research I experience I seek gurus I talk to my peers Yet I remember at the end of it all I am the expert of my own body We may all have the same healthy living goal longer healthier lives but it s ok for each of us to construct our own path to get there Are you ready It s time to start creating yours Carla Birnberg *How to Manage Your Home Without Losing Your Mind* Dana K. toward freelancers combat loneliness and disconnection at the precise moment when middle class sureties are profoundly threatened Ultimately Hong argues the ideal of passionate work sustains a condition of cruel optimism in which passion is offered as the solution for the injustices of contemporary capitalism
