highlighting what was distinctive about Welsh historical writing and showing how the Welsh experience mirrors and illuminates broader historiographical developments The book begins with an introduction that uses the concept of historical culture as a way of exploring the different strands of historiography covered in the collection providing orientation to the chapters that follow These are divided into four sections Contexts and Backgrounds Amateurs and Popularizers Creating Academic Disciplines and Comparative Perspectives All these themes are then drawn together in the conclusion to examine how far Welsh historians exemplify widespread trends in the writing of national history and thereby point up common themes that emerge from the volume and clarify its broader significance for students of historiography     *Catalogue of the Library of the Peabody Institute of the City of Baltimore ...* George Peabody Library, 1892     *Catalogue of the Library of the Peabody Institute of the City of Baltimore* N.
