Journal from Japan Marie Carmichael Stopes,1910 Marriage and Marriageability Chigusa Yamaura,2020-07-15 How do the Japanese men and Chinese women who participate in cross border matchmaking individuals whose only interaction is often just one brief meeting come to see one another as potential marriage partners Motivated by this question Chigusa Yamaura traces the practices of Sino Japanese matchmaking from transnational marriage agencies in Tokyo to branch offices and language schools in China from initial meetings to marriage the visa application processes and beyond to marital life in Japan Engaging issues of colonial history local norms and the very ability to conceive of another or oneself as marriageable *Marriage and Marriageability* rethinks cross border marriage not only as a form of gendered migration but also as a set of practices that constructs marriageable partners and imaginable marriages Yamaura shows that instead of desiring different others these transnational marital relations are based on the tactical deployment of socially and historically created conceptions of proximity between Japan and northeast China Far from seeking to escape local practices participants in these marriages actively seek to avoid transgressing local norms By doing so on a transnational scale they paradoxically reaffirm and attempt to remain within the boundaries of local marital ideologies *The Culture and Crafts of Japan* Miriam Coleman,2015-07-15 In many ways the culture and traditions of Japan are very different from our own Just by looking at the detailed photographs in this book readers will see that the Japanese have unique and beautiful architecture clothing festivals and more The same can be said for Japanese crafts Readers will likely be familiar with origami but this book also contains step by step instructions for making nengaj New Year s cards and a Samurai hat Readers are sure to love learning about Japan and its many wonderful customs and traditions from this curriculum based high interest text Policy Entrepreneurship and Elections in Japan Takashi Oka,2011-04-22 Ozawa Ichir is one of the most important figures in Japanese politics having held the positions of Chief Secretary of the Liberal Democrat Party and after defection from the LDP President of the Democratic Party of Japan Ozawa has distinctive ideas that set him apart from the average Japanese politician he believes in the concept of the independence of the individual as opposed to the importance of the group and as a policy entrepreneur he has had a huge impact on political change not only advocating but precipitating institutional change in a key political area the election system Using extensive interview data from key players in the political arena this book examines Ozawa s struggle to normalize alternation in office between two competing political parties particularly significant given the results of the 2009 election which handed over power to the Democratic Party of Japan and how he has used his entrepreneurial talents to precipitate and carry out institutional change Not only a political biography but also an in depth analysis of the Japanese political and electoral systems this book will be of huge interest to anyone interested in Japanese politics and electoral systems **The Japanese Today** Edwin Oldfather Reischauer,Marius B.
