Dontavius M. Foster, 2010-02-08 Summary of Love s Journey In this book I have had more than my share of life s problems and I feel like we all share the same common thoughts in wondering how one s life can be so promising yet deceptive How love and hate co exist in a realm of equal compromise To the edification of good nevertheless evil always seem to follow Life is not to be mistreated so life has to be embraced However love is only surreal to those who treat it like that Therefore we have the power to declare our happiness and decipher who what when where and why people try to keep us miserable like themselves Along this journey love and pain has been produced and we all must go through this chapter of life I feel like its time to let others feel what I have experienced and now realize what has been due to me since my very existence my happiness and to show you all that you too can have peace in whatever situation you may be facing because you cannot stay down forever I have tasted a piece the goodness and I want more Finally to those who have chosen to read this book I hope you find useful information to move on to your destiny your happiness and your eighth wonder of the world You have to want better and hold on to what life has in store for you If it s for you then no one else can take it P S Find your reason for living and there you will find what makes you tick Dontavius M Foster **ABSTRACT LOVE** Adrian Gabriel Dumitru, 2020-12-06

There are lots of books published every year with all kinds of theories but not so many expressing the concept of abstract love I would define this a reflection of our thoughts into the real life We call it abstract cause have nothing to do with the normal dogmatic way of seeing the love stories Real love that perfect scenario with the perfect partner can be seen at any age depending of the luck our karma allows us to have But we want it so much that the Universe allows us this meeting with only one obstacle which in many cases makes the love story imposible Thinking in a positive way we redefine the imposible story as an abstract one Being a reflection of our dreams the story itself is a perfect one except the fact that you cannot enjoy the story into the real word creating the image of an illusion Imposible love stories are present all over the world After posting a long time in social media i received messages from people from all the continents telling me about them The word love being present near the word imposible creates this strange illusory and abstract way of seeing the magic of love The book is a collection of essays my thoughts about the interconnection between the illusion and reality I used a lot the term

illusion cause we all look for perfect scenarios especially when it comes to love but the truth is that perfection is far far away of reality We can interconnect illusions with the real world just through imposible love stories In the end the book is a personal development writing that allows us to understand the magic of love but also a method that teaches how to enjoy life even if we dislike the word imposible
