*Twentieth Century American Literature* Warren French,1980-11-01 *Bulletin of the Toronto Public Library* Toronto Public Library,1918 *AB Bookman's Weekly* ,1993 **Like a Diamond in the Sky** Elizabeth Brown,2022-02-15 2023 Bank Street Best Children s Books of the Year An engaging introduction to this Romantic era poet Booklist The story behind the classic poem and song Twinkle Twinkle Little Star Twinkle twinkle little star how I wonder what you are Did you ever wonder who wrote that famous verse In the days when most girls were brought up to run a home Jane Taylor had a different kind of education in the countryside where she was inspired by nature and the stars and dreamed of becoming a writer But then it was not considered proper for women to be writers But Jane did write and she never forgot her love for beauty of nature and the glow of stars or her desire to write for children Her published poetry became universally known for generations to come Twinkle twinkle little star This lyrical and luminous biography shines a light on the unsung poet who wrote the words of our most enduring lullaby and features stunning artwork reflecting the world the stars and the story behind the poem that we all know so well *Contemporary Poetry Archive* Linda Anderson,2019-05-23 Explores critical and creative responses to the contemporary poetry archive Provides an innovative new dialogue between critics and creative writers on the value and practice of the literary archive Expands the scope for understanding perspectives on and the opposition between creative and critical relations to archival materials Opens up a new cross disciplinary agenda for thinking the archive as both a source for scholarship and a source of inspiration for creative practice These 13 newly commissioned

chapters examine the impact of archival poetry collections on both literary scholarship and poetic practice They examine what we can learn from the drafts notebooks and personal libraries left behind by poets and look at the ways in which the growth of poetry archives has changed the way poets think about their work The contributing poets and scholars including Susan Howe Sean O'Brien and George Szirtes present an in depth account of the significance of poetry archives for contemporary literature The collection provides a new cross disciplinary agenda for thinking about the archive as both a source for scholarship and inspiration for creative practice

*Romanticism and Modernity* Thomas Pfau, Robert Mitchell, 2014-07-16 Though traditionally defined as a relatively brief time period typically the half century of 1780-1830 the Romantic era constitutes a crucial indeed unique transitional phase in what has come to be called modernity for it was during these fifty years that myriad disciplinary aesthetic economic and political changes long in the making accelerated dramatically Due in part to the increased velocity of change though most of modernity's essential master tropes such as secularization instrumental reason individual rights economic self interest emancipation system institution nation empire utopia and life were also subjected to incisive critical and methodological reflection and revaluation The chapters in this collection argue that Romanticism's marked ambivalence and resistance to decisive conceptualization arises precisely from the fact that Romantic authors simultaneously extended the project of European modernity while offering Romantic concepts as means for a sustained critical reflection on that very process Focusing especially on the topics of form both literary and organic secularization and its political correlates utopia and apocalypse and the question of how one narrates the arrival of modernity this collection collectively emphasizes the importance of understanding modernity through the lens of Romanticism rather than simply understanding Romanticism as part of modernity This book was previously published as a special issue of *European Romantic Review*

*Canadian Books in Print. Author and Title Index*, 1975

*No Way, They Were Gay?* Lee Wind, 2021-04-06 History sounds really official Like it's all fact Like it's definitely what happened But that's not necessarily true History was crafted by the people who recorded it And sometimes those historians were biased against didn't see or couldn't even imagine anyone different from themselves That means that history has often left out the stories of LGBTQIA people men who loved men women who loved women people who loved without regard to gender and people who lived outside gender boundaries Historians have even censored the lives and loves of some of the world's most famous people from William Shakespeare and Pharaoh Hatshepsut to Cary Grant and Eleanor Roosevelt Join author Lee Wind for this fascinating journey through primary sources poetry memoir news clippings and images of ancient artwork to explore the hidden and often surprising Queer lives and loves of two dozen historical figures

*The Circulation of Poetry in Manuscript in Early Modern England* Arthur F. Marotti, 2021-05-26 This study examines the transmission and compilation of poetic texts through manuscripts from the late Elizabethan era through the mid-seventeenth

century paying attention to the distinctive material social and literary features of these documents The study has two main focuses the first the particular social environments in which texts were compiled and second the presence within this system of a large body of usually anonymous rare or unique poems Manuscripts from aristocratic academic and urban professional environments are examined in separate chapters that highlight particular collections Two chapters consider the social networking within the university and London that facilitated the transmission within these environments and between them Although the topic is addressed throughout the study the place of rare or unique poems in manuscript collections is at the center of the final three chapters The book as a whole argues that scholars need to pay more attention to the social life of texts in the period and to little known or unknown rare or unique poems that represent a field of writing broader than that defined in a literary history based mainly on the products of print culture

**Book Prices: Used and Rare, 1994** Edward N. Zempel, 1994 **Writers Directory** NA NA, 2016-03-05 Fictions of Witness in the Confessio Amantis Joel

Fredell, 2023-06-07 *Fictions of Witness in the Confessio Amantis* details the first years of the *Confessio* s material history and offers a major revision to a century s old narrative of political revision and conversion around the trauma of 1400 Joel Fredell argues for late stage revisions by Gower to his great poem in Middle English from the late 1390s up to Gower s death in 1408 This approach new to scholarship for Ricardian and Lancastrian literature demands profound re evaluation of Gower s poetic persona and its entanglement in the opening and closing books of the *Confessio* It offers a reassessment of the political and literary relationships between versions dedicated to Richard II and Henry IV It repositions Gower s laureate status in a London world of deluxe book production that created a canon of Ricardian poets linked to their fifteenth century inheritors Finally it identifies for the first time how late medieval authors designed their poetry as fictional artifacts that witness history from quasi chronicles like Maidstone s *Concordia* or Richard the Redeless quasi petitions like the Lollard Petition to the King and Parliament quasi epistles that begin so many texts quasi transcripts such as the Record and Process of the Deposition of Richard II and so on

World initially follows a pattern broadly representative of her own experience before developing in unexpected and surprising ways
