of Platonic thought to rebound upon itself and engender further dialogues **Heidegger and French Philosophy** Tom Rockmore,2002-09-11 Martin Heidegger's impact on contemporary thought is important and controversial However in France the influence of this German philosopher is such that contemporary French thought cannot be properly understood without reference to Heidegger and his extraordinary influence Tom Rockmore examines the reception of Heidegger's thought in France He argues that in the period after the Second World War due to the peculiar nature of the humanist French Philosophical tradition Heidegger became the master thinker of French philosophy Perhaps most importantly he contends that this reception first as philosophical anthropology and later as postmetaphysical humanism is systematically mistaken **Nietzsche's Writing Against Religion and the Crisis of Faith** Paul Bishop,2024-09-06 This book offers an exercise in reception theory and investigates the key figures in the reception of Nietzsche's critique of Judeo Christianity in the course of the twentieth century It has often been remarked upon but rarely if ever explained why Nietzsche the author of the famous parable in The Gay Science in which a madman announces the death of God and a self-proclaimed opponent of organised religion should have been a figure of such profound interest to writers thinkers and theologians who were of a Christian persuasion In order better to understand the attractiveness of Nietzsche to practitioners of faith this book undertakes an analytical study of the reception of Nietzsche by around a dozen writers and thinkers working within the discourse of twentieth century theology in the European tradition French Italian German Polish and Swiss
