The Things of Others: Ethnographies, Histories, and Other Artefacts Olívia Maria Gomes da Cunha, 2020-05-18 The Things of Others Ethnographies Histories and Other Artefacts deals with the things mainly but not only mobilized by anthropologists in order to produce knowledge about the African American the Afro Brazilian and the Afro Cuban during the 1930s However the book s goal is not to dig up evidence of the creation of an epistemology of knowledge and its transnational connections The research on which this book is based suggests that the artefacts created in fieldwork offices libraries laboratories museums and other places and experiences beyond the important fact that these places and situations involved actors other than the anthropologists themselves have been different things during their troubled existence The book seeks to make these differences apparent highlighting rather than concealing the relationships between partial modes of making and being Afro as a subject of science If the artefacts created in a variety of situations have been different things we should ask what sort of things they were and how the actors involved in their creation sought to make them meaningful The book foregrounds these discontinuous and ever changing contours Los negros esclavos Fernando Ortiz Fernández, 1916 Colonialism and Race in Luso-Hispanic Literature Jerome Branche, 2006 Branche examines a wide variety of Latin American literature and discourse to show the extent and range of racist sentiments throughout the culture He argues that racism in the modern period 1415 1948 was a tool used to advance Spanish and Portuguese expansion colonial enterprise and the international development of capitalism Provided by publisher **Afro-Latin American Studies** Alejandro de la Fuente, George Reid Andrews, 2018-04-26 Alejandro de la Fuente and George Reid Andrews offer the first

Roberto Gonz lez Echevarra peers out the window of his family home on the morning of the Nochebuena fiesta as preparations begin for the slaughter of a feast day pig The author recalls watching them at a distance though thinking fearing that once I grew older I would have to participate in the whole event Now an acclaimed scholar of Latin American literature Gonz lez Echevarra returns to the rituals that defined his young life in Cuban Fiestas Drawing from art literature film and even the national sport of baseball he vividly reveals the fiesta as a dynamic force of both destruction and renewal in the life of a people Roberto Gonz lez Echevarra masterfully exposes the distinctive elements of the fiesta cubana that give depth and coherence to more than two centuries of Cuban cultural life Reaching back to nineteenth century traditions of Cuban art and literature and augmenting them in the twentieth with the arts of narrative the esthetic performances of sport and entertainment in nightclubs on the baseball diamond and in movie theaters Cuban Fiestas renders the lilting strains of the fiesta and drum beats of the passage of time as keys to understanding the dynamic quality of Cuban culture Gonz lez Echevarra's explorations are also illuminated by autobiographical vignettes that unveil the ever shifting impact of the fiesta on the author's own story of exile and return

Black Labor, White Sugar Philip A. Howard, 2015-06-15 Early in the twentieth century the Cuban sugarcane industry faced a labor crisis when Cuban and European workers balked at the inhumane conditions they endured in the cane fields Rather than reforming their practices sugar companies gained permission from the Cuban government to import thousands of black workers from other Caribbean colonies primarily Haiti and Jamaica Black Labor White Sugar illuminates the story of these immigrants their exploitation by the sugarcane companies and the strategies they used to fight back Philip A Howard traces the socioeconomic and political circumstances in Haiti and Jamaica that led men to leave their homelands to cut load and haul sugarcane in Cuba Once there the field workers or braceros were subject to marginalization and even violence from the sugar companies which used structures of race ethnicity color and class to subjugate these laborers Howard argues that braceros drew on their cultural identities from concepts of home and family to spiritual worldviews to interpret and contest their experiences in Cuba They also fought against their exploitation in more overt ways As labor conditions worsened in response to falling sugar prices the principles of anarcho syndicalism converged with the Pan African philosophy of Marcus Garvey to foster the evolution of a protest culture among black Caribbean laborers By the mid 1920s this identity encouraged many braceros to participate in strikes that sought to improve wages as well as living and working conditions The first full length exploration of Haitian and Jamaican workers in the Cuban sugarcane industry Black Labor White Sugar examines the industry's abuse of thousands of black Caribbean immigrants and the braceros answering struggle for power and self definition
