Loves Theatre:

Love, Desire and Identity in the Theatre of Federico García Lorca Paul McDermid, 2007 Physical desire and metaphysical love in the theatre of Federico García Lorca A dialectical tension between physical desire and metaphysical love lies at the heart of the theatre works of Federico García Lorca and the deployment of queer theory's critique of gender and identity is surprisingly effective in this discussion of love versus desire Seldom is enough attention paid to the poet's early works and so this book offers a timely review of the religious tragedy *Cristo* as well as Mariana Pineda uncovering in these early offerings an explicit proposal of the supremacy of love over desire A meditation on the fragmentary and challenging *El pánico* yields a vivid panorama of identity in crisis and a paradigmatic Lorcan sacrifice of self for love The ostensibly more conventional tragedies of *Amor de Don Perlimplín con Belisa en su jardín* and *Yerma* are also reassessed in terms of self sacrifice and self love The study concludes with an argument for a practical re-reading of *La casa de Bernarda Alba* which emphasises how the play might be saved from posed realism with music humour and drag performance PAUL McDERMID lectures in Spanish at Queen's University Belfast

Shakespeare's Comedies of Love Richard Paul Knowles, Karen Bamford, 2008-01-01 Shakespeare's *Comedies of Love* is a tribute to Alexander Leggatt a critic who has shaped the way the world understands Shakespeare and his comedies

Love in Contemporary British Drama Korbinian

Stöckl,2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama Love in Contemporary British Drama reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love s compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned Poet Lore ,1927 **Staging the Lyric** Sarah Berry,2024-11-14 Verse drama is not a dead form but very much alive on the contemporary stage Drawing on plays from throughout the English speaking world including the United States United Kingdom Ireland and the Caribbean Staging the Lyric seeks to explain the 21st century resurgence of Anglophone verse drama tracing it back to an experimental impulse that is present in the modernist verse drama of a century ago Covering major writers including Derek Walcott Seamus Heaney Sylvia Plath Samuel Beckett Dorothy Sayers Djuna Barnes and Ntozake Shange it also encompasses lesser known and more recent poets and playwrights This modern verse drama differs from its ancient and Elizabethan antecedents as it is understood not as a genre in its own right but as a hybrid of the lyric and the dramatic Both modernist and contemporary writers take advantage of this hybridity as fertile ground for experimentation While they differ in their ideology and form this book contends that they are united by exploring the relationship between lyric and dramatic elements on stage and what these two different modes afford To demonstrate this continuity it traces a genealogy from contemporary plays by Joanna Laurens Joyelle McSweeney and David Grieg back to W B Yeats Gertrude Stein T S Eliot and W H Auden to reveal that the tensions that animate verse drama have stayed the same even as the strategies for staging them have evolved The book is divided into three sections Voice Words and Time each treating one feature that has been used to define the lyric Within these sections the chapters compare contemporary plays with modernist ones that experiment with the same point of tension between the lyric and the dramatic
