Loves Silence And Other Poems:

A Lifetime of Love and Other Poems Don Mirabel, 2011-02-16 This volume of lifetime poems traces the awakening and development of love in one man's journey of fifty eight years through married life. Now eighty years old he is still discovering how love evolves with age and is attempting to capture each new revelation and process it through his unique poetic filter. He is a devotee of the sonnet form and you will find that the majority of his poems are sonnets written in every standard rhyme sequence. In several instances he even experiments with unusual rhyme schemes. In the second part of the book *Other Poems* the author explores other aspects of the human condition. Where he feels it necessary to clarify the subject of a poem or explain its origin he provides an explanatory preface or footnote. This book is Mr Mirabel's debut anthology although he has been urged by family and friends for many years to publish his poetry. His reason for finally succumbing to the pressure. It would be nice to be discovered while I am still alive and able to be aware of it rather than after I'm gone and never to know it.

Love Idylls, Ballads, and Other Poems Henry Dryerre, 1884 *And Quiet Flows the Teesta & Other Poems* Saakal Ulysses Dewan, 2022-04-06 *And Quiet Flows the Teesta Other Poems* is a collection of poems that are based on themes as diverse as love, politics and science. As the title of the anthology suggests the book seeks to highlight the plight of the river Teesta which is culturally significant and a major river in the Sikkim North Bengal riparian region of the Indian sub continent. The river worshipped by the indigenous Lepcha community has been exploited for hydel power generation in the face of opposition by the peace loving community and environmental activists who are concerned by the ecological repercussions of the development. Drawing inspiration from Lepcha community myth the book begins with stifled love between Teesta and Rangeet rivers and celebration of nature's beauty by the poet. The poems run through the entire spectrum of the poet's experience affected by the events occurring around him from the perspective of his personal love to the challenges posed by decadent politics, environmental pollution and the Corona pandemic. In his anthology the poet weaves a child's curiosity with a lover's intense passion tempered by a philosopher's sagacity. Peppered with philosophical, satirical, romantic and imaginative elements the anthology presents an eclectic feast of different shades of human emotion to be relished by the readers.

Love's Silence & Other Poems Yong-un Han, 1999 Yong un Han 1879-1944 is recognised as Korea's finest Buddhist poet of the twentieth century and also one of the country's most influential political activists in the struggle against Japanese imperialism. Yong un Han's Buddhist insights and political passion combine to give his poetry great spiritual power. He describes the complexities of love as beginning in the desire for total union and leading to an illumination of the void or nothingness. Delighting in paradox these are poems that tease us into a subtle understanding of the limitations of both self and union while never denying the importance of political struggle. Now Jaihiun Kim and Ronald B Hatch have translated his most famous collection *Love's Silence* along with a selection of 16 other poems. Included also is a foreword detailing the life and publications of Yong un Han.
