**Losing Bin Laden** Richard Minitzer, 2013-02-05 Journalist Rich Minitzer uses his unparalleled access to sources and stories throughout the Middle East Africa and the United States He paints a devastating portrait of how close the U S military was to killing bin Laden on multiple occasions and how each time Clinton dropped the ball and allowed bin Laden to grow stronger and more dangerous *Catastrophe* Christopher Ruddy, Carl Limbacher, 2002 Catastrophe begins on January 20 1993 when William Jefferson Clinton took the oath of office swearing to preserve protect and defend the Constitution of the United States from enemies both foreign and domestic and chronicles the next 8 years leading to the events of September 11 2001 This book demonstrates that the events of September 11 were not only predictable after eight years of Clinton they were also preventable Catastrophe exposes what really happened during the Clinton years and how Bill Clinton and his administration systematically undermined America s national security by emasculating the U S military and nations intelligence agencies Bill Clinton made America vulnerable to attack Great dangers still threaten us But to prepare for them we must understand how they were caused Only then can we take the appropriate measures to ensure America s security
