Lord Before This Fleeting Season Satb:

Women of Influence in Contemporary Music Michael K. Slayton, 2010-12-23 In *Women of Influence in Contemporary Music: Nine American Composers* Michael K. Slayton has collected essays which focus on women who have made significant contributions to American music: Elizabeth Austin, Susan Botti, Gabriela Lena Frank, Jennifer Higdon, Libby Larsen, Tania León, Cindy McTee, Marga Richter, and Judith Shatin. While these composers have much in common, not least of all dedication to their art, their individual stories reveal different impulses in American music. Their works reflect the shifting societal landscapes in the United States over the last seven decades as well as different stylistic approaches to writing music. Each chapter includes a biography of the composer, an interview, and a detailed analysis of one major composition. The composers openly reflect on their individual journeys in which they have discovered respective musical languages and have found success during different times in history. Because few music books focus solely on female composers, *Women of Influence in Contemporary Music* offers a rare glimpse into the styles and attitudes of gifted women and their work. **A Composer's Insight: Leslie Bassett** Timothy Salzman, 2003 This is a five-volume series on major contemporary composers and their works for wind band. Included in this initial volume are rare behind-the-scenes perspectives acquired from personal interviews with each composer. An excellent resource for conductors, composers, or enthusiasts interested in acquiring a richer musical understanding of the composers' training, compositional approach, musical influences, and interpretative ideas. Features the music of Timothy Broege, Michael Colgrass, Michael Daugherty, David Gillingham, John Harbison, Karel Husa, Alfred Reed, and others. **Composers on Composing for Choir** David N. Childs, René Clausen, Libby Larsen, Morten Lauridsen, Kirke Mechem, James Mulholland, Z. Randall Stroope, André Jerome Thomas, Gwyneth Walker, 2007 Each composer addresses the following topics: biography, creative process, the relationship between text and music, views from the composer to the conductor, the relationship between the composer and the commissioning party, views on the teaching of composition, influential individuals, ten works. All choral conductors at all levels should study the future of choral music. Comprehensive list of his/her works for choir. **The American Organist**, 2008 *The World of Women in Classical Music* Anne Gray, 2007
