years leading up to the wreck of the Gloucester James was a Catholic as was his wife and there was a large constituency who wished them dead Plots and conspiracies abounded The Royal Navy was itself in disarray badly equipped and poorly organised Could someone on board be to blame for the sinking either from malice or incompetence Nigel Pickford's compelling account of the catastrophe draws on a richness of historical material including letters diaries and ships logs revealing for the first time the full drama and tragic consequences of a shipwreck that shook Restoration Britain **The Lost Treasure of the Concepcion** John Grissim,1980 The Uncrowned King of Cambodia David Chandler,Anthony Barnett,2023-10-01 Lt Col Edward D Moke Murray an outstanding officer in the Indian Army and became a Gurkha commander in Malaya In 1939 he fired the crucial shot that dispersed a strike that threatened the Raj He became an outstanding leader in the fight against the Japanese in Assam and Burma He suppressed the Viet Minh in Saigon in 1945 in what can be seen as the start of the Vietnam War He was Allied Land Commander in Cambodia and supervised the surrender of the Japanese there In 1953 he was cheered by millions along the eight kilometre route of Elizabeth II's coronation parade as he marched at the head of the hugely popular Gurkha contingent But when he died not a single obituary of him appeared apart from a short notice in the Gurkha gazette From Anthony Barnett's Introduction What sort of man was Moke Murray this forgotten Achilles of the dying British Empire He served his King in wars from Waziristan to Burma and helped to shape the future of Indochina But as this touching and fascinating biography recounts he ended his life in lonely poverty as the Empire itself dissolved and fell out of memory Neal Ascherson novelist reporter and historian Twentieth Century Inventions George Sutherland,1901 *Shipwrecks in the Americas* Robert F. Cover p 4 **Wealth of an Empire** Robert Switky, 2013-09-30 *Wealth of an Empire* tells the dramatic true story of a top secret mission that changed the course of World War II Great Britain's shipment of virtually its entire treasury across the treacherous waters of the North Atlantic to safety in the United States and Canada Had the Germans captured or sunk the treasure laden ships the war could have been lost more than eighteen months before the Japanese attack on Pearl Harbor The British government authorized this immensely risky and long running operation not only because of the obvious danger that Germany's rising militancy posed but also because of the isolationist sentiment that permeated both American society and Congress America's refusal to sell arms and other goods without payment up front left Britain little choice but to mount this daring operation Only a few banking political and military leaders were responsible for the complicated logistical and security procedures that were designed to safeguard the transfer of both gold and financial securities to North America Although the special shipments were initially of relatively modest value the strategic imperative changed dramatically when Germany threatened to invade Britain in the summer of 1940 Fearing that Britain's wealth might fall into German hands in an audacious yet visionary decision newly installed prime minister Winston Churchill authorized the evacuation of nearly all of Britain's liquid assets *Wealth of an Empire* uses previously unused and unavailable original documents including those from the British National Archives the Bank of England's archives the Imperial War Museum and the Bank of Canada's archives to shed new light on this underexplored aspect of Britain's wartime history *The Twentieth Century*, 1915
