**Look Abroad, Angel** Jedidiah Evans, 2020 Born in Asheville North Carolina Thomas Wolfe 1900 1938 was one of the most influential southern writers widely considered to rival his contemporary William Faulkner who believed Wolfe to be one of the greatest talents of their generation His novels including *Look Homeward Angel* 1929 *Of Time and the River* 1935 and the posthumously published *The Web and the Rock* 1939 and *You Can't Go Home Again* 1940 remain touchstones of U S literature In *Look Abroad Angel* Jedidiah Evans uncovers the global Wolfe reconfiguring Wolfe's supposedly intractable homesickness for the American South as a form of longing that is instead indeterminate and expansive Instead of promoting and reinforcing a narrow and cloistered formulation of the writer as merely southern or Appalachian Evans places Wolfe in transnational contexts examining Wolfe's impact and influence throughout Europe In doing so he de-territorializes the

response to Wolfe's work revealing the writer as a fundamentally global presence within American literature      *Another Look at Governments' Balance Sheets* Ms.Elva Bova,Mr.Robert Dippelsman,Ms.Kara C Rideout,Ms.Andrea Schaechter,2013-05-02 When discussing debt reduction strategies little attention has been given to the role of governments nonfinancial assets This is in part because data are scarce Drawing on various data sources this paper looks at the size composition and management of state owned nonfinancial assets across 32 economies with particular focus on the advanced G 20 economies We find that reported nonfinancial assets comprise mostly structures such as roads and buildings and when valued land These assets have increased over time mostly due to higher property and commodity prices and are in large part owned by subnational governments Many countries have launched reforms with a view to streamlining public administrations but receipts and savings have been rather small so far Governments tend to consider relatively small sets of assets to be disposable though preferences could change in the future A potential source for future revenues could be greater reliance on user charges such as road tolls In most cases a first step for more effective asset management has to be the expansion and improvement of data compilation      *Public Opinion* ,1897      **Searching for Justice After the Holocaust** Michael J. Bazyler,Kathryn Lee Boyd,Kristen Nelson (Lawyer),Rajika Shah,2019 The Nazis and their state sponsored cohorts stole mercilessly from the Jews of Europe In the aftermath of the Holocaust returning survivors had to navigate a frequently unclear path to recover their property from governments and neighbors who had failed to protect them and who often had been complicit in their persecution This book is about the less publicized area of post Holocaust restitution involving immovable real property confiscated from European Jews and others during World War II      *Testimony Taken by the Subcommittee on the Tariff of the Senate Committee on Finance in Connection with the Bill H.R. 9051* United States.
