Los Cornudos Del Viejo Arte Moderno:

Los cornudos del viejo arte moderno, 2014 Durante toda la década de los cincuenta a Dal le preocupó especialmente el modo para él servil en que los críticos se sometían a la dictadura de las vanguardias artísticas y en particular a la corriente más moderna la pintura abstracta. Dio a conocer su política de opinión en panfletos y artículos Diario de un genio y también en textos cargados de ironía como Los cornudos del viejo arte moderno cuyo borrador redactó en francés durante una de sus travesías por el Atlántico en 1956. Hoy sorprende comprobar en cuáles aspectos daba Dal en el blanco con su peculiar visión del arte y exponiéndose a la mofa de los implacables críticos entregados a lo moderno sin la menor reflexión.

[Quixotic Quests](#) Daniel Holcombe, 2025-05-31 Salvador Dalí illustrated Miguel de Cervantes' *Don Quixote* for the first time while living in exile in the United States in the 1940s collaborating with Random House to produce a special edition that was published in 1946. *Quixotic Quests* examines the material history of this 1946 edition by bridging art history, book history, literature and narratology while exploring Dalí's role as its illustrator and the reception of both by mid-century popular culture art historians and literary scholars. Positing that much of Dalí's life was quixotic in nature, the book investigates his quest to illustrate the novel with an unprecedented level of pictorial didacticism despite challenges that the artist and Random House faced during and after the Second World War. It details his resolute passion to integrate surrealism with classicism, visual art with narrative sexuality, with sublimation and privacy with public persona. Contrasting Dalí's visual achievements with other artists and stylistic movements, *Quixotic Quests* sheds new light on the niche that Dalí created for himself as a surrealist illustrator of *Don Quixote*. Consulting his autobiographical narratives, the book analyses Dalí's unique artistic contributions to the four hundred year print history of the novel while emphasizing the artist's heartfelt appreciation and respect for his book illustrations.

[Woodcarving](#) José Teixido, Jacinto Santamera, 2021-08-03 Everything You Need to Know to Start Carving Wood or Hone Your Craft. Woodcarving with its cultural roots in African, North American and Oceanic cultures has been a powerful art form for centuries. *Woodcarving* reviews this rich history, then focuses on the properties of various woods and the sculpting, sharpening and finishing tools used on them. Various chapters are devoted to constructing the wood block, carving and handling wood, and finishing and displaying the piece. Anchoring and amplifying the lessons learned within this book are detailed demonstrations of the creation of six sculptures. With clear, lavishly illustrated hands-on instruction and exhaustive coverage of every aspect of woodcarving techniques, *Woodcarving* is the ideal handbook for beginning to intermediate level sculptors.
