Lost Years My 1632 Days In Vietnamese Reeducation Camps:

Lost Years Tri Vu Tran, 1988 **Detention Camps in Asia**, 2022-05-20 Why have Asian states colonial and independent imprisoned people on a massive scale in detention camps How have detainees experienced the long months and years of captivity And what does the creation of camps and the segregation of people in them mean for society as a whole This ambitious book surveys the systems of detention camps set up in Asia from the beginning of the 20th century in The Philippines Indonesia Japan Malaya Myanmar Burma Vietnam Timor Korea and China [The Little Saigon Cookbook](#) Ann Le, 2006 **Vietnam War Refugees in Guam** Nghia M. Vo, 2022-04-06 More than 130 000 South Vietnamese fled their homeland at the end of the Vietnam War Tens of thousands landed on the island of Guam on their way to the U S Many remained there Guamanians and U S military personnel welcomed them Funded by a 405 million Congressional appropriation Operation New Life was among the most intensive humanitarian efforts ever accomplished by the U S government with the help of the people of Guam Without it many evacuees would have died somewhere in the Pacific Ocean This book chronicles a part of the first mass migration of Vietnamese boat people before and after the fall of Saigon in April 1975 a story still unfolding almost half a century later **Little Saigon Cookbook** Ann Le, 2011-09-01 The Little Saigon Cookbook offers dozens of family recipes many surviving through oral history alone It takes readers on a tour of culinary landmarks and introduces them to the wealth of authentic dishes found in Little Saigon *Lost Years* Tri Vu Tran, 1988 Beretning fra forfatterens ophold i vietnamesiske genopdragelseslejre fra 1975 1979 **Experiments with Marxism-Leninism in Cold War Southeast Asia** Matthew Galway, Marc H. Opper, 2022-09-21 One of the most contentious theatres of the global conflict between capitalism and communism was Southeast Asia From the 1920s until the end of the Cold War the region was racked by international and internal wars that claimed the lives of millions and fundamentally altered societies in the region for generations Most of the 11 countries that compose Southeast Asia were host to the development of sizable communist parties that actively and sometimes violently contested for political power These parties were the object of fierce repression by European colonial powers post independence governments and the United States Southeast Asia communist parties were also the object of a great deal of analysis both during and after these conflicts This book brings together a host of expert scholars many of whom are either Southeast Asia based or from the countries under analysis to present the most expansive and comprehensive study to date on ideological and practical experiments with Marxism Leninism in Southeast Asia The bulk of this edited volume presents the contents of these revolutionary ideologies on their own terms and their transformations in praxis by using primary source materials that are free of the preconceptions and distortions of counterinsurgent narratives A unifying strength of this work is its focus on using primary sources in the original languages of the insurgents themselves *South Vietnamese Soldiers* Nathalie Huynh Chau Nguyen, 2016-03-21 Published on the 40th anniversary of the end of the war in Vietnam this book brings to life the experiences and memories of

South Vietnamese soldiers the forgotten combatants of this controversial conflict South Vietnam lost more than a quarter of a million soldiers in the Vietnam War yet the histories of these men and women are largely absent from the vast historiography of the conflict By focusing on oral histories related by 40 veterans from the former Republic of Vietnam Armed Forces this book breaks new ground shedding light on an essentially unexplored aspect of the war and giving voice to those who have been voiceless The experiences of these former soldiers are examined through detailed firsthand accounts that feature two generations and all branches of the service including the Women s Armed Forces Corps Readers will gain insight into the soldiers early lives their military service combat experiences and friendships forged in wartime They will also see how life became worse for most in the aftermath of the war as they experienced internment in communist prison camps discrimination against their families on political grounds and the dangers inherent in escaping Vietnam whether by sea or land Finally readers will learn how veterans who saw no choice but to leave their homeland succeeded in rebuilding their lives in new countries and cultures

