Routledge Library Editions: Feminist Theory Various,2021-08-07 Routledge Library Editions Feminist Theory brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from The Liberation of Women to Feminists and State Welfare from Married to the Job to Julia Kristeva this set provides in one place a wealth of important reference sources from the diverse field of gender studies **Revolution** Saïd Amir Arjomand,2019-05-02 A revolution is a discontinuity one political order replaces another typically through whatever violent means are available Modern theories of revolutions tend neatly to bracket the French Revolution of 1789 with the fall of the Soviet Union two hundred years later but contemporary global uprisings with their truly multivalent causes and consequences can overwhelm our ability to make sense of them In this authoritative new book Sa d Amir Arjomand reaches back to antiquity to propose a unified theory of revolution Revolution illuminates the stories of premodern rebellions from the ancient world as well as medieval European revolts and more recent events up to the Arab Spring of 2011 Arjomand categorizes revolutions in two groups ones that expand the existing body politic and power structure and ones that aim to erode but paradoxically augment their authority The revolutions of the past he tells us can shed light on the causes of those of the present and future as long as centralized states remain powerful there will be room for greater and perhaps forceful integration of the politically disenfranchised **Harima Fudoki** Edwina Palmer,2015-11-09 Harima Fudoki dated to 714CE is one of Japan s earliest extant written records It is a rich account of the people places natural resources and stories in the Harima region of western Japan Produced by the government as a tool for Japan s early state formation Harima Fudoki includes important myths of places and gods from a different perspective to the contemporaneous national chronicles This document is an essential primary source for all who are interested in ancient Japan In this new critical edition Palmer draws upon recent research into the archaeology history orality and literature of ancient Japan to reinterpret this hitherto little known document Palmer s insightful commentary contextualizes the Harima tales for the first time in English

psyche The Mythic Imagination is a quest for the ancient source of vision and meaning in the world of dream myth and archetype In the footsteps of Joseph Campbell Stephen Larsen guides the reader on a journey through the mythic landscape of the psyche His insight is that all of us at one time or another are engaged in creating personal mythologies that reflect the larger myths of the culture and our own deepest desires and aspirations This book is a guide for bringing the deeper mythic structures of experience into awareness for learning to recognize the archetypal content embedded in our dreams and daydreams feelings beliefs relationships conscious creations and behavior Student and authorized biographer of Joseph Campbell Larsen teaches us how to bring myth into our lives Reissue of the Bantam bestseller Mythography William G. Doty, 2000-03-21 Presenting major myth theorists from antiquity to the present this work offers a cross disciplinary approach to the study of myth Rewritten and restructured it reflects the increased interest in myth among both scholars and general readers since the publication of the first edition *Iron John* Robert Bly, 2015-11-10 The 25th anniversary edition of the groundbreaking New York Times bestseller with a new afterword by the author which offers a new vision of what it is to be a man In this timeless and deeply learned classic poet and translator Robert Bly offers nothing less than a new vision of what it means to be a man Bly's vision is based on his ongoing work with men as well as on reflections on his own life He addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture Finding rich meaning in ancient stories and legends Bly uses the Grimm fairy tale Iron John in which a mentor or Wild Man guides a young man through eight stages of male growth to remind us of ways of knowing long forgotten images of deep and vigorous masculinity centered in feeling and protective of the young At once down to earth and elevated combining the grandeur of myth with the practical and often painful lessons of our own histories Iron John is an astonishing work that will continue to guide and inspire men and women for years to come