The Indochinese Experience of the French and the Americans Arthur J. Dommen, 2002-02-20 Dommen s book promises to be the definitive political history of Indochina during the Franco American era William M Leary E Merton Coulter Professor of History University of Georgia This magisterial study by Arthur J Dommen sets the Indochina wars French and American in perspective as no book that has come before He summarizes the history of the peninsula from the Vietnamese War of Independence from China in 930 39 through the first French military actions in 1858 when the struggle of the peoples of Indochina with Western powers began Dommen details the crucial episodes in the colonization of Indochina by the French and the indigenous reaction to it The struggle for national sovereignty reached an acute state at the end of World War II when independent governments rapidly assumed power in Vietnam and Cambodia When the French returned the struggle became one of open warfare with Nationalists and Communists gripped in a contest for ascendancy in Vietnam while the rulers of Cambodia and Laos sought to obtain independence by negotiation The withdrawal of the French after their defeat at Dien Bien Phu brought the Indochinese face to face whether as friends or as enemies with the Americans In spite of an armistice in 1954 the war between Hanoi and Saigon resumed as each enlisted the help of foreign allies which led to the renewed loss of sovereignty as a result of alliances and an increasingly heavy loss of lives Meticulous and detailed Dommen s telling of this complicated story is always judicious

Nevertheless many people will find his analysis of the Diem coup a disturbing account of American plotting and murder This is an essential book for anyone who wants to understand Vietnam and the people who fought against the United States and won

Republican Vietnam, 1963-1975 Trinh M. Luu, Tuong Vu, 2023-09-30 English language scholarship all too often dismisses South Vietnam as an American creation a product of US imperialism Republican Vietnam 1963 1975 boldly upends this depiction exposing a diverse and dynamic portrait of the Second Republic In twelve essays each based on original archival research the volume brings to life the Second Republic in all its complexities displaying how politicians students educators publishers journalists musicians religious leaders businessmen and ordinary citizens built a highly intricate society with dazzling entrepreneurial zeal an outspoken press globally engaged religions a vibrant intellectual and associational culture and a level of artistic production that remains unmatched since the Vietnam War That inspired and frenzied age though short lived held a resilient spirit that Vietnamese refugees have kept alive The trove of vernacular music and print media not to mention the many associations the

Vietnamese diaspora founded exemplify the republican values that once energized South Vietnamese culture But this nuanced society has appeared in popular media and American scholarship as a hopelessly dependent nation led by corrupt dictators beholden to US interests In contrast to such negative stereotypes this account situates South Vietnamese front and center as agents of their own histories Republican Vietnam is the first collection of scholarly essays on the Second Republic since the end of the Vietnam War It is also among the first to use republicanism as a lens to re examine twentieth century Vietnamese history the Vietnam War and the diaspora The twelve essays together show how war in tandem with external intervention shaped South Vietnam s economy culture and the life of every individual and family By featuring works from Vietnamese and Vietnamese diasporic studies this text takes the important step of bridging the two fields laying the foundation for cross disciplinary projects in the future

Returns of War
Long T. Bui, 2018-11-06

The legacy and memory of wartime South Vietnam through the eyes of Vietnamese refugees. In 1975 South Vietnam fell to communism marking a stunning conclusion to the Vietnam War. Although this former ally of the United States has vanished from the world map Long T Bui maintains that its memory endures for refugees with a strong attachment to this ghost country. Blending ethnography with oral history archival research and cultural analysis Returns of War considers Returns of War argues that Vietnamization as Richard Nixon termed it in 1969 and the end of South Vietnam signals more than an example of flawed American military strategy but a larger allegory of power providing cover for U S imperial losses while denoting the inability of the South Vietnamese and other colonized nations to become independent modern liberal subjects. Bui argues that the collapse of South Vietnam under Vietnamization complicates the already difficult memory of the Vietnam War pushing for a critical understanding of South Vietnamese agency beyond their status as the war's ultimate losers. Examining the lasting impact of Cold War military policy and culture upon the Vietnamized afterlife of war this book weaves questions of national identity sovereignty and self determination to consider the generative possibilities of theorizing South Vietnam as an incomplete ongoing search for political and personal freedom.
